

Regional Traffic Signal Forum

Adaptive Signal Control Technologies Showcase

Wednesday, May 25, 2011

Sponsored by: Federal Highway Administration &
Baltimore Regional Transportation Board (BRTB)
With additional support from the National Capital Region
Transportation Planning Board (TPB)

The Conference Center at the Maritime Institute
692 Maritime Boulevard
Linthicum Heights, MD 21090

The Federal Highway Administration (FHWA), Baltimore Regional Transportation Board (BRTB) and the National Capital Region Transportation Planning Board (TPB) invite representatives from state, local, and private sector to attend the 5th Regional Traffic Signal Forum to hear about the latest developments in the traffic signal field.

This forum will provide an FHWA sponsored showcase on Adaptive Signal Control Technologies and sessions to improve signal timing, new technologies, and issues and challenges faced by state and local operators.

This is a unique opportunity for signal technicians, operators, designers and others in the traffic signal field from the Baltimore, Washington, Northern Virginia areas to hear from the experts and peers in this field. The forum will also provide an opportunity for vendors to showcase their products and latest technologies.

The Signal Forum will have sessions on the following topics:

Adaptive Signal Control Technologies (ASCT)
Operations/Maintenance
Signal Timing
Multimodal Operations

U.S. Department of Transportation
Federal Highway Administration
&

The Traffic Signal Subcommittees of the
Baltimore Regional Transportation Board (BRTB)
and National Capital Region Transportation
Planning Board (TPB)
Present
