

# Coordinated Public-Transit Human Services Transportation Plan

The BRTB is seeking comments on a Draft Update to the 2007 Baltimore Area Coordinated Public Transit-Human Services Transportation Plan.

The purpose of this plan is to:

- Identify the transportation needs of individuals with disabilities, older adults, and people with low incomes;
- Provide strategies for meeting those local needs; and
- Prioritize transportation services for funding and implementation.

This draft update was developed by performing a “gaps in service” assessment through a public survey, meetings with a regional coordinated planning committee, and a review of local transit development plans.

Changes to the 2007 Plan must be completed prior to the FY 2012 & FY 2013 Job Access and Reverse Commute (JARC) and New Freedom grant solicitation that is expected to be issued by the end of September 2010. Projects selected for these grants must be derived from the Coordinated Plan.
