JOB ORDER CONTRACTING
Opening Date: July 22, 2015 Time: 2:00 p.m.

This addendum is hereby made a part of this Invitation for Bids No. 2015-60. Please note the following changes and attachments and submit the bid accordingly.

Clarifications

1. Regarding Section F, Price Pages, the labor rate is the hourly rate paid excluding overhead and profit, which is applied later. Overhead is applied by the Contractor to their labor and materials and additionally to all subcontractor costs (labor and materials). Profit is then applied by the Contractor to all costs, excluding profit, on the performance and payment bonds costs.

Bonding costs per project must be included as a separate line item on the proposal (reference the Revised - Exhibit III attached to this addendum). Performance and payment bonds will be required. Overhead and Profit will not be added to bonding.

An hourly rate for administrative support was provided by the County; therefore the time for administrative staff must not be included in Overhead. Any other costs such as mileage, etc. must be included in the Contractor’s Overhead. There should be no additional cost for proof of liability insurance.

2. Regarding Section G, Environmentally Preferable Products, since the specific type of products to be used is unknown at this time, this section does not need to be completed and submitted with the bid.

3. Regarding Section I, Equal Business Opportunity Participation, commitments from prime contractors to make good faith efforts to achieve the County’s 10% subcontracting goal are very important. Therefore, this form does have to be completed and submitted with the bid. Contractors must identify potential subcontractors with whom they would seek to partner with if they were awarded a contract under this Request for Proposal. No percentage or dollar amount is required at this time, however, the County is interested in verifying that subcontractors have been identified by the prime contractors.

Questions and Answers

1. Reference Section F Price Page No. 1 on page 27. Towards the bottom of the page we are asked to provide the “Delivery Time after Receipt of Order” and there is a note that This delivery time
will be considered in determining the award. Because no specific project information is provided, we are not able to provide this information at this time. Please confirm that this information is not required or provide instructions on how to respond to this item.

Response: This is correct; delivery time cannot be determined at this time and will not be used in determining the award.

2. Reference Section D paragraph 4.7 and Qualifications Questionnaire Item 7.2. Please advise on the time frame for reporting the number of incidents. The Qualifications Questionnaire requires us to submit information on similar projects completed within the past three years. Would it be acceptable to provide the number of incidents cited within the past three years? Additionally, in the event that a company has multiple offices, please confirm that the requested information should be submitted for the office that will be providing services and not the entire company.

Response: The time frame for reporting similar projects is within the past three years; this should be reported from the office that will provide the necessary service.

3. Please confirm that projects will be firm, fixed price contracts upon the County’s issuance of the project purchase order.

Response: Yes, this is correct.

4. Page 14, paragraph 6.5 states, “The preparation of incidental drawings/plans, specifications, safety plans, shop drawings, product data and samples, as-builts and all other documentation required herein of the Contractor as required by individual projects is part of the Scope of Work of this contract and the cost thereof shall be included in the Contractors subcontractor cost proposal for each individual project.” If incidental drawings, shop drawings, as-builts, etc. are prepared by the prime contractor, will these costs be allowed as direct costs?

Response: Yes. However, the County may ask for the contractor to prepare A/E drawings for construction permitting as well. In this case, we would expect the drawings to be prepared by an A/E subcontractor.

5. Please confirm that other incidental direct costs, such as permits, will have the prime’s overhead and profit rates applied to them to calculate the total cost.

Response: No. The County will not be paying overhead and profit on permit fees.

6. Our understanding is that fees for the county’s use of credit cards will be paid by the contractor, and that these fees can be up to 5% of the task order price. Will the county consider implementing a cap on the maximum task order that can paid via credit card, such as $5,000?

Response: The County’s small purchase threshold is $10,000.00; therefore, the cap is $10,000.00.

7. Please confirm that if a consultant is required to prepare design documents and/or stamped drawings, their costs will be treated as subcontractor costs, and the contractor’s overhead and profit rates will be applied to those costs.

Response: This is correct.
8. How will the hourly rates bid in Section F be included in the price evaluation for the contract?

Response: The hourly rates will not be included in the price evaluation. They are for information only.

9. Will safety and quality control personnel be reimbursed at the Project Manager rate?

Response: No. These are duties of the Superintendent.

a. If not, will additional rates be accepted for these positions?

Response: No.

10. Will a contractor in a higher tier be eligible and considered for projects in all tiers lower than the awarded tier? (e.g. is a Tier 2 contractor eligible for any and all projects up to $750K, even projects under $250K?)

Response: Yes, Contractors in Tier 2 or Tier 3 will be eligible to do work in a lower Tier if deemed necessary by the County. A contractor in Tier 1 will not be eligible to move up, we will only allow movement down.

11. We are very interested, and highly capable, of performing work in more than one tier.

   a. Is it permissible to bid multiple tiers, provided we submit a separate proposal packet for each one?

Response: No. Only one Tier may be bid as specified in Section F, price page No. 3.

   b. If so, may a contractor be awarded multiple tiers?

Response: No. Only one Tier may be bid as specified in Section F, Price Page No. 3.

12. Please confirm that Howard County will not be competing individual projects under this contract.

Response: Individual projects will not be competed.

13. Will Howard County please provide the number of awards intended per tier?

Response: There is no pre-determined number of awards per tier. It will depend on the number of responsive and responsible bids received.

14. Section F, Price Page 2. Near the middle of the page, the form asks for "Total Bid Price." Since this is an IDIQ-type contract with no specific scope or revenue at this time, bidders cannot know a "total bid price." Should we answer this "N/A or "TBD"?"

Response: No. The Total Bid Price should be obtained from Price Page No. 3. Note there is an asterisk on Price Page No. 3 that says "This figure should appear as Total Bid Price, Price Page No. 1." The reference to "...Price Page No. 1" should be corrected to "...Price Page No. 2".

15. As discussed in the pre-bid meeting, will you be restructuring the bid form and evaluation to prevent bidders from submitting an artificially low overhead and profit to win a contract and then attempt to make it up on labor rates or hours?
Response: No. The Method of Award is specified in Section D, paragraph 11.

16. If the bid form is revised, would the County consider a one week extension to allow bidders to react and respond appropriately?

Response: No. The County will not be issuing an extension at this time.

17. Clarify bonding requirements on small jobs.

Response: Bonds will be required per project at $50,000.00 or greater.

18. Please consider establishing number of hours in proposal - base bid on total cost of these hours (labor/OH/profit) sample project.

Response: This was discussed and was rejected. Refer to the sample project proposal that is attached to this addendum as Revised - Exhibit III.

Please acknowledge addenda by signing below and returning with the bid. Failure to acknowledge this addendum may be cause for rejection of the bid.

6 UNBALANCED BIDS:

A Bid that is, in the sole discretion of the County Purchasing Agent both mathematically and materially unbalanced, may be rejected as non-responsive.

Otherwise, in the event of any discrepancy between a unit price(s), extended price(s), and/or total price(s), unit prices will govern and the bid will be refigured accordingly.

14 NON-WAIVER: Any waiver of any breach of covenants herein contained to be kept and performed by the Contractor shall not be deemed or considered as a continuing waiver and shall not operate to bar or prevent the County from declaring a forfeiture for any succeeding breach either of the same condition of covenant or otherwise.

Any additions or modifications shall only be made in writing and executed by both parties.

NON-ASSIGNMENT OF AGREEMENT: Neither the County nor the Contractor shall assign, sublet or transfer its interest or obligations under the resulting Agreement to any third party, without the written consent of the other. Nothing herein shall be construed to create any personal or individual liability upon any employee, officer or elected official of the County, nor shall the resulting Agreement be construed to create any rights hereunder in any person or entity other than the parties to this Agreement.

AGREEMENT:

20.1 The County and Contractor must execute an Agreement resulting from the award of this solicitation. This process typically takes approximately three weeks from the date the successful Contractor is identified. In order to expedite this process, a sample standard Agreement is attached for review as part of this solicitation. Exceptions, if any, to the County's standard Agreement, Exhibit I, must be noted in the bid to be considered during evaluation. 23 LIQUIDATED DAMAGES

23.1 Time is an essential element of the contract and it is important that the work be vigorously prosecuted until final acceptance. The Contractor understands and agrees that the County and the general public will suffer financial loss and/or inconvenience if the project is not substantially complete on the date set forth in the Agreement. The County and the Contractor agree that the amount of financial loss and/or inconvenience is not subject to accurate estimation and the actual damages are not easily ascertained. Therefore, the County and the Contractor agree that the amount of $500 per day for liquidated damages set forth in the Agreement is a reasonable forecast of the just and fair compensation for the harm that would result from the Contractor's failure to timely complete the work.

23.2 For each day that the work shall remain uncompleted beyond the contract time, the Contractor and/or the surety shall be liable for liquidated damages in the amount provided for in the Agreement, provided, however, that due account shall be taken of any adjustment of the contract time.

Upon termination for default, payment may be withheld at the discretion of the County. Failure on the part of the Contractor to fulfill the contractual obligations shall be considered just cause for termination of the contract. EQUAL BUSINESS OPPORTUNITY PARTICIPATION

NOTICE TO PRIME CONTRACTORS
10% SUBCONTRACTING GOAL ON CONTRACTS
VALUED AT $50,000 OR MORE

Howard County Code Section 4.122 established an Equal Business Opportunity program to foster overall equity and fairness to all citizens in relation to business enterprises conducting business with the County.

If a contract is $50,000 or more, the Prime Contractor shall make a good faith effort to comply with the Howard County Equal Business Opportunity (EBO) program’s 10% subcontracting goal. The Prime Contractor shall make a good faith effort to obtain minority subcontractor participation even if the Prime Contractor has the capability to complete the work with its own workforce. This is also applicable to Prime Contractors that are minority-owned firms. The percentage requirement may vary. Prime Contractors should submit the following completed Equal Business Opportunity Subcontractor Participation Form with the bid. Identify subcontractors prior to submitting the proposal.

Possible areas of obtaining subcontracting participation include, but are not limited to, flagging services, hauling, copying and printing, and the purchase of materials used in performing the contract. Contractors may use minority, women or disabled business enterprises certified by Howard County, Maryland; the Maryland Department of Transportation; the City of Baltimore, Maryland; or another certifying entity in order to satisfy the 10% subcontracting goal. The website addresses for lists of minority businesses are:

Howard County - Equal Business Opportunity List of Firms A-Z
http://www.mdot.state.md.us/MBE_Program/index.html
http://cityservices.baltimorecity.gov/mwboo

Contractors should submit a completed Equal Business Opportunity Subcontractor Participation Form with the bid identifying each certified EBO firm they intend to use on the contract. However, if the EBO Subcontractor Participation Form is not submitted with the bid, the County may request EBO subcontractor participation of the successful contractor.

Contractors failing to achieve the Equal Business Opportunity Program goal following a good faith effort to obtain participation must complete the Equal Business Opportunity Program Request for Subcontracting Waiver and provide documentation of its good faith attempts to obtain EBO participation. The County will determine if the efforts made satisfy a good faith attempt. A waiver will only be considered in rare contracts after a determination that the Contractor has made a good faith effort and thoroughly documented the efforts. Contractors should submit the Equal Business Opportunity Program Request for Subcontracting Waiver with the bid. However, if the request for waiver form is not submitted with the bid, the County may obtain the request for waiver of the successful contractor.

If the County exercises its option to renew the contract, it is expected that the EBO subcontracting goal will be met for each subsequent contract year when the contract amount is $50,000.00 or more. Questions relating to the EBO program shall be directed to the EBO Coordinator 410-313-6370.

PRIME CONTRACTORS’ COMPLIANCE OF EBO SUBCONTRACTOR PARTICIPATION

Prime Contractors that are awarded County contracts shall maintain adequate records of EBO participation on County contracts. The County may require that prime contractors report whether or not they met the proposed EBO subcontracting goal, so that the County can track compliance of EBO participation on County contracts.

SECTION J  Information on Howard County, Maryland’s Living Wage Requirement

Basics of the Howard County Living Wage Legislation
In 2007, the Howard County Council passed legislation requiring a minimum “living wage” for employees of certain contractors and subcontractors of Howard County. A Contractor that is defined as a “Covered Employer” under Howard County Code Section 4.122A shall pay each employee an hourly rate sufficient to at least equal 125% of the federal poverty guidelines for a family of four individuals calculated on the basis of a 40-hour work week for 52 weeks.

Howard County Code Sec. 4.122A applies to service contracts estimated to be over $100,000.00 per year. The code does not apply to commodities contracts, contractors who employ fewer than 5 employees during the contract term, public entities, non-profit organizations, or contracts awarded under sole source, emergency, or expedited procedures. Other contractors may also be exempt; see the complete list of exemptions in Section 1 on the front of this form.

The living wage requirements do not apply to an employee:
- who performs no measurable work related to any contract with the County
- who participates in a government-operated or government-sponsored program that restricts the earnings of or wages paid to employees to a level below the wage required under the law
- who participates for not longer than 120 days in a calendar year in a government-operated or government-sponsored summer youth employment program
- for whom a different wage rate is expressly set in a collective bargaining agreement, or
- for whom a higher wage is required by a federal, state, or County law.

This form serves as written certification to the County of your firm’s intent to comply with the County’s wage requirements during this term and any subsequent renewals. A Covered Employer shall not subdivide a contract; pay an employee through a third party; or treat an employee as a subcontractor or independent Contractor to avoid the imposition of any requirement under this law. Failure to comply with this requirement at any time during the initial term and subsequent renewals may be sufficient cause for termination for default. A violation of this law is a Class A civil offense; in addition to a fine, the County may suspend or debar the violator under Howard County Code Sec. 4.117.

How the Living Wage Rate is Calculated
The Howard County Living Wage Rate is calculated by taking 125% of the Poverty Guideline for a family of 4, then using this amount to determine the hourly rate based on 40 hours/week. For example, on January 22, 2014, the Federal HHS Poverty Guideline was published as $23,850 for a family of 4 (www.aspe.hhs.gov/poverty).

\[
125\% \text{ of } \$23,850 = \$29,812.50 \\
\$29,812.50 \div 52 \text{ weeks} \div 40 \text{ hrs/week} = \$14.33 \text{ per hour}
\]

This hourly rate must be paid to employees (full-time or part-time) during the time the employees actually provide services to the County. The current Living Wage remains in effect until new Federal HHS Poverty Guidelines are published next January. If there is a change, the Office of Purchasing will attempt to notify all current contractors via email using the email address provided on this form. The current rate is posted on our website at www.howardcountymd.gov/purchasing. It is the contractor’s responsibility to ascertain the current rate.

Since the rate is subject to change annually, you must ensure that your bid pricing is sufficient to cover the cost of any increases during the term of the contract, including subsequent renewals. All prices shall take the current wage rate, and subsequent increases in the wage rate, if any, into account and there shall be no unit price adjustment for future wage rate increases during the initial term of this agreement and any subsequent renewals thereof. Future wage rate increases are hereby defined as any new rates approved by the County that take effect after and supersede the rate shown in this solicitation.

If you have questions about the Living Wage Requirement or how to complete this form, please contact the Office of Purchasing at purchasing@howardcountymd.gov or 410-313-6370.

No officer or employee of the County, whether elected or appointed, shall in any manner whatsoever be interested in or receive any benefit from the profits or emoluments of any contract, job, work, or service for the County. No such officer or employee shall accept any service or thing of value, directly or indirectly, from any person, firm or corporation having dealings with the County, upon more favorable terms than those granted to the public generally, nor shall he receive, directly or indirectly, any part of any fee, commission or other compensation paid or payable by the County, or by any person in connection with any dealings with the County, or by any person in connection with any dealings with or proceedings before any branch, office, department, board, commission or other agency of the County. No such officer or employee shall directly or indirectly be the broker or agent who procures or receives any compensation in connection with the procurement of any type of bonds for County officers, employees or persons or firms doing business with the County. No such officer or employee shall solicit or accept any compensation or gratuity in the form of money or otherwise for any act or omission in the course of his public work; provided, however, that the head of any department or board of the County may permit an employee to receive a reward publicly offered and paid for, for the accomplishment of a particular task.

(b) Rules of construction: exceptions by Council. The provisions of this Section shall be broadly construed and strictly enforced for the purpose of preventing officers and employees from securing any pecuniary advantages, however indirect, from their public associations, other than their compensation provided by law.

In order, however, to guard against injustice, the Council may, by resolution, specifically authorize any County officer or employee to own stock in any corporation or to maintain a business in connection with any person, firm or corporation dealing with the County, if, on full public disclosure of all pertinent facts to the County Council by such officer or employee, the Council shall determine that such stock ownership or connection does not violate the public interest.

The County Council may, by ordinance, delegate to the Howard County Ethics Commission the power to make such determinations and to authorize the ownership or connection. Any ordinance which delegates this power shall provide for procedures including a public hearing, and shall establish criteria for determining when the ownership or connection does not violate the public interest.

(c) Penalties. Any officer or employee of the County who willfully violates any of the provisions of this Section shall forfeit his office. If any person shall offer, pay, refund or rebate any part of any fee, commission, or other form of compensation to any officer or employee of the County in connection with any County business or proceeding, he shall, on conviction, be punishable by imprisonment for not less than one or more than six months or a fine of not less than $100.00 or more than $1,000.00, or both. Any contract made in violation of this Section may be declared void by the Executive or by resolution of the Council. The penalties in this Section shall be in addition to all other penalties provided by law.

(a) Conflict of Interest. Bidders, vendors, purchasers and county employees involved in the purchasing process shall be governed by the provisions of the Howard County Charter and Howard County law regarding conflict of interest. No vendor shall offer a gratuity to an official or employee of the county. No official or employee shall accept or solicit a gratuity.

(b) Discouragement of Uniform Bidding.

1. It is the policy of the county to discourage uniform bidding by every possible means and to endeavor to obtain full and open competition on all purchases and sales.

2. No bidder may be a party with other bidders to an agreement to bid a fixed or uniform price.

3. No person may disclose to another bidder, nor may a bidder acquire, prior to the opening of bids, the terms and conditions of a bid submitted by a competitor.

(c) Fair Employment Practices.

1. Bidders, vendors and purchases may not engage in unlawful employment practices as set forth in Subtitle 2 "human Rights" of Title 12 of the Howard County Code Section 14 of Article 49B of the Annotated Code of Maryland or Sections 703 and 704 of Title VII of the Civil Rights Act of 1964 as amended. Should any bidders, vendors or purchasers engage in such unlawful employment practices, they shall be subject to being declared irresponsible or being debarred pursuant to the provisions of this subtitile.

2. The Howard County Office of Human Rights shall notify the county purchasing agent when any bidder is found, by a court of competent jurisdiction, to have engaged in any high unlawful employment practices.

3. If any bidder has been declared to be an irresponsible bidder for having engaged in an unlawful employment practice and has been debarred from bidding pursuant to this subtitle, the Howard County Office of Human Rights shall review the employment practices of such bidder after the period of debarment has expired to determine if violations have been corrected and shall, within 30 days, file a report with the county purchasing agent informing the agent of such corrections before such bidder can be declared to be a responsible bidder by the County Purchasing agent.
(4) Payment of subcontractors. All contractors shall certify in writing that timely payments have been made to all subcontractors supplying labor and materials in accordance with the contractual arrangements made between the contractor and the subcontractors. No contractor will be paid a second or subsequent progress payment or final payment until such written certification is presented to the county purchasing agent.
