

# Bicycle Safety:

It's a two-way street.

## Tips for DRIVERS:

---

- Leave at least three feet of passing space between the right side of your vehicle and a bicyclist.
- Reduce your speed when passing a cyclist, especially if the roadway is narrow.
- Children on bicycles are often unpredictable in their actions. Expect the unexpected.

## Tips for BICYCLISTS:

---

- Ride in the same direction as traffic.
- Cyclists are subject to the same rules and regulations as motor vehicles.
- Obey all road signs and signals.
- Wear your helmet correctly – at the front of the head and not tilted back.
- Wear reflective gear after dark and have a light on your bike..
