GUARANTEED RIDE HOME

A free ride home for commuters who ride in a carpool or vanpool, take transit, bike or walk to work at least twice a week.

www.commuterconnections.org

For many commuters, sharing the ride in a carpool or vanpool, taking transit, biking or walking to work means saving **thousands each year** on their commute costs. Commuter Connections® offers a benefit that makes these commute alternatives “a smarter way to work.”

That benefit is **Guaranteed Ride Home (GRH)**, a program that insures you will get to your destination on those days when a sudden change in your schedule prevents you from taking your normal ride home. GRH eliminates the fear of being stranded at work.

Here are a few guidelines to insure that you qualify to use GRH:*

- Commuters must be registered with Commuter Connections database.**
- Commuters must carpool, vanpool, take transit, bike or walk to their job at least **two times** per week.
- Commuters must use one of the above commute modes on the day they request GRH.

- Commuters must work in the Greater Baltimore/ Washington Region.

Guaranteed Ride Home benefits will be given **free of charge**,*** up to four times a year, to qualified commuters in the event of:

- Unexpected personal or family emergency
- Unexpected personal or family illness
- Unscheduled overtime, with supervisor's verification

To register, fill out and mail in a GRH application form or apply online at www.commuterconnections.org. When we receive your application, you'll get a commuter ID card and guidelines right away!

The next time you carpool, vanpool, take transit, bike or walk to work, you can rest easy because...We'll get you home. Guaranteed.
