

BALTIMORE METROPOLITAN COUNCIL

Census 2020 Update

February 27, 2019

PSAP (boundary delineation)

- BMC is primary participant for the region
- Materials received late January
- Submission due in May
- BMC will quality check county submissions
- Census training was held in February
- Work is in progress

New Rules for Block Groups

- CTPP discontinuing data by TAZ
- One solution: draw block groups to resemble TAZs
- Special land use block groups
- No size threshold but land area should be comparable to surrounding block groups
- Special land use block groups do not get Census data

Complete Count Committee

- Census participation promotion
- Focus on undercounted population
- Past BMC involvement focused on demographic analysis
- Possible training and networking event for 2019
