

If you had \$100 to spend on transit improvements, how would you divide the money among the following improvements?

Please tell us your priorities for investing in future transit projects by filling out the form below. You may allocate all \$100 to one project area or distribute your dollars as you see fit.

Project type	What's your priority?
New Transit Line Green Line - Baltimore	\$ <input style="width: 150px; height: 20px;" type="text"/>
Facilities Intermodal Transit Transfer Center Dedicated bus-only shoulder lanes Transit shelter Park-and-Ride Facilities Train station improvements (MARC, Light Rail, Metro)	\$ <input style="width: 150px; height: 20px;" type="text"/> _____ _____ _____ _____ _____
Transit Vehicles Train – MARC passenger commuter rail Train – Metro subway heavy rail Train – light rail vehicle Commuter bus Local bus (25 seat) Local bus (40 seat) Hybrid/Electric local bus (40 seat)	\$ <input style="width: 150px; height: 20px;" type="text"/> _____ _____ _____ _____ _____ _____
Management and Operations Automatic vehicle location (AVL) system Kiosks with real-time transit route and vehicle arrival information Next transit vehicle arrival information 511 phone and web system (real-time travel information)	\$ <input style="width: 150px; height: 20px;" type="text"/> _____ _____ _____
Other Other (specify) _____	\$ <input style="width: 150px; height: 20px;" type="text"/>
TOTAL	\$ 100

Now that you've designated how you think the money should be spent, do you have any ideas on where services are needed?

Intermodal Transit Transfer Center

Dedicated bus-only shoulder lanes

Transit shelter

Park-and-Ride Facilities

Train station improvements (MARC, Light Rail, Metro)

Trains – MARC passenger commuter rail, Metro Subway, Light Rail

Buses - Commuter bus, Local buses (25 and 40 seat), Hybrid/Electric buses

Kiosks with real-time transit route and vehicle arrival information

Next transit vehicle arrival information
