

# Help shape the future of the Baltimore region!

The Baltimore Regional Transportation Board is currently in the process of reviewing its Public Involvement Plan and they want your help!

Whether its traffic congestion, bus service, walkable communities, or safe bicycle commuter lanes - Everyone is affected by transportation. It doesn't matter if you know a lot, a little, or nothing at all about the planning process in our region, we want your input!

**Please join us at this focus group to share your ideas!!**

- What are our region's most serious transportation issues?
- What are the best solutions to these problems?
- What role should the public play in the planning process?
- What can the BRTB do to help your community be involved?
