I. INTRODUCTION

The Baltimore Regional Project-Based Voucher (“**Regional PBV**”) Program is designed to encourage new quality affordable rental housing in the metropolitan Baltimore area, particularly in safe neighborhoods with high quality public schools that are close to job growth. This can be accomplished through the development of newly constructed and rehabilitated housing and through existing housing.

Managed by the Baltimore Metropolitan Council, this initiative builds on innovations demonstrated by a similar program in Chicago and by the existing [Baltimore Housing Mobility Program](#). The Regional PBV initiative aims to redress the mismatch between the location of affordable housing and job growth that is so prevalent in this region. It seeks to serve families who are looking not just for a home, but also for a platform from which they can improve their lives overall. It also seeks mixed-income housing developments with a range of affordability, from deeply affordable units using project-based vouchers to market-rate apartments.

The Regional PBV Program is a collaboration of the following agencies and organizations:

- Baltimore County Office of Housing
- Baltimore Metropolitan Council
- Baltimore Regional Housing Partnership
- Harford County Housing and Community Development
- Housing Authority of Baltimore City
- Housing Authority of the City of Annapolis
- Housing Commission of Anne Arundel County
- Howard County Housing Commission

According to [Strong Communities, Strong Region: The Baltimore Regional Housing Plan and Fair Housing Equity Assessment](#), there is a mismatch between housing at reasonable price points and many of our region’s areas of high job growth. This lack of conveniently located housing, available for entry-level workers, renders the region’s job centers less attractive for new business location and the expansion of existing businesses. It also contributes to excessive commutes, congestion and inefficient land use around the region. Many of these areas of our region near high job growth tend to be safe communities with high quality schools where studies increasingly show that an affordable home can serve as a launching pad for improved life prospects for families.

For these reasons, the public housing authorities (“**PHAs**”) listed above are participating in the Regional PBV Program and have agreed to make project-based subsidies (hereinafter referred to as “**Vouchers**”) available for up to 86 rental housing units around the metropolitan region.

Housing vouchers fund the difference between reasonable market rents for an apartment, plus reasonable utility costs not included in the rent, and the tenant’s rent payment, which is based upon 30 percent of his or her gross monthly income. Funding for Regional PBV units will be governed through a Housing Assistance Payment Contract (“**HAP**”) with one or more PHAs.

Funding for Regional PBV units may come from any PHA that is a member of the Regional PBV Program (“**Participating PHA**”). The Baltimore Regional Housing Partnership (“**BRHP**”) will counsel families referred from Participating PHA tenant-based voucher waiting lists and will refer all potential residents to the property owner. Only residents referred by BRHP may lease Regional PBV units.

Applicants for the Regional PBV program for new development or substantial rehabilitation may be eligible for scoring incentives in the Maryland Department of Housing and Community Development (“**DHCD**”) Low Income Housing Tax Credits (“**LIHTC**”) application process. Information on the LIHTC program, including the latest version of DHCD’s proposed Qualified Allocation Plan (“**QAP**”), is available at

<https://dhcd.maryland.gov/HousingDevelopment/Pages/QAPGuideRevisions2020.aspx>.

Please note that the Regional PBV Program cannot commit to targeting a particular number of PBV units for households with incomes below voucher eligibility or for persons with disabilities.

II. PURPOSE

The Regional PBV program seeks proposals for new construction, substantial rehabilitation, and existing housing (all hereinafter referred to as “**Developments**”) that will utilize Vouchers to create new life opportunities for low-income families. As a result, the program has a preference for Developments in “opportunity” communities – safe neighborhoods that have access to high quality local public schools. The program also has a preference for mixed-income communities, with a range of affordability from units attached to Vouchers to market-rate apartments.

Proposals will be considered for both multifamily and scattered-site units. Up to 25 units or 25 percent of the total units in multifamily buildings, whichever is greater, may receive Regional PBV voucher assistance. All units in Developments must meet local jurisdiction occupancy standards and the U.S. Department of Housing and Urban Development (“**HUD**”) Housing Quality Standards (“**HQS**”).

III. PARAMETERS OF REGIONAL PBV PROGRAM

Funding availability

86 Vouchers from Participating PHAs are available through this request for proposals (“**RFP**”). The Regional PBV Program’s selection panel (“**Selection Panel**”) may elect, at its sole discretion, to award a lesser number of Vouchers than the total available. Vouchers may be requested for a term of up to 20 years, but not less than 5 years. Extensions up to an additional 20 years, which may be entered into at the time of the initial HAP execution or prior to its expiration, are at the discretion of the Regional PBV Program and its Participating PHAs.

How the subsidy works

BRHP will be responsible for administering the Vouchers through a HAP between any Participating PHAs and the owner. BRHP will manage the HAP, performing inspections and other required activities. BRHP will be the point of contact for the owner with respect to the Vouchers once they are awarded. BRHP will be solely responsible for contacting the Participating PHAs in connection with the owner’s Vouchers to ensure a timely and efficient process.

For new development or substantial rehabilitation, owners must execute an *Agreement to enter a Housing Assistance Payment Contract* (“**AHAP**”) with BRHP on behalf of each PHA contributing Vouchers to the Development, until such time that HUD implements section 106(a)(4) of the Housing Opportunity Through Modernization Act of 2016. The AHAP must be executed by closing of financing and prior to the Development commencing construction. The AHAP requires the owner to construct or rehabilitate the housing in accordance with PHA-approved construction drawings and specifications or work write-ups. It also establishes initial contract rents for the Regional PBV units that will be included in the HAP. BRHP will have responsibility for coordinating the AHAP process. Prior to executing the AHAP, HUD or its designee must perform a subsidy layering review and an environmental review of the proposal. If the AHAP is not executed by closing of financing, awarded vouchers will revert to the Regional PBV program.

Once units are ready for occupancy – whether new development, substantial rehabilitation, or existing housing, the owner shall enter into the HAP with BRHP on behalf of the PHAs contributing Vouchers to the development. The HAP governs the flow of subsidy to the Development for the assisted units, explains the roles and responsibilities of the PHA and owner, term, penalties, and other matters. The HAP may have a term of between 5 and 20 years, with further extensions to be determined by the Regional PBV Program and its Participating Housing Authorities. All housing assistance payments are subject to annual appropriations of federal funds by Congress throughout the HAP term.

It is highly recommended that owners interested in the program review both the HAP and, if applicable, the AHAP prior to submitting their applications. It is in the interest of all parties that owners be fully aware of program requirements and the roles of all parties prior to becoming involved with the Regional PBV Program. Respondents should be aware that HUD dictates the language and form of the AHAP and HAP, and that Regional PBV Program partners have no flexibility to negotiate them.

All of HUD's links to the AHAP for New Construction/Rehabilitation and the HAPs for both New Construction/Rehabilitation and Existing Housing are on this web page:

https://www.hud.gov/program_offices/public_indian_housing/programs/hcv/forms

Please note that these contracts generally have two parts.

Rent for Regional PBV Units

The AHAP and HAP set out the rent to be paid for the Regional PBV units. The rent to the owner for a PBV unit may not be more than the lowest of:

1. The HUD-approved payment standard for the location of the development (see Appendix A) minus any utility allowance for tenant-paid utilities;
2. The reasonable rent in relation to the private unassisted rental market in the premises and area as determined by BRHP; or
3. The rent requested by the owner.

Payment standards may change each year, and the initial rent to owner included in the HAP will be governed by the HUD-approved payment standards in place at the time of the signing of the HAP. HUD-approved payment standards include a utility allowance, which will be subtracted from the payment standard for tenant-paid utilities. Per HUD regulations, the utility allowance schedule of the Participating PHA where the Development is located will determine the utility allowance subtracted. Rents for PBV units may be adjusted annually based upon the terms set forth in the HAP and HUD regulations.

Current HUD-approved payment standards for the portion of the Baltimore metropolitan area participating in the Regional PBV Program are attached as **Appendix A**. To the extent that payment standards are updated during the course of the selection process covered by this Application, updates will be made available upon request. Respondent submissions using assumptions based on either the information contained in **Appendix A** or updated information will be accepted.

Tenant referrals using Regional PBVs

BRHP shall maintain a Regional PBV Program waiting list of prospective tenants. All Regional PBV units **must** be leased to families referred by BRHP from the Regional PBV Program waiting list. In order to complete initial lease-up and to fill vacancies as they arise, owners must notify BRHP of a reasonable deadline by which such referrals must be made in order to support timely leasing of the assisted apartments. Owners/Managers should provide BRHP with marketing materials in a timely manner to assist with the referral process.

The regional waiting list will be formed in order to maximize access to affordable homes in opportunity areas of the Baltimore region and to increase efficiencies in the leasing process. The regional lists will be randomized within each applicant's current jurisdiction of residence and families will be selected from the waiting list in proportion to the number of vouchers contributed by each Participating PHA.

Many or all of the families who will be making substantial moves within the region will have received intensive mobility counseling from BRHP to help them prepare for the move. That counseling will include assistance with any credit issues, family budgeting, guidance on working

with property owners and managers, and rights and responsibilities as a tenant. Families will also receive two years of mobility counseling following the move to help them evaluate any subsequent moves they may consider.

Tenant right to move

After the end of the first lease term and at the end of successive lease terms thereafter, subsidized tenants have the right to move from Regional PBV units and receive tenant-based vouchers if the PHA that supplied the project-based voucher has tenant-based vouchers available. However, the Voucher will remain with the Regional PBV unit. In the event that the tenant leaves the Regional PBV unit, the owner must draw and screen new tenants from the Regional PBV waiting list as described above.

IV. PROPOSAL REQUIREMENTS AND CONTENT

The following are threshold requirements that must be met to qualify for Vouchers through the Regional PBV Program:

Types of Development and Requirements

- The Regional PBV Program will accept applications in response to this RFP for new construction, substantial rehabilitation, and existing units that substantially comply with HUD HQS.
- Proposed Developments must not be restricted to seniors.
- Developments that include a lease-to-own option will not be considered.
- Any owner undertaking construction or substantial rehabilitation, as defined by [24 CFR §883.302](#), must carry out development work in accordance with the terms set forth in the AHAP and the requirements of [24 CFR §983.154](#).

Pursuant to the HAP, owners must construct (if applicable) and maintain units in compliance with HUD HQS. BRHP will be responsible for initial and periodic inspections of the units and common areas to verify continued compliance under the terms of the HAP. Information on HQS and BRHP's inspection procedures is available upon request.

For any structures built prior to 1978, federal requirements respecting the treatment or removal of lead based paint apply. Further information on these requirements is available upon request.

Federal requirements of the Fair Housing Act and Amendments and Section 504, for accessible and adaptable apartments and the owner's obligation to make reasonable accommodations for disabled residents, apply. Further information on accessibility requirements is available upon request.

For any units in a Development that has or is applying for additional financial assistance (including HUD and LIHTC financing) that requires an Affirmative Fair Housing Marketing Plan ("AFHMP"), the owner must submit that plan as part of their proposal to the Regional PBV Program. This is the case even if the other source of assistance (such as LIHTC) does not require the AFHMP at initial application.

Locations for Development

- The proposed Development must be located in Anne Arundel, Baltimore, Harford, or Howard Counties or the cities of Baltimore or Annapolis.
- The Regional PBV Program will award *at least* 36 of the 86 Vouchers available through this RFP to family Developments in opportunity areas, as defined by BRHP. (Online search tools for individual addresses available at <http://brhp.org/search> and <https://portal.dhcd.state.md.us/GIS/multifamily/index.html>. All awards so far have been in opportunity areas.) Applications for multifamily Developments outside of those areas must be part of a robust revitalization strategy designed to bring opportunity, such as

jobs and high quality schools, to the area. Scattered-site developments outside BRHP opportunity areas will not be considered.

- Applications for Developments in areas of high poverty concentrations may need to receive a waiver from HUD or the PHA in whose jurisdiction the development is located. This may delay award of Regional PBVs.
- Development locations must meet HUD's site and neighborhood standards that promote quality living situations and seek to lessen concentrations of minorities and disadvantaged people. Developments proposed for BRHP opportunity areas will meet these standards and do not require additional documentation. Proposals for Developments *outside* BRHP opportunity areas must include the form attached as Appendix C, which reflects the HUD standards available at [24 CFR §983.57](#). Appendix C is attached to this RFP and is also available in Word format at <http://bit.ly/BaltRegionalPBV>.

Requirements for Project-Based Vouchers

- Applicants must request a minimum of five (5) Vouchers.
- No more than 25 units or 25 percent of the total units in a single development, whichever is greater, may receive Vouchers, unless otherwise excepted (e.g. units in a single-family building or excepted units in a multifamily project as defined by HUD). This 25 percent cap also applies on a building-by-building basis in developments that comprise multiple multifamily buildings.
- Vouchers through this program must create new units affordable to households at or below 30% of Area Median Income ("AMI"), not replace apartments that have been subsidized using public housing funds and other forms of project-based or tenant-based assistance.
- Vouchers will only be awarded to vacant units or, for existing housing, units that will become available through regular tenant turnover. No application will be approved that includes relocation as a requirement of the proposed Development.

Referrals from Regional Waiting List and Tenant Screening

- All units utilizing Vouchers must be occupied by tenants referred by BRHP from the Regional PBV waiting list.
- Owners are responsible for screening prospective tenants of Voucher units, but for those prospective tenants, the owner will:
 - Not apply a minimum credit score standard,
 - Not consider student loan and/or medical debts as a condition of denial, and
 - Accept the criminal background screening done by BRHP, which is in the "Eligibility and Admission" section of BRHP's Administrative Plan, available at: http://brhp.org/about/administrative_plan.
- Owners must comply with all applicable non-discrimination laws and regulations in screening and making offers of housing for assisted and non-assisted units.

Submission requirements and format

Each proposal shall include a cover letter and narrative description of the Development, including the information outlined below. Generally speaking, items 14 and 15 will apply only to proposals for new construction or substantial rehabilitation so that applicants for existing housing will only need to complete items 1-13. BMC reserves the right to reject facially incomplete proposals and to request additional information as necessary.

- 1. Cover Letter – signed by an executive of the submitting entity with the authority to commit the entity to the performance of duties pursuant to this RFP.**

DEVELOPMENT NARRATIVE:

- 2. Project Summary, Principal, Contact Information, and Acknowledgement of Regional PBV Program Parameters and Requirements:**

Developments will also receive higher scores in this category for a greater share of units with two or more bedrooms. Larger size units are necessary to provide opportunity to families with children. See Section V. Selection Criteria, for additional detail.

If a proposed multifamily Development is not in a BRHP opportunity area (even if it is located in an area designated as an opportunity area by another entity), you must complete the form attached as Appendix C, which responds to HUD regulations regarding site and neighborhood standards ([24 CFR §983.57](#)). Make sure your answers describe how the project will further any applicable local government revitalization plan and describe other investments that will be coordinated with the Development to increase opportunity. Relevant investments would include those that boost jobs and high-quality public education that are accessible to the community and to the residents of the proposed Development.

V. SELECTION CRITERIA

All proposals for the Regional PBV Program will be reviewed by the Selection Panel. Proposals will be scored and ranked by Selection Panel based on the following program criteria:

Selection Factor			Max. Points																													
Opportunity			40																													
<p>Developments for family housing in opportunity areas, as defined by BRHP will automatically receive 20 points in this section, since those sites generally represent safe communities served by quality schools near job growth. Up to an additional 12 points will be awarded based on (3 points each) specific quality of zoned schools, specific proximity of jobs, availability of alternative transportation, and other factors around the site that could affect quality of life. The final 8 points will be awarded based on the mix of units requested for vouchers according to the chart below:</p> <table><tr><th rowspan="2">Points Awarded</th><th colspan="2">Development must meet requirements in both columns below</th></tr><tr><th>Minimum % of Voucher units with 2 BRs, 3 BRs or more</th><th>Minimum % of Voucher units with 3 BR or more</th></tr><tr><td>1</td><td>80%</td><td>20-29%</td></tr><tr><td>2</td><td>100%</td><td>20-29%</td></tr><tr><td>3</td><td>80%</td><td>30-39%</td></tr><tr><td>4</td><td>100%</td><td>30-39%</td></tr><tr><td>5</td><td>80%</td><td>40-49%</td></tr><tr><td>6</td><td>100%</td><td>40-49%</td></tr><tr><td>7</td><td>80%</td><td>50% or more</td></tr><tr><td>8</td><td>100%</td><td>50% or more</td></tr></table>			Points Awarded	Development must meet requirements in both columns below		Minimum % of Voucher units with 2 BRs, 3 BRs or more	Minimum % of Voucher units with 3 BR or more	1	80%	20-29%	2	100%	20-29%	3	80%	30-39%	4	100%	30-39%	5	80%	40-49%	6	100%	40-49%	7	80%	50% or more	8	100%	50% or more

<p>If a proposed Development is not in a BRHP opportunity area, the proposal may still receive up to 20 points. 8 points will be awarded according to the unit mix chart above. Up to an additional 12 points can be awarded based on public and/or private investments in addition to this Development that will bring opportunity to the area. Examples of opportunity would be jobs and high quality public education that are accessible to the residents of the Development. See the local government plan for the area of the proposed units, and fill out and submit the form attached to this RFP as Appendix C. The proposed units must meet HUD’s requirements for site and neighborhood standards, as set out in Appendix C and 24 CFR §983.57.</p>																																
Mix of Incomes			20																													
<p>The highest points in this section will be given to proposed Developments that result in a substantial mix of incomes, including market rate units. Multifamily Developments will be scored according to the following factors:</p> <table><tr><th colspan="2" rowspan="2">Proposed Vouchers as Share of Units in Development</th><th colspan="2">Share of Market-Rate Units in Development</th></tr><tr><th>Market-Rate Unit Share</th><th>Score</th></tr><tr><td colspan="2"></td><td>50% or more</td><td>15</td></tr><tr><td>Voucher %</td><td>Score</td><td>40-49%</td><td>12</td></tr><tr><td>Up to 20%</td><td>5</td><td>30-39%</td><td>9</td></tr><tr><td>21-25%</td><td>3</td><td>20-29%</td><td>6</td></tr><tr><td>More than 25%</td><td>0</td><td>10-19%</td><td>3</td></tr></table>			Proposed Vouchers as Share of Units in Development		Share of Market-Rate Units in Development		Market-Rate Unit Share	Score			50% or more	15	Voucher %	Score	40-49%	12	Up to 20%	5	30-39%	9	21-25%	3	20-29%	6	More than 25%	0	10-19%	3

<p>Scattered site proposals entirely in BRHP areas of opportunity will automatically receive 20 points in this section. Scattered site proposals outside BRHP areas of opportunity will not be considered.</p>																																

Selection Factor	Max. Points
Management	20
<p>Evaluation will include previous experience of the developer/owner and/or management agent in developing, leasing, and managing the Development or similar properties, including a track record in project-based or tenant-based Section 8, and low income housing tax credit programs.</p> <p>Maximum Management points may be awarded to teams that have:</p> <ul style="list-style-type: none"> • Developed and/or owned and operated two fully successful housing projects of comparable or greater scope within the last five years, demonstrating occupancy rates above 90%, having never been barred by a PHA from housing people with its vouchers, and having no loan defaults, foreclosure actions, bankruptcies, or outstanding construction, tax, judgment, or similar liens; • Owned and operated successfully 20 or more units with Housing Choice Voucher assistance within the last five years. <p>For those applicants required to submit an Affirmative Fair Housing Marketing Plan, the quality of that plan will also affect this score.</p>	
Design	10
<p>Developments must be well-designed, with building architecture, structure and mass that complement the existing neighborhood. Exterior architectural features and design elements should add interest and/or functionality, create unity with nearby architectural style, and generally improve the appearance of the building(s).</p>	
Financial Plan	10
<p>For new construction and substantial rehabilitation, the Regional PBV Program will consider the reasonableness and completeness of the applicant's proposed plan to finance the Development, taking into consideration the owner's experience accessing the proposed sources, the amounts to be requested, the timeframe for the requests, and documentation of commitments.</p> <p>For existing housing, scoring in this section will be based on the owner's track record, including vacancy rates and any loan defaults, foreclosure actions, or bankruptcies, or outstanding construction, tax, judgment, or similar liens on this or other properties.</p>	

In order to be eligible to receive Vouchers, a proposal must achieve a score of at least 65 points, based on the rubric above. A score of 65 points does not guarantee award of Vouchers. In addition, the Selection Panel has the following priorities for the Regional PBV Program overall and may use these priorities to approve or not approve proposals on that basis, or to approve a number of PBVs other than the amount requested.

1. Of the 86 Vouchers available through this RFP, at least 36 must be used in areas of opportunity as defined by the BRHP.
2. As a regional program, the Selection Panel may prioritize geographic diversity in proposals approved.

APPENDIX A: PAYMENT STANDARDS FOR THE BALTIMORE METROPOLITAN AREA

The following tables show the payment standards by unit bedrooms for Vouchers in participating PHA jurisdictions. In some cases these payment standards vary by census tract. Payment standards include rent and a utility allowance. The utility allowance portion is determined by the utility schedule of the Participating PHA where the Development is located and will not be paid to the owner if the tenant is responsible for paying for utilities. The applicable initial payment standard will be that in place at time of the HAP signing. As stated in Section III, all agreements for rent paid to owner will be subject to a determination by the BRHP that the rent is reasonable in relation to the private unassisted rental market in the area.
