

# Central Maryland Transit Development Plan

*Planning the Future of Transit in Our Region*

## Presenting the Alternatives: Public Meetings

- NORTH LAUREL COMMUNITY CENTER--MONDAY, AUGUST 21, 2017
- NON-PROFIT CENTER OF HOWARD COUNTY--WEDNESDAY, SEPTEMBER 13, 2017
- GEORGE HOWARD BUILDING--MONDAY, SEPTEMBER 18, 2017
- ANNE ARUNDEL COMMUNITY COLLEGE AT ARUNDEL MILLS MALL--TUESDAY, SEPTEMBER 12, 2017

Anne Arundel  
County

Howard  
County

Prince George's  
County

City of Laurel

Regional Transportation  
Agency of Central Maryland

# Agenda

- Welcome
- What is the Central Maryland Transit Development Plan?
- Where we are in the process
- Overview of transit alternatives
- Visit stations & provide input to staff

# What is the Central MD Transit Development Plan?

A plan addressing:

- the area's transit goals and objectives
- current status of transit services
- steps to implement objectives in next 3 to 5 years

This presentation focuses on Howard County portion of the Regional Transportation Agency (RTA)

# Preparation, Approval

- **Preparation Partners**

- **Anne Arundel County**

- **Howard County**

- Northern Prince George's County

- City of Laurel

- RTA

- **Maryland Transit Administration**

- TDP must be endorsed by elected officials (HC, AAC)

# Project Schedule

- Identify transit goals/objectives
- Evaluate existing services
- Collect public input on needs
- Identify transit issues & opportunities
- Develop service & organizational alternatives
- Collect public input on alternatives
- Refine recommendations-September
- Develop draft plan-October-November
- Collect input from elected officials & public on draft plan-December/January
- Complete final Transit Development Plan-January 2018

# Goals

- Make transit a choice, not an option of last resort
- Revise routes to meet current needs
  - Most have not been reassessed since the 1990s
  - Recommend new route options to serve locations not currently served
- Deliver good transit service to multiple user groups

# Existing System

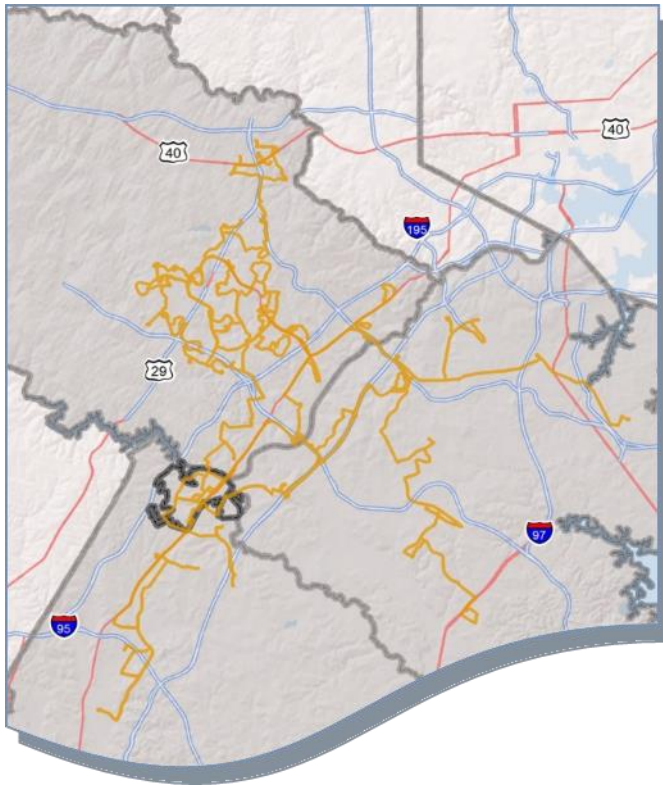

- 15 bus routes (6 Ho Co, 3 AA Co, 2 PG Co, plus 4 regional)
- Mobility service for persons with disabilities & older adults (age 60+)
- Key destinations: Arundel Mills, BWI Airport, Columbia Mall, Towne Centre at Laurel, College Park Metro Station, MD Food Center, Odenton MARC Station

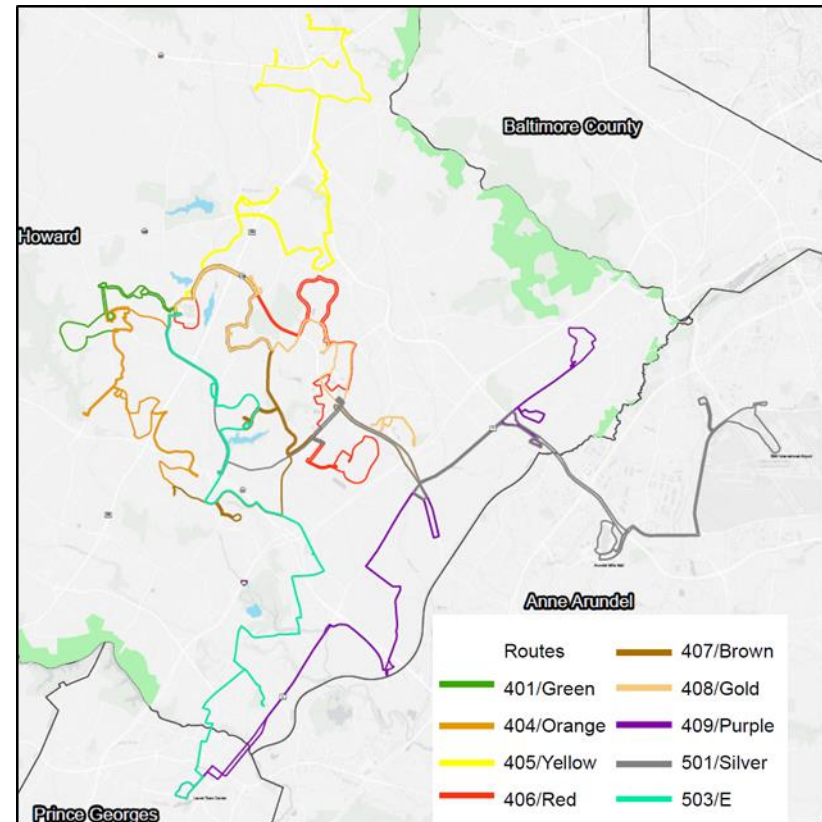

# Existing System

## Tri-County Service Area

## Howard County Routes

# Existing System – FY 2018 Budget, Funding

# Biggest Issues for the RTA Fixed Route System

- Old fleet - missed trips, breakdowns
- Long, circuitous routes - don't get people where they need to go quickly; to jobs, shopping
- Infrequent service (mostly 1 hour headways, some 2 hours)
- Very limited weekend service, esp. Sunday
- Budget, costs, cost recovery
  - High proportion of budget devoted to paratransit

# What do riders want?

- Reliable service (on time, minimal breakdowns)
- More frequent buses (shorter wait times)
- More weekend service
- Connections to more places people need to go (esp. work, shopping, school)

Fixed Route Trip Purpose

# Plan Response

## Plan elements

More short routes versus fewer longer routes (14 vs 9)

Straighter routes between destinations (e.g., uses 29, 100, 175)

Focus on where most people need to go (work, shopping, school)

Reduced travel times

More frequent service; 30 min. headways on 4 key routes in Phase 1 vs 2 today)

More weekend service

Expansion routes - Elkridge, Clarksville, Turf Valley, APL, Maple Lawn (in Phase 2)

# Plan Response

## Phased approach

### Phase 1 – 2018/2019

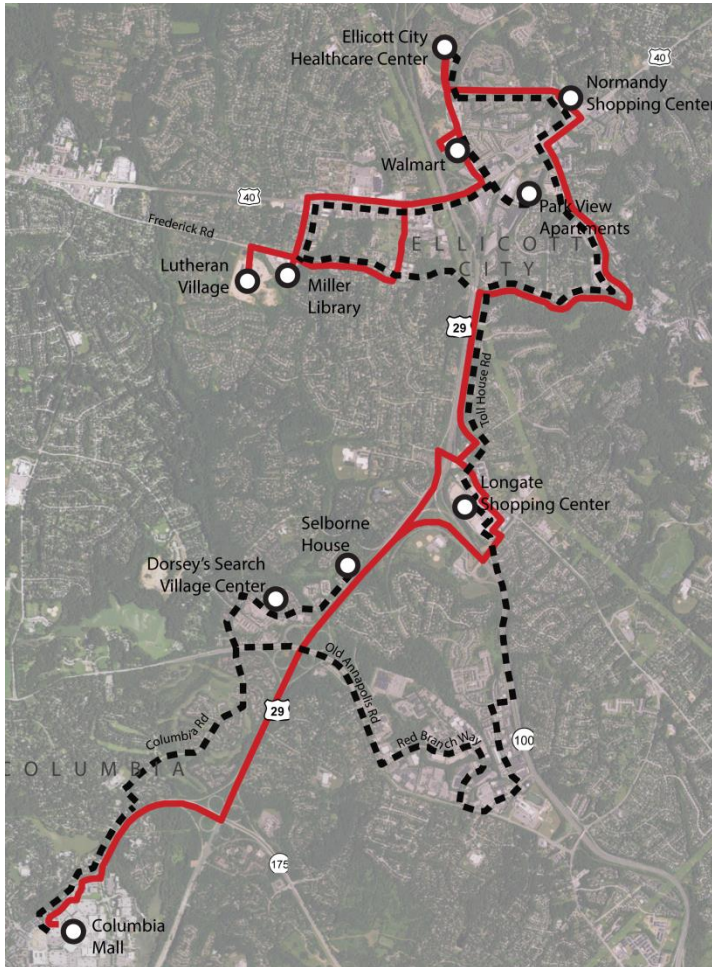

- Systemwide route reconfiguration – *all at one time*. 14 routes vs 9.
- Half-hour headways on 4 key routes
- Reduced travel times
- Significantly increased weekend service
- Annual operating cost increase – approx. \$1.3 million
- Almost no loss in service
- Needs 3 more buses

### Phase 2 - Implement over time

- Expansion routes - Elkridge, Clarksville, Turf Valley, APL, Maple Lawn
- More half hour headways
- Further weekend service increase
- Annual operating cost increase – approx. \$2.3 million above Phase 1
- Needs 12 more buses

# Plan Response Example - 405

- Mall to Walmart: 35 mins versus 1 hour today (uses US 29)
- Expanded weekend hours
- Bi-directional service (versus current one-way loop; simpler, saves time)
- 403 picks up rest of service, including new courthouse
- Serve Lotte Plaza

----- Existing Service  
— Proposed Service

# Plan Response Example - 403

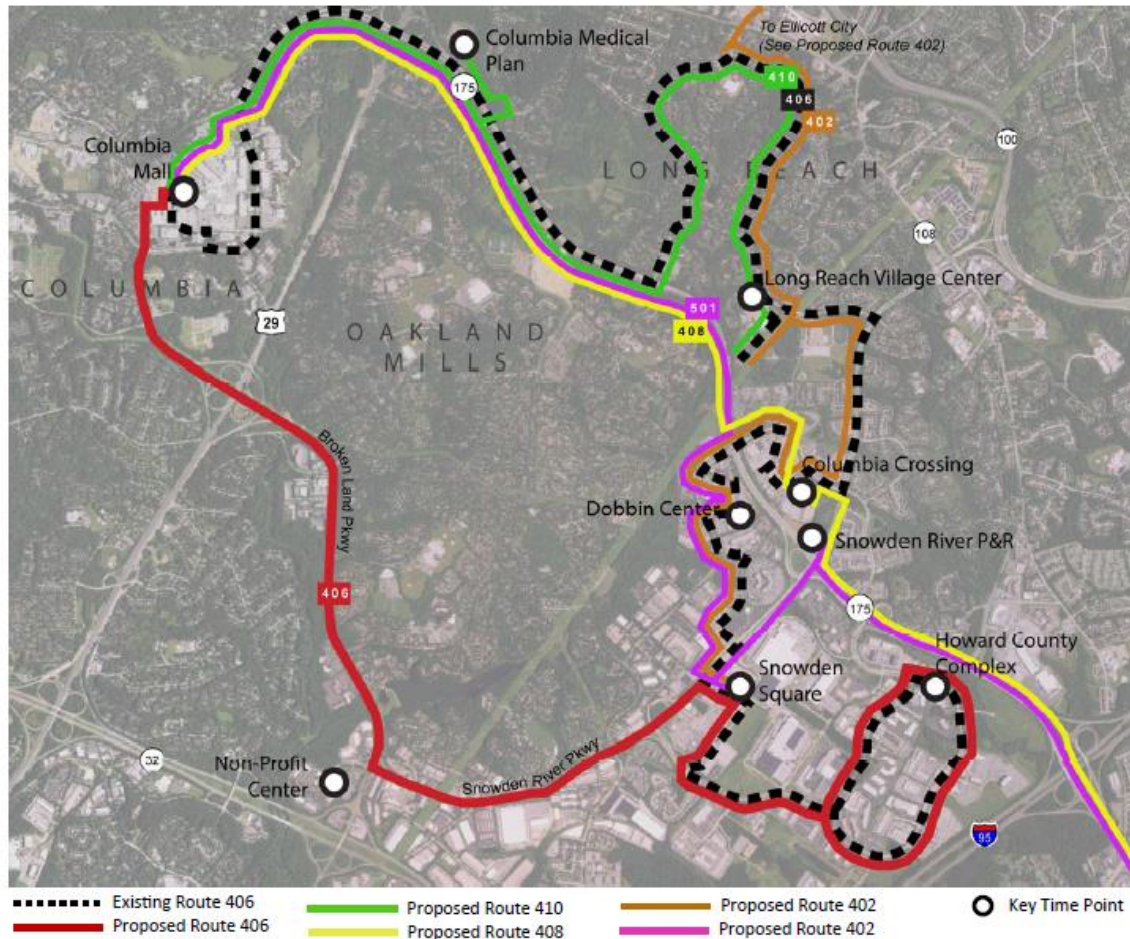

— Proposed Service

- New 403 picks up rest of service, including service to new courthouse (mid-2021)
- New 403 would be a 50 minute circuit

# Plan Response – Columbia to Gateway

- Mall to Gateway: 25 mins versus 53 mins today
- Reduces spans and headways to match current ridership

# Plan Response – Route 1

..... Existing Route 409A (effective 10/1/2017)    — Proposed Route 409B    — Proposed Route 501  
 — Existing Route 409B (effective 10/1/2017)    ○ Key Time Point

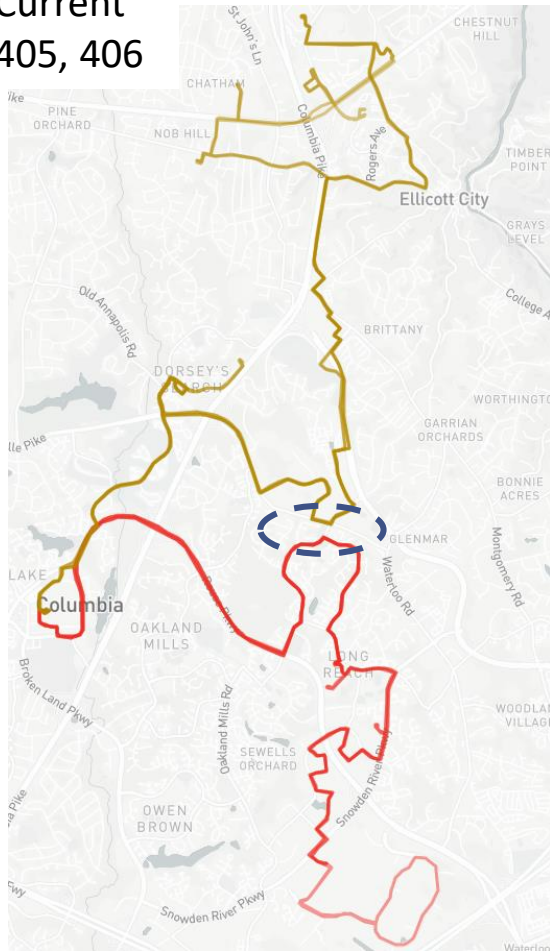

- Supports Jobs
- Leola Dorsey Community Resource Center
- Half-hour service on southern half; northern half to Elkridge in Phase 2

# Plan Response – Ellicott City to Snowden Square

Current  
405, 406

Proposed 402

- New route Ellicott City to East Columbia– from portions of 2 existing routes
- Connections to 7 other routes
- Connects 405/406 gap
- Supports jobs and major retail (2 Walmarts, 2 Targets)
- Run Time 45 to 50 mins

# Plan Response Example - 201

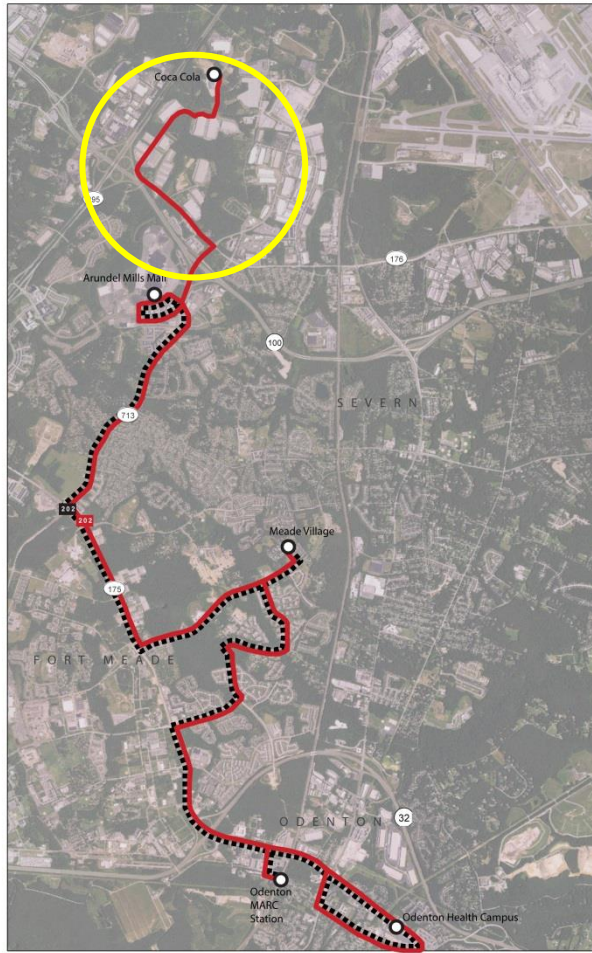

- Existing Service
- Proposed Service

- Extends service to Freetown Walmart.
- Discontinued service to ITT.
- Maintains connections at Cromwell Light Rail Station (LRS)
- Ride time between Arundel Mills Mall and Freetown Village will be 40 minutes.

# Plan Response Example - 202

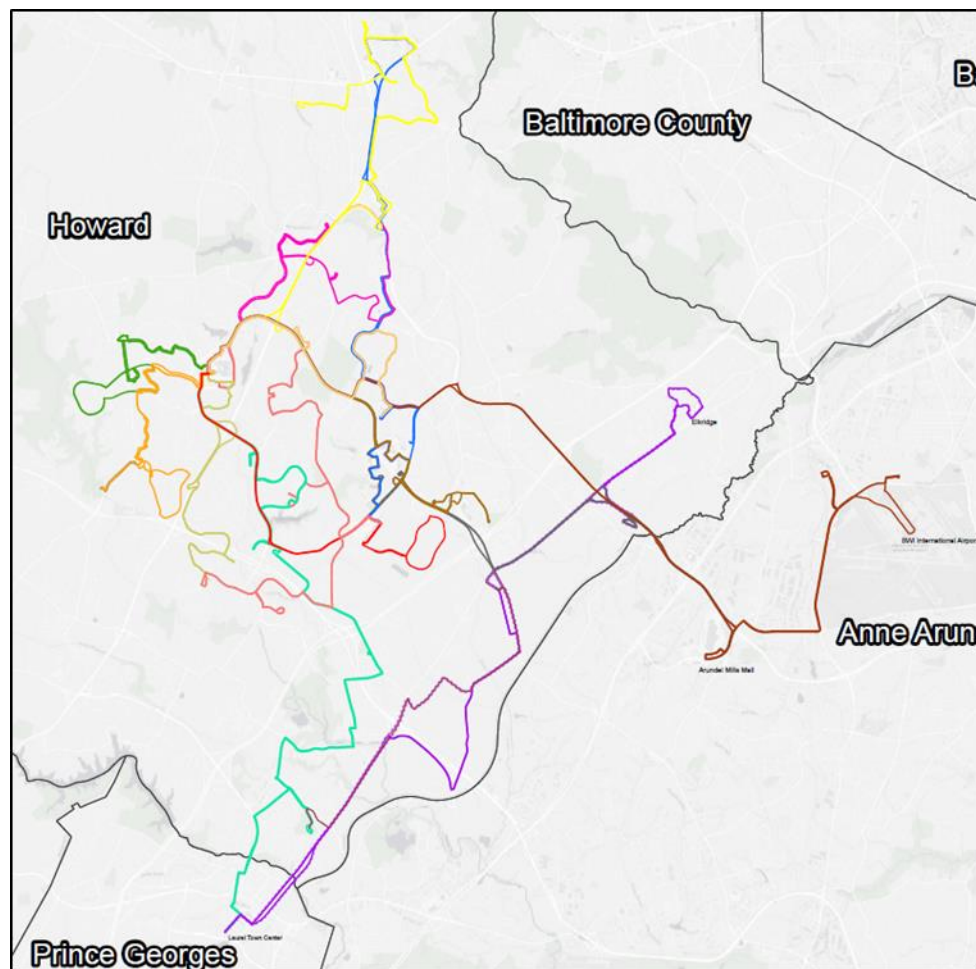

- Route extends to Coca Cola facility.
- Ride time between Odenton MARC Station to Coca Cola facility will be approximately 50 minutes.
- Connect to Route 201 at Arundel Mills Mall.

--- Existing Service  
— Proposed Service

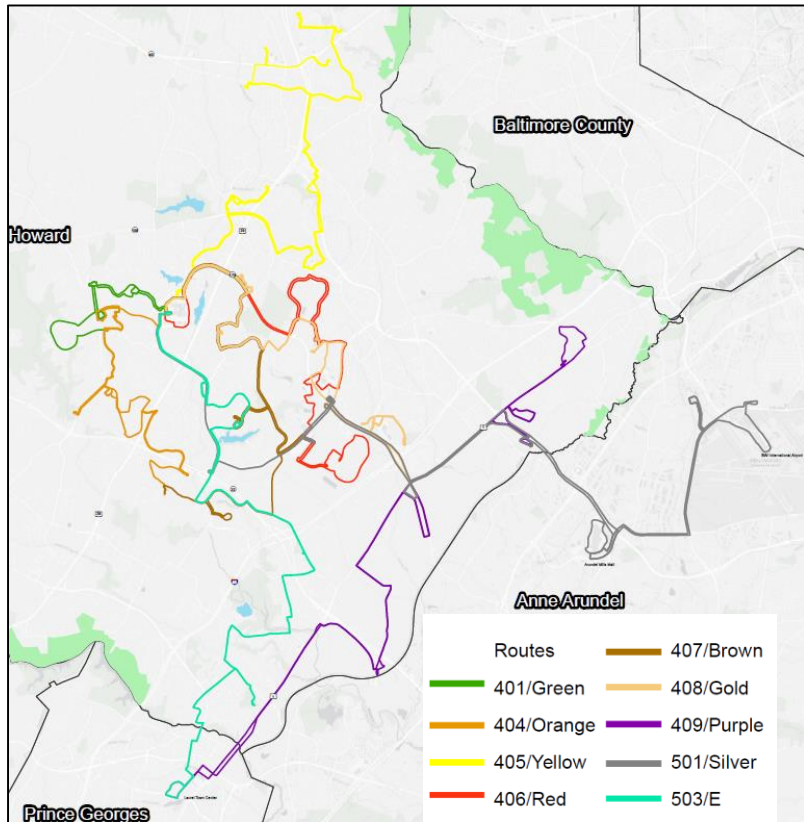

# Complete System – Phase 1

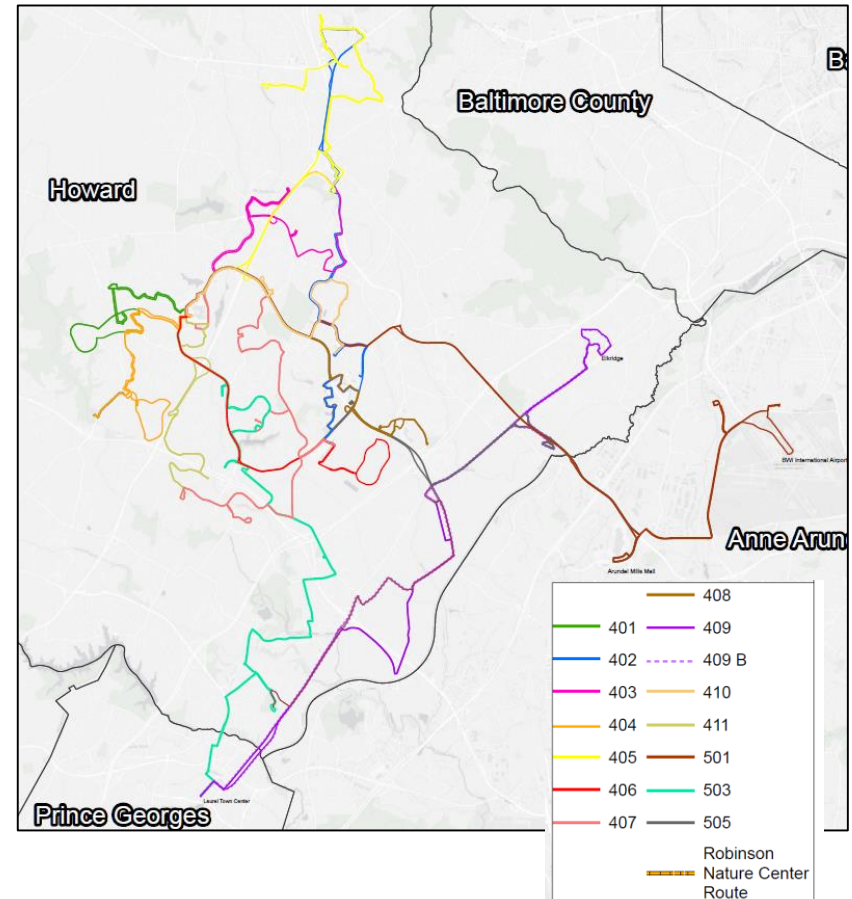

# Complete System – Phase 1 vs Current

Current

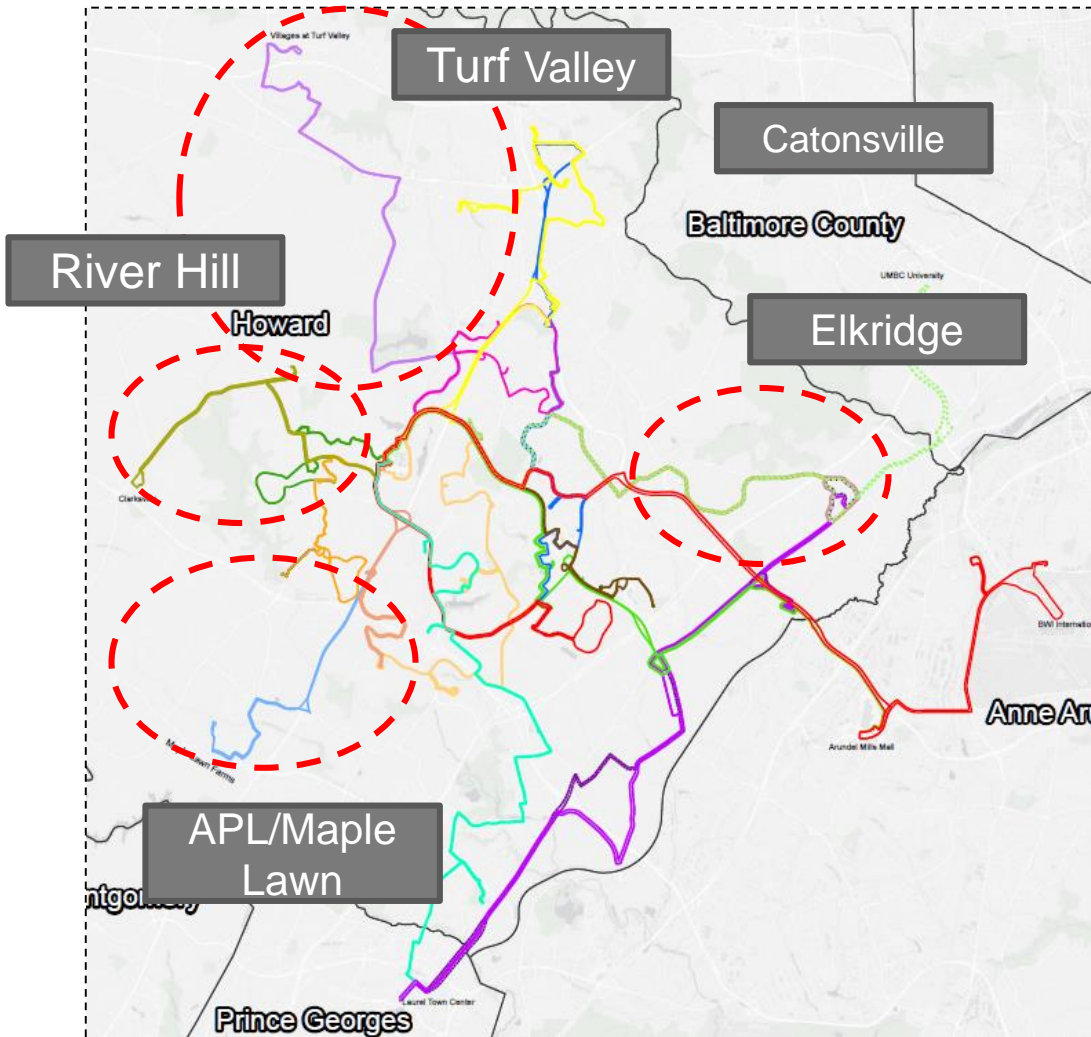

Proposed

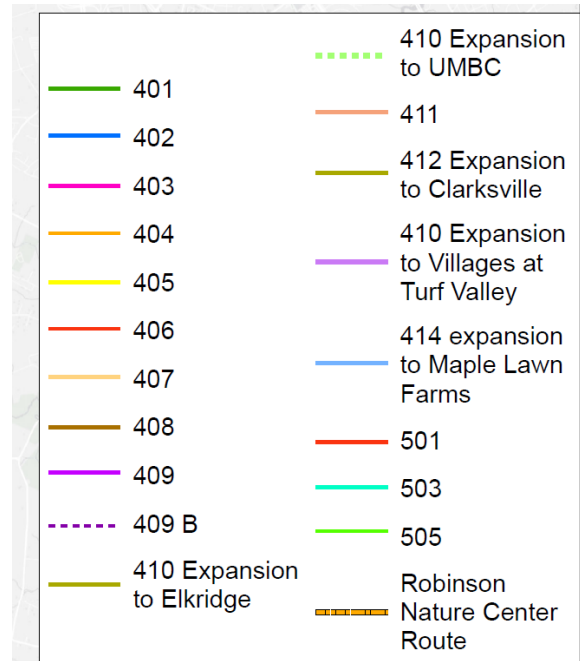

# Complete System – Phase 2

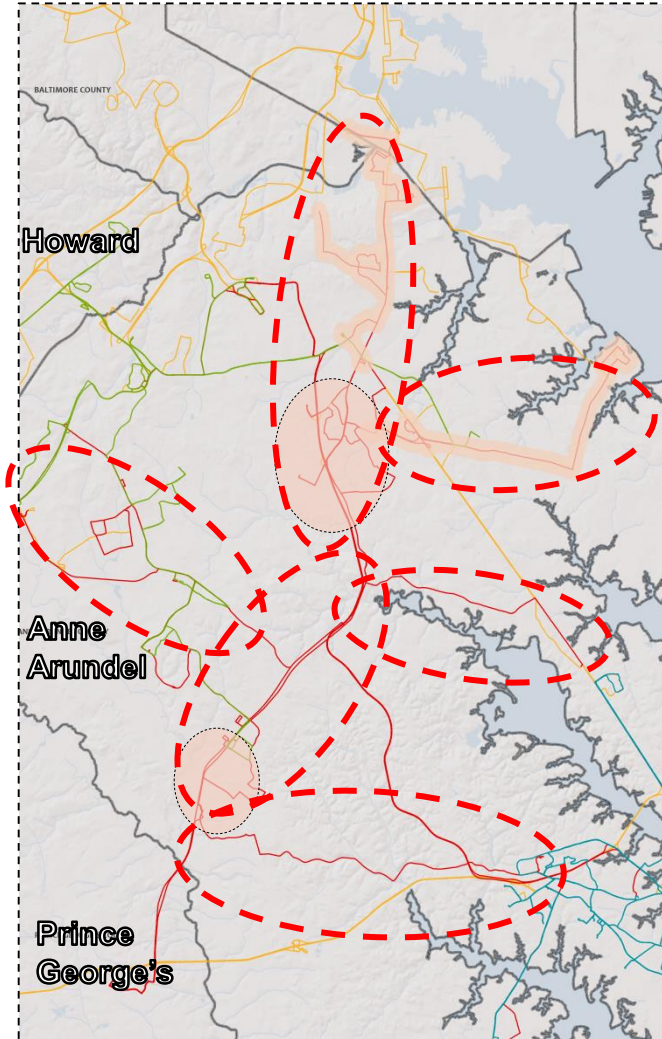

## Expansions

# Expanded Coverage Anne Arundel Co.

## Routes:

- Annapolis to BWI/Arundel Mills
- Bowie to Cromwell LRS
- AACC to Fort Meade/NSA
- Crofton to Annapolis Mall

## Flexible Routes:

- Patapsco LRS to Cromwell via MVA
- Patapsco Plaza to Glen Burnie District Court
- Riviera Beach to UM B-W Medical Center
- South Glen Burnie
- Crofton

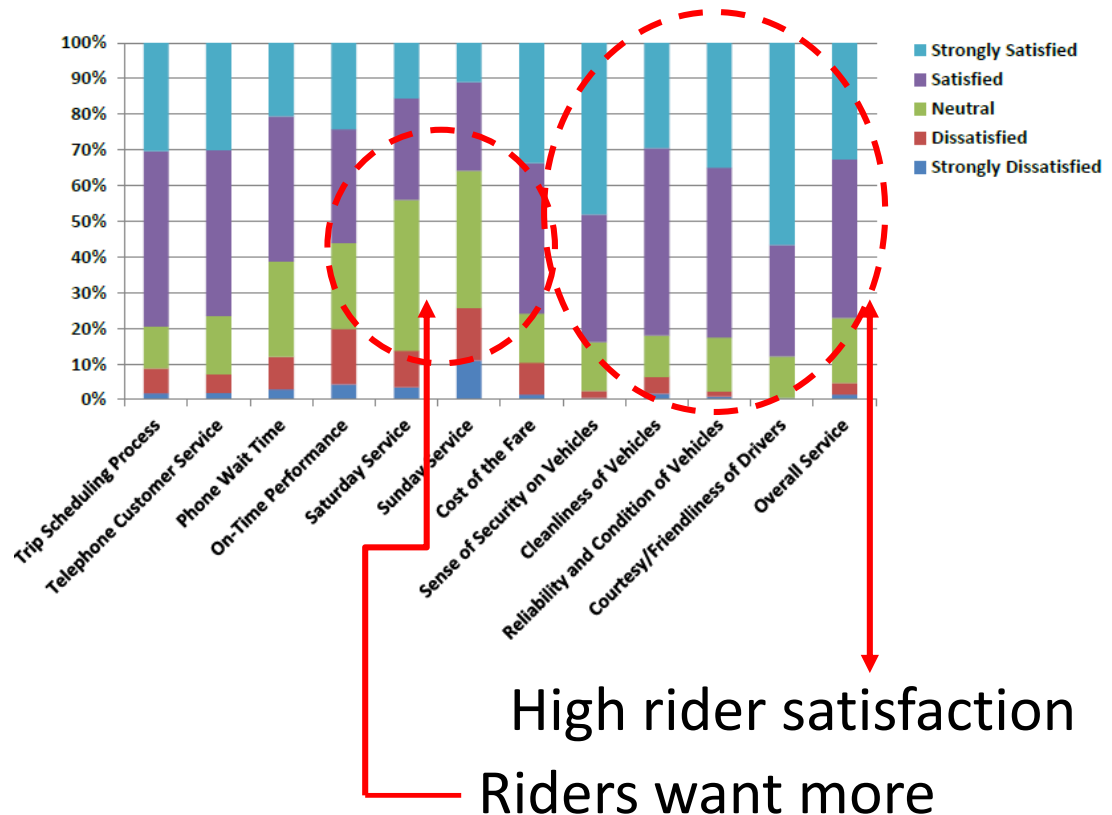

# New Vehicles

- 12 small buses in late Summer 2017
- 7 large buses in late 2017
- Purchase new replacement buses every year until all over-age buses have been replaced—Fiscal Year 2021
- Implement plan to replace vehicles when they have reached the end of their service life.
- Purchase vehicles for service expansions to coincide with the implementation of service.
- New fare collection system to support regional transfers

# Paratransit

- System generally works well
- High level of service: price; ease of use; fleet quality
- Demand is increasing and will continue - aging population
- High cost to operate

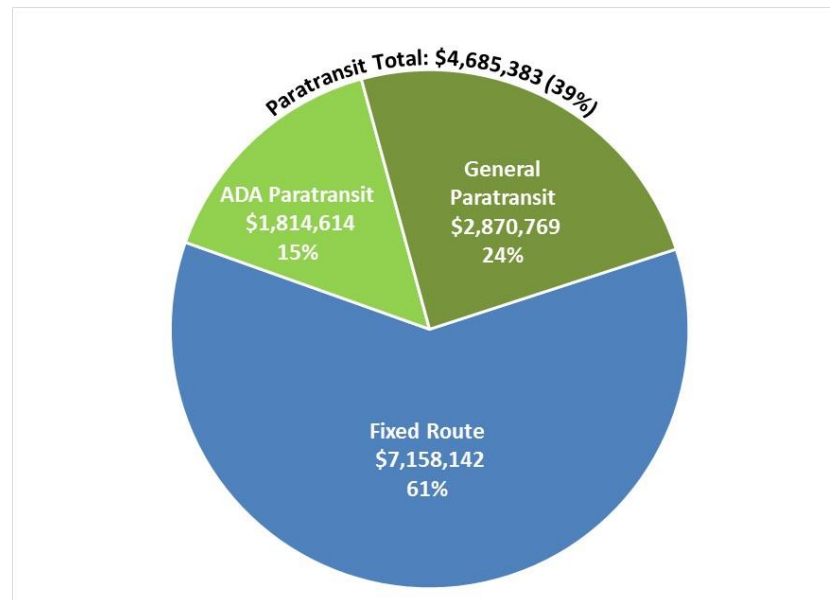

# Paratransit Trip Trends

# FY 2018 Budget, Trips, Trip Cost

# Plan Response – Paratransit

## Plan elements

Begin dialog with stakeholders

Focus service on those who most need service

Incentivize paratransit riders to use fixed route service

Reduce general paratransit (GPT) costs as a share of the budget

## Paratransit demand management / cost reduction/ revenue increase options

### **Incentivize paratransit riders to use fixed route service**

- Free fixed route fares to seniors, GPT riders under 65 with medical condition
- Better fixed routes
- Better bus stop facilities

**Increase fares, e.g., from \$2.50 to \$4.00 for ADA, \$5.00 for GPT**

**Raise “senior” age from 60 to 65**

**Rider education, trip training – how to use the system**

### **GPT Service adjustments**

- Reduce number of trips – e.g., limit number of individual trips per month (currently one round-trip per day)
- Redirect some trip types if fixed route is available
- Limit origins and destinations, e.g.,: limit service in western Howard County; provide service to Baltimore 2 days/week versus current 3.
- Hours: 9 am to 4 pm, currently 8 -5

**Use vouchers/ subsidies in lieu of providing RTA trips. Use on-demand/taxis for share ridesharing**

**Reduce /eliminate/restructure current \$320,000 annual subsidy to human service providers. (study underway)**

**Improve service productivity by RTA (passengers per hour)**

## Related initiatives next 3-5 years

- Pursue increase in State operating and capital funds
- Bus fleet improvements
- Bus rapid transit
- Consistent fare structure
- Improve fare collection – support regional transfers
- First mile, last mile - Deviation – on-demand service, or ridesourcing (e.g., Lyft, Uber)
  - Pilot Project
- Bus stop improvements
- Downtown Transit Center
- Downtown circulator
- Driver training/customer service
- Improve website/information sharing

## Next Steps – Implementation

December 2017 /January 2018

Review/Endorsement by Howard & Anne Arundel County Councils

Gauge support level, fleet status

February to May/ June 2018

Prepare to implement TDP Phase 1  
includes route testing, timetables, signs, route-specific public hearings

Summer/Fall 2018

Implement

# Stations

Please visit our stations for more info & to provide additional input:

- Station 1 – Proposed changes for Route 200 series.
- Station 2 – Proposed changes for Route 300 series.
- Station 3 – Proposed changes for 400 series.
- Station 4 – Proposed changes for 500 series.
- Station 5 – Options for paratransit services.

# Your Input

- Visit project website:  
<http://www.kfhgroup.com/centralmd/transitplan.html>
- Public meetings in August 2017 & September 2017
- Fill out comment card or email input
- Contact project managers at 301-951-8660

  - Jason Quan: [jquan@kfhgroup.com](mailto:jquan@kfhgroup.com)

# Questions?

# Fixed Route Riders

**Figure 1-12: Annual Household Income**

**Figure 1-13: Ethnic Background**

# Fares Summary as of 2017

<b>Trip Type</b>	<b>One way fare</b>	<b>Transfers</b>	<b>Daily Pass</b>	<b>Monthly Pass</b>
<b>Fixed route</b>				
Howard County	\$2.00	Free	Not offered	\$47, 16 <sup>1</sup>
Anne Arundel County, Prince George's, Laurel <sup>2</sup>	\$2.00	Not offered	\$5.00 /\$2.50 <sup>1</sup>	\$60, \$40, \$30
<b>Paratransit</b>				
Howard County	\$2.50	Not applicable		
Anne Arundel County, Prince George's, Laurel	\$4.00			

<sup>1</sup> Senior, disabled, student discount

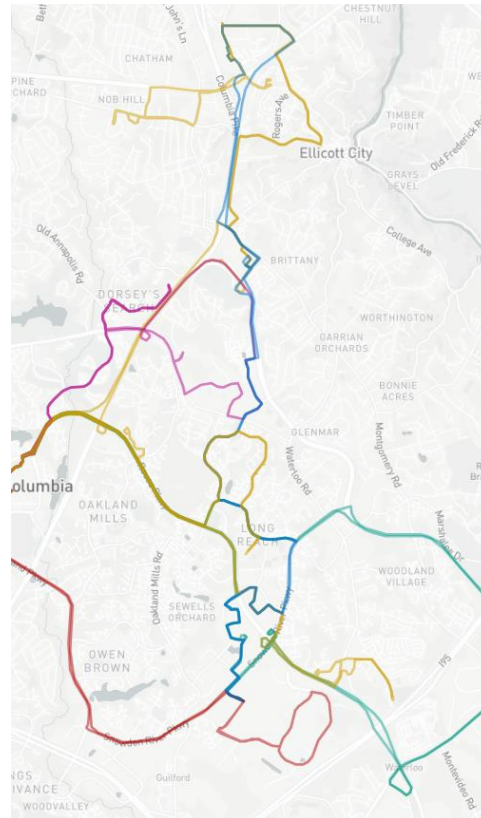

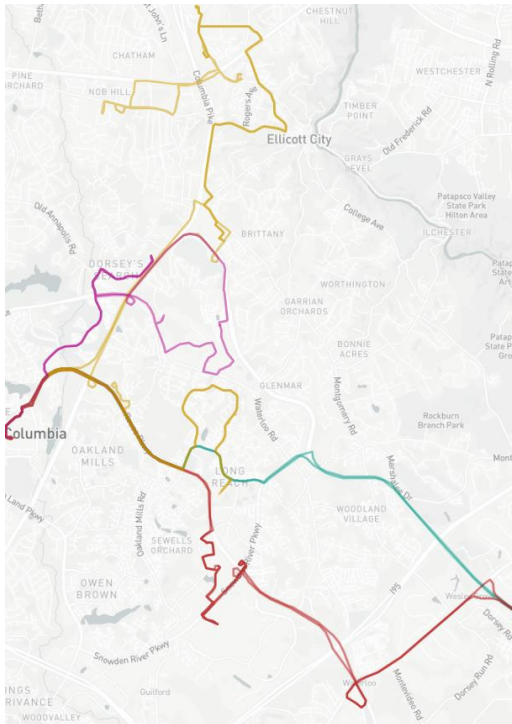

<sup>2</sup> 203 (M) route

# Plan Response – Ellicott City to Snowden Square

Current

Proposed

Connections to 7 other routes

# Fixed Route Service Satisfaction

# Bus Rapid Transit

- Ongoing planning with Montgomery County and State
- Late 2017
  - Ridership analysis
  - Physical constraints assessment

# Preliminary recommendations completed in August

- Route physical constraints
- Relation to proposed TDP services
- Explore longer-term transit potential—e.g. Downtown Columbia & Gateway redevelopment
- Opportunity costs of transitway versus other transit needs
