

EXECUTIVE VOICES

Inside Perspectives

from the Baltimore Region's
Political Leaders

The Baltimore Metropolitan Council cordially invites you to our new breakfast series, Executive Voices. Each breakfast features a discussion between two of our elected executive officials that examines today's educational, economic and political issues from a uniquely regional perspective. Please join us for the first of three Executive Voices breakfasts, as we explore STEM, the innovative educational program that trains our region's students to fill the thousands of jobs created by base realignment.

TEACHING FOR TOMORROW

Preparing the BRAC workforce through STEM education
(science, technology, engineering and mathematics).
