A supplier violating this Law is guilty of a misdemeanor and may be subject to imprisonment not exceeding five years or a fine not exceeding \$5,000, or both.

It is the responsibility of each awarded supplier to screen their workforce to ensure that a Registered Sex Offender is not assigned to perform work at any FCPS school or project. The term workforce includes direct employees, subcontractors, and material and equipment suppliers the awarded supplier will use to perform the work.

b. Other Crimes

An awarded supplier(s), or subcontractors), may not knowingly assign an employee to work on FCPS school premises with direct, unsupervised, and uncontrolled access to children, if the employee has been convicted of:

- i. An offense under § 3-307 or § 3-308 of the Criminal Law Article, or an offense under the laws of another state that would constitute a violation of § 3-307 or § 3-308 of the Criminal Law Article if committed in the State; or
- ii. Child sexual abuse under §3-602 of the Criminal Law Article, or an offense under the laws of another state that would constitute child sexual abuse under §3-602 of the Criminal Law Article if committed in the State; or
- iii. A crime of violence as defined in § 14-101 of the Criminal Law Article, or an offense under the laws of another state that would be a violation of § 14-101 of the Criminal Law Article if committed in this state.

- b. In the event a provider is unable to be fingerprinted by the FCPS Human Resources Department due to distance (living more than 200 miles from FCPS located at 191 South East Street, Frederick, MD) or any other mutually agreeable reason, then the following alternative fingerprinting and disclosure process will be followed:
 1. A contract service provider must request via email a paper fingerprint card from the FCPS Human Resources Department for manual fingerprinting by the contract service provider's local

law enforcement.

2. The contract service provider must be fingerprinted under the Adam Walsh Act background transaction (commonly referred to as the Child Care background check).
3. The FCPS Human Resources Department will mail a paper fingerprint card to the mailing address provided by the requesting contract service provider.
4. Upon being fingerprinted, the contract service provider will return the completed fingerprint card via mail to the FCPS Human Resources Department.
5. The FCPS Human Resources Department will independently submit the contracted service provider's fingerprint card to the state's Criminal Justice Information System (CJIS) for state and federal criminal background check processing.
6. The FCPS Human Resources Department will receive the state and federal background check results and maintain a copy.
7. In the event the FCPS Human Resources Department receives a criminal background check which requires explanation by the contract service provider, the FCPS Human Resources Department will hold a conference (either by phone or virtually) directly with the contracted service provider to determine if the individual would be detrimental to the safety of children and staff and/or if the nature of the crime is such that business operations would be at risk.
8. In the event the FCPS Human Resources Department deems a contract service provider's criminal background check to be unacceptable, the FCPS Human Resources Department will notify the contract service provider in writing of ineligibility to have regular, direct, and unsupervised access to FCPS students. The awarded supplier(s), or subcontractor(s), may not knowingly assign an employee to work on FCPS school premises with direct, unsupervised, and uncontrolled access to children, if the employee has been convicted of a crime identified as a crime of violence.

The fingerprinting and background process may change based upon direction from CJIS. If required, an awarded supplier(s) is responsible for payment of the full cost of the criminal background check.

Additional information regarding this requirement will be found in Section II – FCPS Specific Terms and Conditions

35. ILLEGAL IMMIGRANT LABOR

The use of illegal immigrant labor to fulfill contracts solicited by FCPS is in violation of the law and is strictly prohibited. Awarded supplier(s) and subcontractors must verify employment eligibility of workers in order to assure that they are not violating federal/state/local laws regarding illegal immigration. c. Access to Confidential Information

- 1) To assist the Contractor in its work under the Contract, FCPS may disclose to the Contractor, either in writing or orally, records or information which FCPS deems to be proprietary and/or confidential (hereinafter, "Confidential Information"). For purposes of the Contract, Confidential Information is any information or data labeled or identified as confidential in the Contract or at the time of disclosure. This definition and the obligations of this article shall not extend to any information that: (i) the Contractor possesses prior to acquiring it from FCPS; (ii) becomes available to the public or trade through no violation by the Contractor; or (iii) is developed by the Contractor independently of and without reliance on confidential or proprietary information provided by FCPS.
- 2) Confidential Information also includes any and all "Personally Identifiable Information" regarding FCPS students, parents/guardians, employees, or others in any medium, including but not limited to any user-generated content that FCPS students, parents/guardians, employees, or others ("FCPS Users") input to access or use the Contractor's deliverables, products, and/or services (e.g., log-in information or responses to assessment questions), as well as "Metadata." Metadata includes but is not limited to: information about how long a FCPS User took to perform a task; information about how long a FCPS User's mouse hovered over an item; keystroke data; location data; or other data about the FCPS User's use of the Contractor's deliverables, products, and/or services that has not been stripped of all direct and indirect identifiers. With respect to FCPS students, Personally Identifiable Information, as defined under applicable law, includes:
 - a. A student's name;
 - b. The name of the student's parent/guardian or other family members;
 - c. The address of the student or student's family;
 - d. A personal identifier, such as the student's social security number, student number, or biometric record;
 - e. Other indirect identifiers, such as the student's date of birth, place of birth, and mother's maiden name;
 - f. Other information (including but not limited to Metadata) that, alone or in combination, is linked or linkable to a specific student or family that would allow a reasonable person in the FCPS community, who does not have personal knowledge of the relevant circumstances, to identify the student or family with reasonable certainty; or
 - g. Information requested by a person, who is not an authorized representative of the educational agency and who FCPS and/or the Contractor reasonably believes knows the identity of the student to whom the education record relates.
- 3) Confidential Information shall be maintained in confidence during the Contract and thereafter, except to the extent that it is required to be either disclosed or protected from disclosure by law, regulation or judicial or administrative process. The Contractor shall use the Confidential Information solely for the purposes of the Contract. The Contractor shall protect the Confidential Information from any Data Security Breach (as defined below), loss, theft, or disclosure using a commercially reasonable care commensurate with the sensitivity of the Confidential Information that in no circumstances is less than the degree of care that the Contractor uses to protect its own confidential information. The Contractor agrees to assist FCPS

in maintaining the privacy of Confidential Information as may be required by all federal, state, and county laws and regulations applicable to the Contract including but not limited to the requirements listed above.

- 4) The Contractor shall not permit unauthorized access to the Confidential Information to any individual or entity at any time or provide Confidential Information to any person, party, or organization ineligible or prohibited from receiving such information pursuant to any federal, state, and county laws and regulations applicable to the Contract including but not limited to the requirements listed above.
- 5) In the event that the Contractor is required by law, regulation, or judicial or administrative process to disclose any Confidential Information, the Contractor will promptly notify FCPS in writing, if permitted by law, prior to making any such disclosure in order to facilitate FCPS' seeking of a protective order or other appropriate remedy from the appropriate body. Should the proprietary or confidential status of any such information be disputed, the Parties agree to work in good faith to reach a mutually satisfactory disposition.
- 6) To the extent that Confidential Information includes Personally Identifiable Information regarding FCPS Users, FCPS may require additional data sharing protocols, as agreed in writing by the Parties, prior to its disclosure to the Contractor. The Contractor also agrees to comply with the re-disclosure limitations set forth in FERPA, including in 34 C.F.R. § 99.33, and shall not authorize access to Confidential Information to any of its employees, agents, affiliates, and subcontractors, or to any auditor, unless such employee, agent, affiliate, subcontractor, or auditor (i) requires such access in order to allow the Contractor to provide the deliverables, products, and/or services set forth in the Contract or to fulfill the Contractor's obligations under the Contract; and (ii) has signed a non-disclosure agreement no less restrictive than the terms of the Contract that will (a) prohibit the such individual or entity from using any Confidential Information for any purpose other than providing the contracted service to, or on behalf of the Contractor; (b) prohibit the individual or entity from disclosing any Confidential Information provided by the Contractor to third parties; (c) require the individual or entity to implement and maintain strict security procedures and practices that, at a minimum, comply with industry standards for data security; and (d) require the individual or entity to promptly notify the Contractor if the individual or entity becomes aware of any unlawful access to any Confidential Information stored on its equipment or facilities resulting in loss, disclosure, or alteration of Confidential Information. Such non-disclosure agreements shall be made available for inspection, upon demand, to FCPS. The Contractor agrees to remind (in writing) individuals or entities who cease working with the Contractor of their non-disclosure obligations at the time of departure, and to terminate the network access of such individuals or entities at the time of separation.
- 7) Notwithstanding any other provision of the Contract, FCPS and/or FCPS Users, as appropriate, retain all right, title, and interest in and to the Confidential Information provided by FCPS and/or FCPS Users. Neither the Contractor, nor any successor or entity to which the Contractor's assets are sold, acquires rights in the Confidential Information, other than the rights FCPS grants to the Contractor to perform the work contemplated in the Contract. If the Contractor becomes subject to dissolution or insolvency, FCPS' and FCPS Users' Confidential Information will not be considered an asset or property of the Contractor. FCPS reserves the right to demand the prompt return of any Confidential Information at any time and for any reason whatsoever. The disclosure of Confidential Information to the Contractor shall not be construed as a grant of any right or license with respect to the information other than for the purposes set forth in the Contract.

d. Use of Confidential Information

- 1) The Contractor shall collect, use, and store only such Confidential Information that is necessary in connection with the Contractor's obligations under the Contract.
- 2) The Contractor may collect and use aggregated de-identified Confidential Information to provide the deliverables, products, and/or services set forth in the Contract, for the Contractor's lawful quality assurance, and for no other purpose; provided, however, that all direct and indirect personal identifiers are permanently removed and there is no reasonable basis to believe that the remaining information in the records can be used to successfully link the de-identified information to an identifiable individual or to FCPS. Furthermore, the Contractor agrees not to: (i) attempt to re-identify de-identified Confidential Information; and/or (ii) transfer de-identified Confidential Information to any party unless that party agrees not to attempt to re-identify the de-identified Confidential Information and unless FCPS has provided written express consent of the transfer.
- 3) Neither the Contractor nor any of its employees, agents, affiliates, and subcontractors shall: (i) engage in targeted advertising to FCPS Users; (ii) engage in targeted advertising when the targeting of the advertising is based on Confidential Information; (iii) use Confidential Information to amass a profile about a FCPS User, except in connection with the Contractor's performance of its obligations under the Contract; (iv) sell Confidential Information; or (v) share with any individual or entity outside FCPS, without prior review and approval from FCPS, any report, data, or research findings that are based on Confidential Information or the use by FCPS or FCPS Users of the Contractor's deliverables, products and/or services and that could be linked to an identifiable FCPS User, stakeholder, school, or the district.
- 4) The Contractor acknowledges that there are no user agreements (whether electronic, click-through, verbal or in writing) in existence or contemplated between the Contractor and any FCPS Users in connection with their access and use of the Contractor's deliverables, products, or services, and this Contract shall supersede any user agreements that may be adopted during the term of the Contract.

e. Security of Confidential Information

- 1) The Contractor shall implement and maintain a comprehensive data-security program in accordance with commercial best practices for the protection of Confidential Information, whether the Confidential Information is stored electronically and/or in hard copy. Such data-security program shall include, but is not limited to, the following:
 - a. Security policies for the Contractor's employees, agents, affiliates, and subcontractors related to the storage, access, retention, transportation, and disposition of data containing Confidential Information;
 - b. Reasonable restrictions on access to records containing Confidential Information, including access to any locked storage where such records are kept;
 - c. Secure access controls to Confidential Information, including but not limited to passwords;
 - d. Procedures for data recovery, incident response and processes, and business continuity processes and procedures;
 - e. Encryption of Confidential Information in accordance with industry standard encryption when it is stored or transmitted electronically;

 - g. Audit logs of its system on a secured server with restricted access to prevent tampering or altering of audit data; and
 - h. A process for reviewing policies, procedures, and security measures, as well as training on security policies for employees who have access to Confidential Information, at least annually.
- 2) The Contractor certifies that it has implemented policies, procedures, and security measures to protect against reasonably foreseeable unauthorized access to, or disclosure of, Confidential Information, and to prevent other reasonably foreseeable events that may result in substantial harm to FCPS. In addition, the Contractor shall not maintain or store Confidential Information outside of the United States. To the extent that the Contractor uses cloud computing services, all Confidential Information provided by FCPS or FCPS Users shall be securely stored with a commercially reasonable third-party vendor using physical servers located solely within the United States and subject to network security measures consistent with industry standards. The Contractor will confirm to FCPS that the third-party vendor agrees to the non-disclosure agreement terms described in Article 18.C.6.
 - 3) Access to the Contractor's server(s) hosting Confidential Information shall be limited to the Contractor's operations employees, agents, affiliates, or subcontractors who: (i) have access to Contractor's access keys and are specifically trained to manage and secure data; and/or (ii) are involved in providing the Contractor's deliverables, products and/or services.
 - 4) Any computer, server, or database on which Confidential Information, or any analysis conducted pursuant to the Contract, is maintained shall have anti-virus, configuration control, monitoring/alerting, automated backups, and regular vulnerability testing. Such computer, server, or databases shall be password protected and securely stored at all times with proper authentication and authorization procedures and with access limited to the Contractor's operations personnel and personnel directly involved in implementing the Contract. The Contractor shall not permit Confidential Information to be maintained or stored on any portable memory device, such as thumb drives or portable hard drives, without the express written consent of FCPS. The Contractor shall not permit Confidential Information to be maintained or stored on mobile computing devices (e.g. laptops or tablets), unless such device is being used in connection with the Contractor's backup and recovery procedures. In the event that such a device is being used in connection with the Contractor's backup and recovery procedures, the Contractor will ensure that such mobile computing devices are encrypted, centrally managed with respect to configuration updates and anti-virus, password protected, and that all such devices will be scanned at the expiration or termination of the Contract to ensure that no Confidential information remains stored on such mobile computing devices.
 - 5) The Contractor will regularly backup or cause to be backed up all Confidential Information under its control and will securely store and retain backups for such period of time as may be required by federal or state law or regulation, or by FCPS. The Contractor will remove Confidential Information from backups in a manner consistent with technology best practices and industry standards for secure data disposal methods. If the Contractor is required to restore any materials from its backups, it will purge all personally identifiable Confidential Information not currently in use in the production systems from the restored backups.
- f. FCPS reserves the right in its sole discretion to perform audits of the Contractor at its sole expense to ensure compliance with this article. The Contractor shall reasonably cooperate in the performance

of such audits. The Contractor also will conduct regular internal monitoring and vulnerability assessments of the computers, computing environment, servers, and physical data centers that the Contractor uses to collect, process, maintain, or store FCPS' Confidential Information that includes Personally Identifiable Information regarding FCPS Users, and to hire a third party to conduct no less than annual security audits, which includes penetration testing. The Contractor shall review audit findings and will implement recommended security program changes and enhancements where practical and appropriate. The Contractor will provide FCPS, upon request, summary data of the above audits, scans, and tests. The Contractor will take reasonable measures, including maintaining audit trails, to protect Confidential Information against deterioration or degradation of data quality and authenticity.

g. Data Security Breach

- 1) A "Data Security Breach" is any instance in which the Contractor has actual knowledge or a reasonable basis on which to suspect or conclude that there has been an unauthorized release or access of Confidential Information, regardless of whether the Contractor stores and manages data directly or through a contractor such as a third-party cloud computing vendor. A Data Security Breach may take various forms, including but not limited to: hackers gaining access to data through a malicious attack; lost, stolen, or temporarily misplaced data or equipment (e.g., mobile computing devices or portable memory devices); employee negligence (e.g., leaving a password list in a publicly-accessible location, technical staff misconfiguring a security service or device); or policy and/or system failure.
 - 2) The Contractor shall notify the FCPS Project Contact immediately of any Data Security Breach or data loss, and inform FCPS (to the extent known) what data has been compromised, but in no event later than twenty-four (24) hours after the Contractor learns of the Data Security Breach or data loss. If the Contractor becomes aware of a Data Security Breach or data loss, it shall cooperate with FCPS regarding recovery, remediation, and the necessity to involve law enforcement, if any. The Contractor shall be responsible for performing an analysis to determine the cause of the Data Security Breach or data loss, and for producing a remediation plan in consultation with FCPS. FCPS and the Contractor agree to work together to determine an appropriate notification plan to any FCPS Users of the Contractor's deliverables, products and/or services regarding any such Data Security Breach or data loss. In addition, to the extent not prohibited, the Contractor agrees to notify FCPS of Data Security Breaches or data losses that affect its customers generally.
 - 3) In addition to any other remedies available to FCPS, at law or in equity, the Contractor will reimburse FCPS in full for all costs incurred by FCPS in investigating and remediating any Data Security Breach or data loss caused in whole or in part by the Contractor or its employees, agents, affiliates, or subcontractors. The Contractor shall use commercially reasonable efforts to mitigate any negative consequences caused to FCPS, or to a FCPS User, as the result of a Data Security Breach or data loss and to implement procedures to prevent the recurrence of a similar Data Security Breach or data loss.
 - 4) The Contractor shall provide notice to FCPS within twenty-four (24) hours of notice or service on the Contractor, whichever occurs first, of any lawsuits resulting from, or government investigations of, the Contractor's handling of Confidential Information, failure to follow security requirements, and/or failure to safeguard confidential information of any third party.
- h. Except as specifically set forth by FCPS in writing, or as required by federal, state, and county laws and regulations, the Contractor shall upon the termination or expiration of the Contract, upon cessation or dissolution of the Contractor's business operations, or upon request by FCPS:

- 1) Erase, destroy, permanently delete, and render unreadable all Confidential Information in its paper files, computers, computing environment, systems, equipment, servers, and physical data centers; or, upon FCPS' request to ensure the integrity of FCPS operations, transfer/migrate such Confidential Information to FCPS or its designated third party;
 - 2) Certify in writing that the actions set forth in this subsection have been completed on or before agreed-upon deadlines;
 - 3) Ensure that any transfer/migration uses facilities and methods that are compatible with the relevant systems of FCPS or its designated third party; and
 - 4) To the extent technologically possible, ensure that FCPS will have access to the Confidential Information during any transfer/migration.
- i. Nothing in this article shall supersede in any manner the Contractor's obligations or the obligations of its employees, agents, affiliates, or subcontractors pursuant to all federal, state, and county laws and regulations applicable to the Contract including but not limited to the requirements listed above, or the provisions of the Contract concerning the Contractor's obligations to FCPS.
 - j. Violation of this article constitutes a breach of contract for which FCPS may terminate the Contract pursuant to Article 13, and/or pursue any other appropriate remedy. Notwithstanding anything in the Contract to the contrary, the provisions of this article shall survive the expiration or earlier termination of the Contract.

37. PUBLIC INFORMATION ACT NOTICE

- a. Bidders should identify those portions of their solicitation, which they deem to be confidential, or to contain proprietary commercial information or trade secrets. Bidders should provide justification why such material, upon request, should not be disclosed by FCPS under the Public Information Act, Title 4, General Provisions Article, Annotated Code of Maryland.
- b. Unless portions of a solicitation are identified as confidential, all records are considered public. A person or governmental unit that wishes to inspect a public record, or receive copies of a public record, shall submit a written or electronic request and direct it to the Office of Legal Services per FCPS Regulation 200-42.

38. FORCE MAJEURE

Force Majeure is defined as an occurrence beyond the control of the affected party and not avoidable by reason of diligence. It includes the acts of nature, war, riots, strikes, fire, floods, epidemics, terrorism, or other similar occurrences. If either party is delayed by Force Majeure, said party shall provide written notification to the other within 48 hours. Delays shall cease as soon as practicable and written notification of same provided. The time of contract completion may be extended by contract modification, for a period of time equal to that delay caused under this condition. FCPS may also consider requests for price increase for raw materials that are directly attributable to the cause of delay. FCPS reserves the right to cancel the contract and/or purchase materials, equipment or services from the best available source during the time of Force Majeure, and the supplier shall have no recourse against FCPS. Further, except for payment of sums due, neither party shall be liable to the other or deemed in default under this contract, if and to the extent that such party's performance of this contract is prevented by reason of Force Majeure as defined herein.

39. ETHICS POLICY

- a. The Board of Education of Frederick County has an Ethics Policy, which covers conflict of interest, financial disclosure and lobbying. All bidders are expected to comply with any and all Ethics Policies that may apply to them individually or as a business entity.
- b. All bidders should carefully review Board Policy 109, Ethics, which prohibits FCPS employees from benefiting from business with the school system.

40. NON-COLLUSION

- a. Bidder represents and certifies that prices for these services have been arrived at independently without consultation, communication, or agreement for the purpose of restricting competition or any matter related to such prices with any competitor or other bidder. Prices quoted in this bid have not been knowingly disclosed directly or indirectly to any competitor or other supplier prior to the opening of this bid.
- b. Bidder represents and certifies that it has not employed or retained any other company or person (other than a full-time bona fide employee working exclusively for the bidder) with the primary intent to solicit or secure the contract.

41. CONFLICT OF INTEREST

All suppliers interested in conducting business with Frederick County Public Schools (FCPS) must complete and return the Suppliers Conflict of Interest Disclosure Form included in the solicitation packet, in order to be eligible to be awarded a contract with FCPS.

42. SERVICE LEVEL AGREEMENT (SLA)

a. Definitions

- 1. A “Problem” is defined as any situation or issue reported via a help desk ticket that is related to the system operation that is not an enhancement request.
- 2. “Problem resolution time” is defined as the period of time from when the help desk ticket is opened to when it is resolved.
- 3. Monthly Charges: for purposes of SLA credit calculation, Monthly Charges are defined as the charges set forth under Fees, invoiced during the month of the breach for the monthly fixed services, or, in the event of annual billing, 1/12 of the annual invoice amount.

b. SLA Requirements

The Contractor shall:

- 1. Be responsible for complying with all performance measurements, and shall also ensure compliance by all subcontractors.
- 2. Meet the Problem response time and resolution requirements as defined in item 42 h.
- 3. Provide a monthly report to monitor and detail response times and resolution times.

4. Log Problems into the Contractor-supplied help desk software and assign an initial severity (Emergency, High, Medium or Low as defined in item 42 h).
5. Respond to and update all Problems, including recording when a Problem is resolved and its resolution. Appropriate personnel shall be notified when a Problem is resolved.
6. FCPS shall make the final determination regarding Problem severity.
7. Contractor shall review any Problem with FCPS to establish the remediation plan and relevant target dates.

c. SLA Effective Date (SLA Activation Date)

SLAs set forth herein shall be in effect beginning with the commencement of monthly services as of the effective date of the contract, unless a defined transition, or implementation, date is provided.

Beginning on the SLA Activation Date, for any performance measurement not met during the monthly reporting period, the SLA credit for that individual measurement shall be applied to the Monthly Charges.

d. Service Level Reporting

1. Contractor performance will be monitored by FCPS.
2. The Contractor shall provide detailed monthly reports evidencing the attained level for each SLA.
3. The Contractor shall provide a monthly summary report for SLA performance.
4. Monthly reports shall be delivered via e-mail to the Project Contact by the 15th of the following month.
5. If any of the performance measurements are not met during the monthly reporting period, the Contractor will be notified of the standard that is not in compliance.

e. SLA Service Credits

Time is an essential element of the Contract. For work that is not completed within the time(s) specified in the service level metrics in the Contract, the Contractor shall be liable for service credits in the amount(s) provided for in the Contract.

Service credits will be cumulative for each missed service requirement. FCPS, at its option for amount due as service credits, may deduct such from any money payable to the Contractor or may bill the Contractor as a separate item. In the event of a catastrophic failure, all affected SLAs shall be credited to FCPS.

In no event shall the aggregate of all SLA credits paid to FCPS in any calendar month exceed 25% of any Monthly Charges.

Example: If Monthly Charges were \$100,000 and one SLA were missed, with an applicable 4% credit, the credit to the invoice would be \$4,000, and FCPS would pay a net Monthly Charge of \$96,000. If the charges for the contract were paid as an annual payment, FCPS will invoice the Contractor for the applicable amount.

The parties agree that any assessment of service credits shall be construed and treated by the parties not as imposing a penalty upon the Contractor, but as compensation to FCPS for the Contractor's failure to satisfy its service level obligations.

f. Root Cause Analysis

If the same SLA measurement yields an SLA credit more than once, the Contractor shall conduct a root cause analysis. Such root cause analysis shall be provided within 30 days of the second breach, and every breach thereafter.

In addition, for each 'Emergency' or 'High' priority Problem, the affected parties will perform a root cause analysis and institute a process of problem management to prevent recurrence of the issue.

g. Service Level Measurements Table (System performance)

The Contractor shall comply with the service level measurements in the following table:

No.	Service Requirement	Measurement	Service Level Agreement	SLA Credit
1	Problem Response Time - Emergency	Average Response Time for Emergency Priority Problems.	98% <15 minutes	1%
2	Problem Response Time – High	Average Response Time for High Priority Problems.	98% <30 minutes	1%

43. SERVICE ORGANIZATION CONTROL (SOC) AUDIT REPORT

This section applies to the vendor, and any relevant subcontractor, who provides services for FCPS identified critical functions, handles Sensitive Data, and/or hosts any related, implemented system, for FCPS, under the Contract. For purposes of this section, "relevant subcontractor" includes any subcontractor that assists the vendor in the critical functions of the Contract, handles Sensitive Data, and/or assists with any related implemented system, excluding subcontractors that provide secondary services that are not pertinent to assisting the vendor in the critical functions of the Contract, handling Sensitive Data, and/or assisting with any related implemented system

The vendor shall provide annually, at no cost to FCPS, evidence of compliant, and ongoing, internal control of sensitive data and processes through a standard methodology, such as, but without limitation, the American Institute of Certified Public Accountant (AICPA) Service Organization Control (SOC) Reports. The evidence of compliance shall be contained in a report describing the effectiveness of the vendor's internal controls.

If deficiencies in the vendor's internal control processes and procedures are described in the most recent version of the report, the vendor shall automatically submit the report to the Contract Manager, within a timely manner, and shall describe the corrective actions to be put into place by the vendor to remedy the deficiencies.

If the vendor fails, during the contract term to obtain an annual SOC 2 Report by the contract end date, FCPS shall have the right to retain an independent audit firm to perform an audit engagement of a SOC 2 Report of the Information Functions and Processes utilized or provided by the vendor and under the Contract. The vendor agrees to allow the independent audit firm to access its facility/ies for purposes of conducting this audit engagement(s), and will provide the necessary support and cooperation to the independent audit firm that is required to perform the audit engagement of the SOC 2 Report. FCPS will invoice the vendor for the expense of the SOC 2 Report(s), or deduct the cost from future payments to the vendor.

This section shall survive expiration or termination of the Contract. Additionally, the Contractor shall flow down the content of this section, or the substance thereof, in all subcontracts.

44. FEDERAL CONTRACT AWARDS

In the event that federal funds are utilized for purchases under this contract, Appendix II to Part 200 – Contract Provisions for Non-Federal Entity Contracts Under Federal Awards, will be applicable.

This document can be found at the end of Section I, General Terms and Conditions, as Attachment "A".

ATTACHMENT A - APPENDIX II TO PART 200—CONTRACT PROVISIONS FOR NON-FEDERAL ENTITY CONTRACTS UNDER FEDERAL AWARDS

In addition to other provisions required by the Federal agency or non-Federal entity, all contracts made by the non-Federal entity under the Federal award must contain provisions covering the following, as applicable.

- (A) Contracts for more than the simplified acquisition threshold currently set at \$250,000, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.
- (B) All contracts in excess of \$10,000 must address termination for cause and for convenience by the non-Federal entity including the manner by which it will be affected and the basis for settlement.
- (C) Equal Employment Opportunity. Except as otherwise provided under 41 CFR Part 60, all contracts that meet the definition of “federally assisted construction contract” in 41 CFR Part 60-1.3 must include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, “Equal Employment Opportunity” (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, “Amending Executive Order 11246 Relating to Equal Employment Opportunity,” and implementing regulations at 41 CFR part 60, “Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor.”
- (D) Davis-Bacon Act, as amended (40 U.S.C. 3141-3148). When required by Federal program legislation, all prime construction contracts in excess of \$2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, “Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction”). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency. The contracts must also include a provision for compliance with the Copeland “Anti-Kickback” Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, “Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States”). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.
- (E) Contract Work Hours and Safety Standards Act (40 U.S.C. 3701-3708). Where applicable, all contracts awarded by the non-Federal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous.

These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the

open market, or contracts for transportation or transmission of intelligence.

(F) Rights to Inventions Made Under a Contract or Agreement. If the Federal award meets the definition of “funding agreement” under 37 CFR §401.2 (a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that “funding agreement,” the recipient or subrecipient must comply with the requirements of 37 CFR Part 401, “Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements,” and any implementing regulations issued by the awarding agency.

(G) Clean Air Act (42 U.S.C. 7401-7671q.) and the Federal Water Pollution Control Act (33 U.S.C. 1251-1387), as amended—Contracts and subgrants of amounts in excess of \$150,000 must contain a provision that requires the non-Federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251-1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).

(H) Debarment and Suspension (Executive Orders 12549 and 12689)—A contract award (see 2 CFR 180.220) must not be made to parties listed on the governmentwide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR part 1986 Comp., p. 189) and 12689 (3 CFR part 1989 Comp., p. 235), “Debarment and Suspension.” SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

(I) Byrd Anti-Lobbying Amendment (31 U.S.C. 1352)—Contractors that apply or bid for an award exceeding \$100,000 must file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award.

(J) See §200.322 Procurement of recovered materials.

**FREDERICK COUNTY PUBLIC SCHOOLS (FCPS)
SPECIFIC TERMS AND CONDITIONS
SECTION II**

1. SCOPE

The intent of this solicitation is to establish a cooperative contract for an ability measure, to not only be used as a universal screener for gifted and talented education identification, but also to be used as a data source to inform next steps in grouping and instructional delivery for all students. Data from this ability measure will be used by schools to address the needs of students with different learning strengths and weaknesses, enable teachers to involve parents in their children's education, and improve classroom practice and student learning by allowing teachers to leverage specific data to inform instructional support for all students.

The need for an ability measure stems from the COMAR 13A.04.07 mandate to utilize an ability measure during the identification process of students with gifts and talents. As such, the benefits of having an ability measure span all FCPS students, adding to a data profile that is inclusive of measures of ability, performance and potential. It will allow school staff to:

- Determine the verbal, quantitative, and nonverbal strengths and weaknesses of students
- Talent spot for advanced-level services and coursework
- Design whole and small group instruction that addresses students' unique needs.

2. CONTRACT PERIOD

The initial term of this contract shall be effective from July 1, 2024 through June 30, 2027. The contract may be renewed for three additional three-year terms, at the discretion of the Board of Education, with all terms and conditions of the original contract remaining unchanged. Bidders automatically accept the possibility of contract renewal as a condition of award.

Extension of this contract is contingent upon satisfactory performance of the contractor, and is subject to appropriate funding.

3. COOPERATIVE CONTRACT/MULTI-AGENCY PARTICIPATION

- a. FCPS is assuming the role of Lead Agency, and reserves the right to extend the terms and conditions of this solicitation to any and all other agencies within the state of Maryland, as well as, any other federal, state, municipal, county, or local governmental agency under the jurisdiction of the United States and its territories. This is conditioned upon mutual agreement of all parties pursuant to special requirements, which may be appended thereto.
- b. The awarded supplier(s) agrees to notify FCPS of the entities that wish to use any contract resulting from this RFP, and will also provide usage information, which may be requested.
- c. By agreeing to extend the contract to other agencies, the supplier(s) reaffirms and warrants his original commitment to FCPS so that afterwards all items and services shall continue to conform to the requirements and conditions of the original agreement for its duration. Agencies who utilize the contract agree to notify FCPS Purchasing Department of any significant experiences, problems or issues which may, or may have the potential to, affect our administration of this contract.
- d. FCPS assumes no obligation on behalf of any other agency and shall be held harmless if either party is damaged due to the agency or supplier's failure to become informed of, or comply with, any provision or pricing under this agreement. All purchase orders and billing will be transacted

between the supplier and the public agency.

- e. Each participating jurisdiction or agency shall enter into its own contract with the awarded supplier(s) and this contract shall be binding only upon the principals signing such an agreement. Invoices shall be submitted “directly” to the ordering jurisdiction for each unit purchased. Disputes over the execution of any contract shall be the responsibility of the participating jurisdiction or agency that entered into that contract. Disputes must be resolved solely between the participating agency and the awarded supplier(s). The Lead Agency does not assume any responsibility other than to obtain pricing for the specifications provided.
- f. Agencies that choose to join on to this contract will hereafter be known as “member agency(ies).”

4. PRICING

- a. FCPS is seeking pricing to be in a unit price per student format. The unit pricing offered on this proposal must be fixed and not subject to increase for the initial contract period.
- b. Pricing shall be offered in a discount-for-volume structure, whereby the unit cost decreases as the number of students increases.
- c. Adjustments to the base unit prices may be negotiated prior to a renewal period, and will take effect for that renewal period, if mutually agreed upon by FCPS and the awarded vendor.
- d. Information on student population will be obtained from the most current Maryland State Department of Education (MSDE) publication “*Maryland Public School Enrollment by Race/Ethnicity and Gender and Number of Schools.*”
 - i. Should a member agency be from out-of-state, or within the state, but not under the purview of MSDE, a similar, publicly posted publication, with like information, will be identified and used to determine the number of students. The Lead Agency will work with the awarded vendor in obtaining that information.
 - ii. The number of students to be used to determine pricing will be estimated by taking 15% of the total number of students per member agency.
 - iii. The estimated number of students is only to be used in determining the pricing for a fiscal year (July to June). The number of units needed by member agencies will vary during a fiscal year, and may be higher, or lower, than the estimated total.
- e. Additional students, provided by member agencies who join the RFP during a fiscal year period, will contribute to the total student count for the next fiscal year.
- f. Pricing for a given fiscal year will not adjust for fluctuations in the total number of students during the fiscal year.

5. INITIAL MEMBER AGENCIES AND STUDENT COUNT

For the initial solicitation of this RFP, the following Maryland school systems are to be considered member agencies, and will be contributing their student count for the starting number of licenses to be priced. The number of students listed is computed per item 4.d.ii of this RFP. The corresponding pages have been included as Appendix A.

FREDERICK COUNTY PUBLIC SCHOOLS

CERTIFICATION OF COMPLIANCE

1. All Contractors, subcontractors or vendors must abide by FCPS Board policies and regulations while working on FCPS property.
2. Maryland Law requires that any person who enters into a contract with a county board of education may not knowingly employ an individual to work at a school (or FCPS facility) if the individual is a registered sex offender. Please reference §11-113 of the Criminal Procedure Article of Maryland Code for penalty.
3. Be advised that individuals who are registered sex offenders are not eligible to work on any FCPS project. The Contractor must initially check the Maryland Department of Public Safety & Correctional Services' MARYLAND SEX OFFENDER REGISTRY and search for the name of any employee to be assigned to work on this project. This applies to subcontractors and material/equipment suppliers as well.
4. In the event that a registered sex offender is discovered to be working on a FCPS project, whether through employment by the prime Contractor, subcontractor or vendor, the site superintendent will immediately remove the individual from the premises and permanently terminate his work assignment. FCPS may terminate this contract as a result if the Contractor is unable to demonstrate he has exercised care and diligence in the past in checking the Maryland registry.
5. Effective July 1, 2015, amendments to §6-113 of the Education Article of the Maryland Code further require that a contractor or subcontractor or vendor for a local school system may not knowingly assign an employee to work on school premises with direct, unsupervised, and uncontrolled access to children, if the employee has been convicted of, or pled guilty or nolo contendere to, a crime involving:
 - a. A sexual offense in the third or fourth degree under §3-307 or §3-308 of the Criminal Law Article of the Maryland Code.
 - b. Child sexual abuse under §3-602 of the Criminal Law Article of the Maryland Code or any other State; or
 - c. A crime of violence as defined in §14-101 of the Criminal Law Article of the Maryland Code or any other State
6. With the passing of Maryland Law MD. Code, Educ. 6-113.2, employers of all contracted staff must obtain background information relating to child sexual abuse or sexual misconduct. This means that all contracted staff having direct contact with students must meet all of the FCPS and Maryland State Department of Education (MSDE) requirements before doing business with FCPS. See: [Maryland State Department of Education Website](#); [House Bill 486 Child Sexual Abuse and Sexual Misconduct Prevention](#); [MSDE Guidelines For MD. Code, Educ. 6113.2](#); and [Employment History Review Form for Child Abuse and Sexual Misconduct](#) for additional information.

In addition, there has been no change to the current FCPS requirement, that all contracted staff who have contact with students are required to be fingerprinted in order to obtain a criminal background check. Fingerprints and background check are still an enforced FCPS requirement.

7. Under recent amendments to §5-561 of the Family Law Article of the Maryland Code, each contractor, subcontractor, or vendor shall certify by signing this affidavit that any individuals in its work-force including sub-contractors, have undergone a criminal background check, including fingerprinting, if the individuals will work in a FCPS school facility in circumstances where they have direct, unsupervised, and uncontrolled access to children.

By my signature below, I affirm under penalties of perjury that the contents of this Certification of Compliance are true to the best of my knowledge, information and belief.

All vendors must maintain current version support throughout the contract with both Google Chrome and Microsoft Edge browsers.

AACPS, in its sole discretion, may determine that a vendor who does not meet these requirements is not eligible for a contract award.

*AACPS may require verification of compatibility with ClassLink **and/or** Brightspace)*
