3. UPDATES TO STAKEHOLDER PREPAREDNESS REVIEW (SPR)

Ms. Erinn Harris reminded the group that the SPR should be as accurate as possible in documenting the region's capabilities; future grant requests need to refer to the capability gap in the SPR.

The T&PW Committee is the lead for the Critical Infrastructure core capability. Some committee members have submitted updates to Ms. Harris. During the meeting, she requested additional updates on the Critical Infrastructure core capability from attendees. Additional information should be sent to Ms. Harris (eharris@baltometro.org).

4. COMMITTEE AND PROJECT UPDATES

Committee Goals: Ms. Singleton provided a reminder of the committee goals that were agreed upon earlier this year and submitted to the UAWG. There was discussion about the status of goal 5 and whether the Unified Coordination Group is still needed. Ms. Eileen Singleton will check with Ms. Harris if there are any updates from the UAWG on this item. It was noted that the UAWG may have discussed this already.
