# Mock Crashes / Speakers / Trials Program

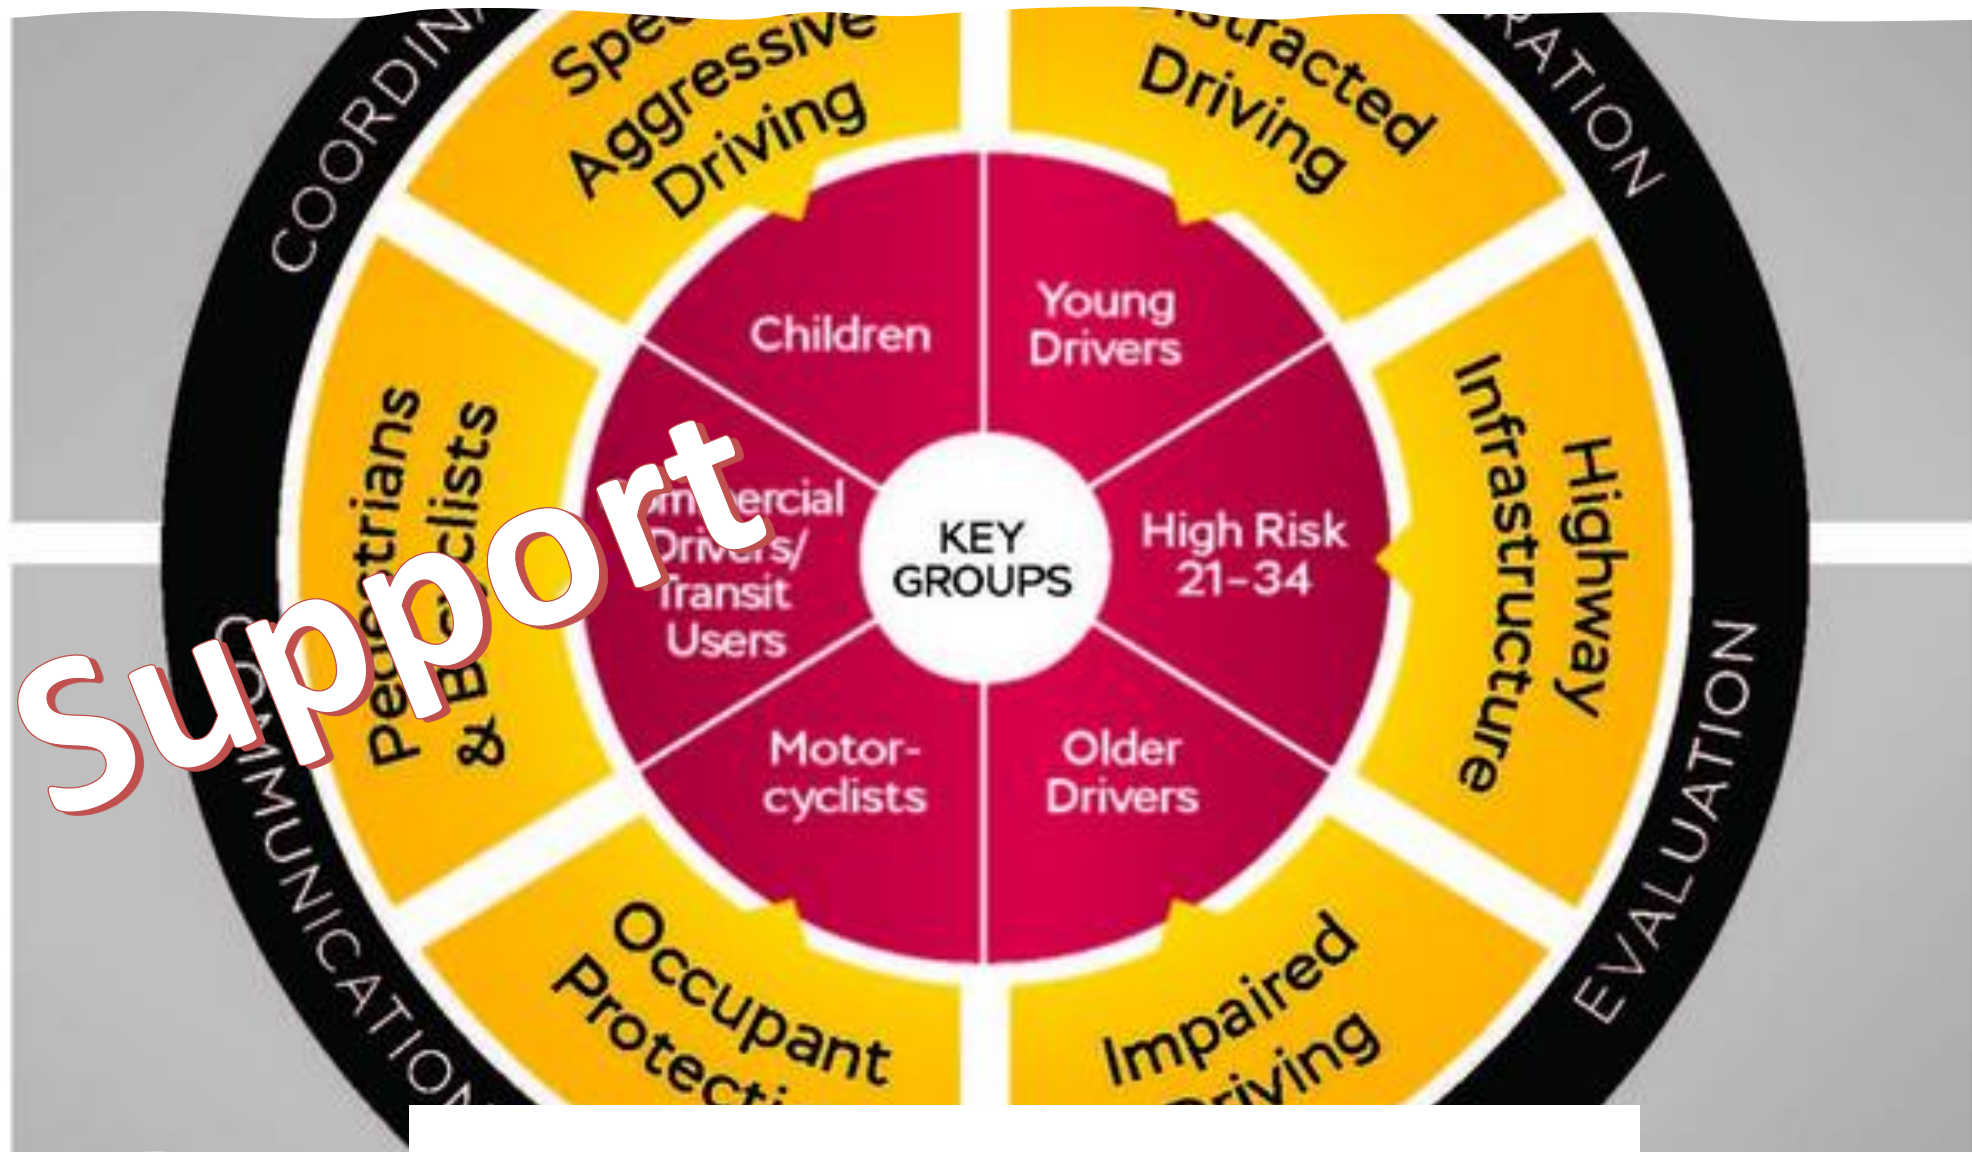

## Background:

- Local data used as a resource for Location, Type, Behaviors, etc.
- Student Groups Participate in Development of Scene/Administrators' - Severity
- Across all MHSO Program Areas but OP is always a component
- Developed to support specific campaigns – Distracted Campaign, Work Zone Awareness Week, Young Driver Safety Month, Move Over Law, CIOT, etc.
- Speakers Immediately after scene and Mock Trial later support the scene through **Engineering, Enforcement, EMS, Education**
- Before and After Surveys

## Comprehensive Program

# How can we support Strategies and Action Steps in your Local Plans?

- Baltimore County: Identify best practices for education and outreach to high risk populations (e.g. young drivers)
- Cecil County: Conduct an education and enforcement campaign regarding Maryland's "Move Over" Law
- Howard County: Conduct Outreach Programs focusing on the younger and older populations

## Local Strategic Highway Safety Plans

Complete Scene Development involves 4 E's, vehicles, roadways and persons
