

AVAILABLE IN THE GREATER BALTIMORE/WASHINGTON REGION

THERE WHEN  
YOU NEED IT

# GUARANTEED RIDE HOME

You never know when something unexpected might happen at work – a personal illness, family emergency or unscheduled overtime. But with the GRH program, if you ride in a carpool or vanpool, take transit, bike or walk to work at least twice a week, you'll always have a free way to get home quickly and safely if you need it. GRH eliminates the fear of being stranded at work and removes the final barrier that's kept you from switching from driving alone to work to a very low-cost commute alternative. The program is free. The rides home are free. Sign up is easy.
