<b>Description</b>	<b>Justification</b>
The project provides the routine replacement of buses past their useful service life. As Howard County continues its fleet replacement, the replacements will be new hybrid electric buses. This project will provide replace 3 diesel vehicles with three clean diesel hybrid electric buses for Howard Transit.	In order to reduce operating and maintenance costs, Howard County is committed to procuring new buses to support fleet capacity requirements and to replace aging equipment. The systematic replacement reduces the excessive major repair problems that arise from retaining buses beyond their useful life. Replacement buses will be clean diesel hybrids that meet higher federal emissions standards.

Description	Justification
<p>Site selection, acquisition, design and construction of an operations and maintenance facility to be shared among Howard Transit, Connect-A-Ride and Western Anne Arundel County transit services. The facility will support the County's fixed-route and paratransit services including such functions as dispatch, vehicle maintenance, parts storage, revenue collection and handling, vehicle storage and management, and administrative office space.</p>	<p>A comprehensive/modern transit operations and maintenance facility will enable the County, Connect-A-Ride and Anne Arundel County to gain operational efficiencies, economies of scale, and cost savings. Such a multi-jurisdictional transit facility is needed to increase vendor competition and thereby Howard Transit, Connect-A-Ride and Anne Arundel County will receive the most competitive rates for transit service. The facility will enable the development of state-of-the-art service monitoring and revenue handling equipment. The facility will allow transit service to Fort Meade and support BRAC related transportation needs.</p>
