BACKGROUND

• Launched LOOK ALIVE featuring Signal Woman - a brand new Baltimore-themed campaign in June 2019 with $300,000 FFY 2019 MDOT Maryland Highway Safety Office (MHSO) grant. Development led by Sherry Matthews Group.
• Continued implementation in FFY 2020 ($350,000) and FFY 2021 ($375,000)
• Development of new creative currently underway in FFY 2022 ($500,000). Look Alive – 2 (LA-2)
• Supported by a steering committee made up of state and local jurisdiction representatives.
• Partnership with Baltimore County PD to conduct training workshops and enforcement activation waves.
CAMPAIGN GOALS

• Raise awareness of the behaviors most often involved in pedestrian and bicyclist collisions.

• Educate the public about proper procedures around crosswalks, especially at intersections.

• Motivate people to change behaviors to reduce the likelihood of a collision between a vehicle and a pedestrian or bicyclist.
CAMPAIGN CHALLENGES

• Multiple audiences:
  – Drivers, pedestrians, bicyclists
• Expected to deliver varied messages:
  – Stop for pedestrians in the crosswalk
  – Cross at the corner/use the crosswalk
  – Always watch for pedestrians
  – Pass bicyclists with caution
• Serve multiple jurisdictions with differing challenges and priorities.
• Walkability and safety conditions vary within the region.
ENFORCEMENT TRAINING

• Conducted seven workshops so far (2019/2020/2021)
• Led by Baltimore County PD – Training Academy
• Trained over 150 officers from agencies across the region/state
• Training includes a field exercise that demonstrates how to conduct successful enforcement operation
• Enforcement waves following training – resulted in warnings, citations, and great media coverage
FY 2020 & FY 2021 Campaigns

• Both implementations impacted by pandemic. Modified approach by focusing on social media, providing video clips of MDOT MVA Administrator Nizer, BMC Executive Director Kelly, and BCoPD Officer Enko to media outlets, socially distanced signal people, etc.
• FY 2021 Spring wave kicked off on 4/29/21 with Anne Arundel County Bike Patrol demonstrating C3FT technology.
• Signal People deployment on 5/1/21 in Anne Arundel County followed by three more in the region.
