

Parking for Visitors to BMC

- To get to the garage from the corner of McHenry Row and Whetstone Way, turn right and drive past our building and the sign that says “Road Closed Ahead”, then between the two structures still under construction until you see signs pointing towards the garage entrance on the right. If there are no spaces on the first floor, drive through the lane with the open (and currently inactive) gate and park on one of the upper levels.
- The main entrance is on the south side of our building, across from the water tower.
- BMC offices are on the third floor. Enter the door to your right after you exit the elevator.
