

Jeff Blankman – Sustainable Manufacturing Manager - McCormick & Company

Jeff is the Sustainable Manufacturing Manager for McCormick & Company, the world's leading producer of spices and seasonings. In this role, he establishes best practices for McCormick's retail manufacturing and distribution facilities for energy efficiency, renewable energy, waste reduction, and other sustainability initiatives. Prior to his current role, he worked for over 10 years in Project Engineering at McCormick, installing packaging equipment and new packaging production lines. He has over 15 years of project management experience in manufacturing. Jeff serves on the Company's Corporate Sustainability Committee and is a member of the Baltimore County Sustainability Network. Jeff has both a bachelor's degree in Mechanical Engineering and an MBA from the University of Maryland.
