Mid-Atlantic Purchasing Team | Terms & Conditions

The Mid-Atlantic Purchasing Team (MAPT) uses a lead agency format for their solicitations that non-exclusively encompasses public and non-profit entities from the Maryland, Virginia and Washington DC regions. Neither MAPT nor the lead agency is compensated for their efforts other than the benefits of aggregation and economies of scale. Participating entities, through their participation agree to the resulting contract and all terms and conditions contained therein in so much as they can reasonably be applied to the participating jurisdiction. Further, successful bidder agrees to the following MAPT Terms & Conditions:

1. MAPT has no obligation (contractual, financial or otherwise) hereunder or for any participating jurisdiction's contract. The contractual obligation of each participating jurisdiction under its respective contract is contingent upon appropriation of funds by the governing body of the applicable jurisdiction from which payment shall be made.
2. Bids requiring payment within less than 30 days from the date of invoice will be rejected.
3. When practical, the successful bidder must package and ship all products in packaging and containers made of recycled, recyclable or biodegradable materials. Bidders are encouraged to eliminate packaging, or to use the minimum amount necessary for product protection, in order to minimize waste to the greatest extent practicable.
4. Unless otherwise provided herein, the jurisdiction's Purchasing Agent reserves the right to order goods or services from other sources without prejudice to the contract.
5. Each participating jurisdiction will determine the appropriate method to use this contract, such as a separate jurisdiction contract, bridge letter, purchase order or other form. In addition, they may have additional requirements that can be added to their cooperative document, including but not limited to:
 - 5.1 The successful bidder may be required to give security or bond for the performance of each participating jurisdiction's contract as determined by the Purchasing Agent.
 - 5.2 Unless otherwise provided herein, each participating jurisdiction reserves the right to increase or decrease the quantities to be purchased at the prices bid. The quantity intended to be purchased and the period and/or percentage amount of any such reservation shall be stated in the solicitation and/or in any applicable participating jurisdiction's contract.
 - 5.3 The successful bidder may be required to add other specific terms and conditions that are pertinent to a specific jurisdiction, to which these matters are openly negotiable providing they do not alter the scope of work or original intent of the MAPT Contract.
6. The successful bidder shall indemnify, defend, and save harmless each of the participating jurisdictions and their respective employees, agents and officials against or from all costs, fees (including reasonable attorneys' fees), liabilities expenses, damages, injury, and loss including (but not limited to) attorney's fees, which may be incurred or made against any of the participating jurisdictions, their respective employees, agents or officials, and resulting from any act or omission committed in the performance of the duties and obligations of the successful bidder under this solicitation and/or each participating jurisdiction's resulting contract or anyone under contract with the successful bidder to perform duties or obligations thereunder. The successful bidder shall allow each participating jurisdiction to participate in the defense of the participating jurisdiction, its employees, agents and officials, to the extent and as may be required by the participating jurisdiction, and the successful bidder shall cooperate with the applicable participating jurisdiction in all aspects in connection therewith.
7. The successful bidder shall, at all times during the term of each participating jurisdiction's contract, maintain and keep in force such insurance as Workers' Compensation, Liability, and Property Damage as will protect the successful bidder from claims under Workers' Compensation Acts and also such insurance as will protect the successful bidder and the participating jurisdictions from any other claims for damages for personal injury, including death, as well as from claims for damages to any property of each participating jurisdiction or of the public, which may arise from operations under this solicitation and each participating jurisdiction's contract, whether such operations are by the successful bidder or any subcontractor or any agent directly or indirectly employed by any of them.
8. This solicitation shall be governed by and construed in accordance with the laws of the State in which the jurisdiction creates their official place of business without regard to any choice of law principles that would dictate the laws of any other jurisdiction. The exclusive venue for any and all actions related to this solicitation hereto shall be the appropriate Federal or State court located within the contracting jurisdiction's resident state.
9. This solicitation, bid response, and each subsequent participating jurisdiction's contract with the successful bidder contain the entire understanding between the successful bidder and each applicable participating jurisdiction. Each participating jurisdiction's contract shall only be amended if such amendment is in writing and executed by a legally authorized representative of the successful bidder and the applicable participating jurisdiction. Any contract amendment of one participating jurisdiction shall not impact or affect any other participating jurisdiction's contract or MAPT.
10. The successful bidder shall provide quarterly reporting to the lead agency and MAPT minimally showing the names of the participating entities under this contract and the value of their participation for that period and year to date. This information will be used to evaluate the effectiveness of the program, areas for growth, and if a variable discount structure is used, the correct pricing structure. Other reports that are reasonably available shall be provided as requested.
11. Bidders are encouraged to consider the broad access to MAPT contracts when considering their pricing strategy. In addition to bidding to the stated estimated volume identified in the lead agency's bid work sheet, bidders are encouraged to submit alternate MAPT bids that offer additional discounts from the stated bid work sheet if additional jurisdictions participate in any resulting

- contract. Alternate bids may include, but are not limited to, additional percentage discounts based upon certain increased volume levels. The alternate bid shall be submitted with the required bid to the lead agency, if not already requested in the bid work sheet.
12. Any waiver of any breach of covenants herein contained to be kept and performed by the successful bidder shall not be deemed or considered as a continuing waiver and shall not operate to bar or prevent any participating jurisdiction from declaring a breach or default for any succeeding breach either of the same condition of covenant or otherwise. No failure or delay by any participating jurisdiction to insist upon the strict performance of any term, condition or covenant of its contract agreement, or to exercise any right, power, or remedy consequent upon a breach thereof, shall constitute a waiver of any such term, condition, or covenant or of any such breach, or preclude the participating jurisdiction from exercising any such right, power, or remedy at any later time or times.
13. Prior to award, in case of disputes, the decision of the lead agency's Purchasing Agent shall be final and binding. The Purchasing Agent may request, in writing, the recommendation of participating jurisdictions or other objective source. Subsequent to award of the solicitation, in case of disputes as to whether an item or service quoted or delivered meets specifications, the decision of the applicable participating jurisdiction shall be final and binding with respect to the participating jurisdiction's contract.
