Request for Proposal # 4347.2, Student Photography Services for  
Montgomery County Public Schools

1.0 INTENT

The intent of this RFP is to prequalify one or more organizations or entities that provide professional quality photography services to provide the following for the 204 schools operated by Montgomery County Public Schools doing business on behalf of the Board of Education of Montgomery County (MCPS): photographs of all students and staff (during the fall and spring for each elementary school, and annual services for each secondary school); identification cards for all students and staff; yearbooks for all elementary schools; and other items as needed.

2.0 INTRODUCTION

MCPS is the 15th largest school system in the United States, and the largest in the state of Maryland. During the 2016–2017 school year, it is projected that MCPS will serve more than 159,000 students from 157 countries speaking 138 languages. With a Fiscal Year (FY) 2017 Operating Budget of approximately $2.46 billion, MCPS employs more than 22,500 employees. Among the 204 schools that MCPS operates, 37 are National Blue Ribbon schools. Six MCPS high schools rank in the top 200 of The Washington Post’s 2015 High School Challenge, and all 25 MCPS high schools appear on this list, which only includes the top 11 percent of high schools in the country. MCPS has one of the highest graduation rates among the nation’s largest school districts, according to an Education Week report. In 2010, MCPS was the recipient of the Malcolm Baldrige National Quality Award, the highest presidential honor given to American organizations for performance excellence.

3.0 SCOPE OF SERVICES

Photographer(s) shall provide all necessary materials, equipment, supplies and labor resources to provide professional quality photography services in accordance with the following general requirements.

3.1. Photographer(s) shall take individual color photographs of all students and staff on site, regardless of potential for purchase. Students and parents are under no obligation to purchase portrait packages, and, consistent with applicable state laws, service providers will not be permitted send unsolicited packages home with students and charge parents/guardians who fail to return the packages. This information shall be stated on all applicable materials sent to students and parents.

3.2. Photographer(s) shall provide experienced representative(s) who will work on a regular basis with school personnel to answer any questions regarding production or financial matters pertaining to the individual services required.

3.3. Photographer representative(s) shall meet with the principal or designee prior to any photography session to agree upon specific dates and to resolve any logistical/contractual issues.
3.4. Photographer(s) shall provide all support personnel to organize and maintain the picture-taking process and collection of monies.

3.5. Photographer(s) shall print all photographs on quality paper.

3.6. Photographer(s) shall make trips to school as necessary to cover candid and group/club pictures.

3.7. Photographer(s) shall schedule in-school consultation when it is deemed necessary by the school.

3.8. All photographs shall be taken with state-of-the-art, professional quality photography equipment.

3.9. All students and staff shall be photographed by highly trained professional photographers who have the desire to present the subject with an outstanding portrait. Students will be posed pleasantly in appearance, with uniformity in face and eye direction for the yearbook.

3.10. Photographer(s) shall provide a sufficient number of cameras and personnel to allow completion of photographs within a time period deemed acceptable by the principal. Photographer(s) should adhere to or comply with the standard of one camera per 300 students to satisfy this requirement.

3.11. Photographer(s) shall issue an identification card (specifications are attached, see Attachment A) at the time of photograph sitting to all students and staff members. Schools are expected to provide identification cards in real time, 24 hours a day, 7 days a week under normal operating conditions when cards are lost or new students are enrolled so this capability should be outlined in the response. Photographer(s) must specify the type of equipment, photographic paper and supplies to be used along with their compatibility with our food service and library point of sale systems. (See Attachment A)

3.12. The quality of all photographs shall be superior, shall meet all yearbook publication requirements (uniform sizing/cropping, pose, head size, background color and/or attire) and shall be deemed satisfactory to students, parents, and publication staff and/or advisor. Students and/or parents are under no obligation to purchase photography packages. **There shall be no charge to the student or parents for the standard yearbook portrait or identification card. This information shall be stated on all applicable materials sent to students and parents.**

3.13. Photographer(s) shall guarantee refunds or retake the picture if necessary at the option of the student or parents. The photographer(s) shall not charge, or threaten to charge, fees for retaking photographs regardless of the reason for the retake, but retakes without charge are limited to one, with additional retakes provided for an additional cost to the student or staff member.

3.14. The photographer(s) ideally would be located in Montgomery County, Maryland, with published hours for picture retakes. All photographer(s) shall provide a local or toll free number and office hours for picture retakes.

3.15. Photographer(s) shall provide initial and reminder fliers and posters in a timely manner. These fliers and posters shall include price information and photographer's name, hours available at the site, web address, and telephone number.
3.16. Photographer(s) shall provide information on procedures for collection of money for prepaid and other packages. If the photographer does not collect money directly from students, the school may require the photographer to arrange daily pick up of money collected.

3.17. Photographer(s) shall issue final commissions to schools within thirty (30) days of receipt of final payments from customers. At the time payment is made to the school, the photographer shall provide a full and complete accounting to the principal to substantiate the commission paid.

3.18. Photographer(s) shall provide a CD Rom (or other electronic media) of student photographs for use by the school administration within fifteen (15) calendar days. The photograph database shall be compatible with the MCPS student database.

3.19. Photographer(s) shall provide each school with a computer list to include: students photographed, students not photographed, and list of orders placed by students.

3.20. Photographer(s) shall identify for school use the students photographed during the initial and retake sessions, and deliver to the school the individual photo packages labeled with student names. The school and photographer shall mutually determine the sorting arrangement of the packages. An example of this may be alphabetically by student and arranged by teacher/period.

3.21. Photographer(s) shall provide prepaid labels for the return of photo packages if needed.

3.22. Photographer(s) are highly encouraged to offer online service capabilities with secure credit card payment services. Photographer(s) shall provide schools with supporting documents for online sales.

3.23. No pictures other than those approved by the principal may be offered for sale. All pictures not approved for sale shall be destroyed by the photographer.

3.24. The school or school system shall not be liable for any bad debts incurred as a result of the sale of school pictures. Collection of bad debts is the responsibility of the contractor.

3.25. Under no circumstances may photographer(s) release, disclose, sell or otherwise use student names, addresses, or other personally identifiable information regarding students or their parents/guardians. Photographer(s) may only use this information for purposes required under this contract. Failure to comply with the requirement shall be considered contract default and may be cause for contract termination and/or legal action.

3.26. Any additional items negotiated with individual schools shall be agreed upon in writing.

3.27. Photographer guarantees that all employees and subcontractors assigned to work at MCPS locations will conduct themselves in a responsible, courteous and professional manner. MCPS shall have the right to direct photographer to remove any of its personnel (including subcontractors) from an MCPS location for any reason.

It is the intention to prequalify multiple photographer(s) submitting the most favorable responses based on the evaluation criteria in Section 12.0. However, the Montgomery County Board of Education reserves the right to make awards according to the best interest of MCPS. A list of prequalified photographers will be provided to schools, from which school administrators will be able to select their vendor.
In determining the qualifications of an offeror, MCPS will consider the offeror’s record and performance of any prior contracts with MCPS, federal departments or agencies, or other public bodies, including but not limited to the offeror’s record providing photography services to MCPS or other schools or school districts. MCPS expressly reserves the right to reject the proposal of any offeror if the investigation discloses that the offeror, in the opinion of MCPS, has not properly performed such prior contracts or has habitually and without just cause neglected the payment of bills or has otherwise disregarded its obligations to subcontractors or employees.

MCPS may conduct any necessary investigation to determine the ability of the offeror to perform the work, and the offeror shall furnish to MCPS all such information and data requested, such as information about its reputation, past performance, business and financial capability and other factors that demonstrate that the provider is capable of satisfying MCPS’ needs and requirements for a specific contract. MCPS reserves the right to reject any proposal if the evidence submitted by the offeror or investigation of such offeror fails to satisfy MCPS that such offeror is properly qualified to carry out the obligations of the contract and to complete all requirements contemplated therein. Consideration will be given to any previous performance with MCPS as to the quality and the acceptability of bidder’s services. In addition, MCPS reserves the right to make on-site visits of offerors who currently operate photography services during normal business hours to determine ability, capacity, reliability, financial stability and other factors necessary to perform the contract.

All offerors submitting a proposal shall include evidence that they maintain a permanent place of business. Copies of any appropriate licenses necessary to perform this work shall be submitted with each proposal. Offerors also shall demonstrate that they have adequate staff to perform the required services. Use of subcontractor(s) and/or third party providers, if any, must be specifically identified within the proposal. Subcontractor and/or third party provider roles shall be clearly expressed. MCPS reserves the right to accept or reject use of proposed subcontractor(s) and/or third party provider(s).

**MCPS reserves the right to delete services, or add additional services or additional photographers throughout the contract term should MCPS determine, in its sole discretion, that there is a need for such additional services or photographers.**

### 4.0 CONTRACT TERM

The term of contract for prequalified photography services shall be for three (3) years as stipulated on the RFP. However, the contract may not begin until one day after approval by the MCPS Board of Education and will conclude as stated under the contract term. MCPS reserves the right to extend this contract at existing prices, terms and conditions for up to three additional terms for one (1) year each. Written notice indicating MCPS’ intention to pursue the extension of the contract will be issued to the successful photographer(s) 90 days prior to the expiration of the original contract. The photographer shall have ten (10) days from the date of notification to return the notice acknowledging its intent to accept or reject the extension.

Once all responses are evaluated, MCPS staff may make a recommendation to the MCPS Board of Education to extend the contract or decide to rebid. If the contract is extended by the MCPS Board of Education, a contract amendment will be issued.

**Service providers may enter into an individual school agreement with a school for a maximum contract term of no more than one school year, provided that the term of the individual school**
agreement may not extend beyond the current existing term of the vendor’s contract with MCPS. The service provider may not enter into an individual school agreement with a school that is inconsistent with the terms of this RFP, including the pricing proposal, and the MCPS General Contracting Articles; in the event of a conflict, this RFP and the MCPS General Contracting Articles shall take precedence over any individual school agreement. Copies of all individual school agreements shall be provided by the Photographer(s) to the MCPS Department of Materials Management.

5.0 PROVISION FOR PRICE ADJUSTMENT

Not applicable.

6.0 CONTRACT TERMINATION

MCPS reserves the right to cancel the contract in whole or in part at any time in accordance with Article 26, MCPS General Contract Articles. MCPS also reserves the right to cancel the contract with a specific photographer for failure to comply or failure to fulfill the terms of this contract.

7.0 REFERENCES

All offerors shall include a list of a minimum of three references from current clients who use the firm’s photography services who can attest to the firm’s quality of work. All offerors shall also include contact information for a minimum of three former clients (within the last two years) that used the firm’s photography services and, if possible, shall include schools or school districts that have utilized the respondents’ services. Include names of client, contact person, email address and phone number of all references.

References may or may not be reviewed or contacted at the discretion of MCPS. Typically, only references of the top ranked short listed offerors are contacted. MCPS reserves the right to contact references other than, and/or in addition to, those furnished by an offeror.

   response to each RFP specification.

8.2 Photographers shall include any and all statements and representations made within its proposal in the
   contract for services with the MCPS. This includes, but is not limited to, the photographer’s point-by-
   point response to this RFP. If photographer responds only “Understand and comply,” it is assumed
   that the photographer complies with MCPS’ understanding of the requirement.

8.3 MCPS shall not be responsible nor be liable for any costs incurred by the photographer in the
   preparation and submission of their proposals and pricing.

8.4 Pricing proposal shall be submitted on the attached form, and shall include the price schedule for
   student photography services, a price structure for special projects, and a commission structure that

9.0 MANDATORY SUBMISSIONS

Each offeror must submit a complete proposal including all required information and attachments. The
response shall address each paragraph in the same order as the RFP and provide an individual
response to each RFP specification. All proposals must be presented using the same numbering
sequence and order used in this RFP document or as otherwise specified by MCPS. Offerors may
request via e-mail to Barbara Regalia, Team Leader, MCPS Procurement Unit at
Barbara_Regalia@mepsmd.org, a Microsoft Word version to help them in preparing the response.

copy of responses must be sent by mail, courier or hand-delivery and shall be in binders with tabs
identifying each section. A table of contents should be included and all pages numbered as referenced
in the Table of Contents. No faxes of proposals will be accepted. Proposals are to be received no later

Montgomery County Public Schools  
Procurement Unit  
45 West Gude Drive, Suite 3100  
Rockville, MD 20850  

Submissions will become the property of MCPS.

The proposal must be signed by an official having authority to contract with MCPS. The firm and the official’s name shall be used in the contract process.

MCPS reserves the right to make an award without further discussion of the proposals received. MCPS may also negotiate with the one offeror who submits the best proposal or with two or more offerors who are in the competitive range. Therefore, it is important that the offeror’s proposal be submitted initially on the most favorable terms from both the technical and cost standpoints. After the submission and closure of proposals, no information will be released until after the award. It is understood that the offeror’s proposal will become a part of the official file on this matter without obligation to MCPS.

The proposal must be complete and comply with all aspects of these specifications. Marketing or promotional verbiage will likely overshadow the offeror’s qualifications and expertise. MCPS urges the offeror to be specific and brief in their responses.

Offerors must include any and all statements and representations made within its proposal in the contract for services with MCPS unless otherwise agreed upon by MCPS and offeror during negotiations. This includes, but is not limited to, the vendor’s point-by-point response to this RFP. If offeror answers only “Understand and comply” it is assumed that the offeror complies with MCPS’ understanding of the requirement.

MCPS shall not be responsible or liable for any costs incurred by the offeror in the preparation and submission of their proposals and pricing.

**Complete Response must include:**

- Point-by-point Response to each section of the RFP
- Sample Individual School Agreement

- A list of any variances from or objections to the terms and conditions of the MCPS General Contracting Articles, as well as a justification for any such variances or objections.
- A redacted copy of offeror’s proposal as specified in Sections 10.0 and 11.0.

**10.0 TREATMENT OF TECHNICAL DATA IN PROPOSAL**

The proposal submitted in response to this request may contain technical data which the offeror does not want used or disclosed for any purpose other than evaluation of the proposal. The use and
disclosure of any such technical data, subject to the provisions of the Maryland Public Information Act, may be so restricted:

Provided, that offeror marks the cover sheet of the proposal with the following legend, specifying the pages of the proposal which are to be restricted in accordance with the conditions of the legend: "Technical data contained in pages ___ of this proposal shall not be used or disclosed, except for evaluation purposes."

Provided, that if a contract is awarded to this offeror as a result of or in connection with the submission of this proposal, MCPS shall have the right to use or disclose these technical data to the extent provided in the contract.

This restriction does not limit the right of MCPS to use or disclose technical data obtained from another source without restriction.

MCPS assumes no liability for disclosure or use of unmarked technical data or products and may use or disclose the data for any purpose and may consider that the proposal was not submitted in confidence and therefore is releasable. Price and cost data concerning salaries, overhead, and general and administrative expenses are considered proprietary information and will not be disclosed, if marked in accordance with the instructions in 11.0.

11.0 PROPRIETARY AND CONFIDENTIAL INFORMATION

Offerors are notified that MCPS has unlimited data rights regarding proposals submitted in response to this solicitation. Unlimited data rights means that MCPS has the right to use, disclose, reproduce, prepare derivative works, distribute copies to the public, or perform publicly and display publicly any information submitted by the offeror in response to this or any solicitation issued by MCPS. However, MCPS will exempt information that is confidential commercial or financial information of an offeror, as defined by the Maryland Public Information Act, State Government Article, Section 10-617, from disclosure. It is the responsibility of the offeror to clearly identify each part of its proposal that is confidential commercial or financial information by stamping the bottom right-hand corner of each pertinent page with one-inch bold face letters stating the words "confidential" or "proprietary." The offeror agrees that any portion of the proposal that is not stamped as proprietary or confidential is not proprietary or confidential. As a condition for MCPS keeping the information confidential, the offeror must agree to defend and hold MCPS harmless if any information is inadvertently released. Each offeror must submit a proprietary and confidential redacted copy of its proposal to be used in responding to MPIA requests.

12.0 EVALUATION CRITERIA

MCPS reserves the right to ask clarifying questions about submitted proposals. Offerors also may ask questions that they may have related to this RFP prior to submitting their responses. See Section 13.0, Schedule of Events. Only proposals received by the deadline will be considered. Proposals will be screened down to a number of finalists.

MCPS reserves the right to convene a meeting with the top qualified offerors prior to awarding a contract. The purpose of the meeting will be to afford both parties an opportunity to discuss any aspects of the requirements and services that will be performed and clarify any issues. Issues raised during the meeting, which cannot be resolved to the satisfaction of MCPS, shall be cause to reject the proposal.
All offerors are advised that in the event of receipt of an adequate number of proposals, which, in the opinion of MCPS require no clarification and/or supplementary information, such proposals may be evaluated without further discussions. Therefore, proposals should be submitted initially on the most complete and favorable terms and conditions. Should proposals submitted require additional clarification and/or supplementary information, offerors should be prepared to submit such additional clarification and/or supplementary information, in a timely manner, when requested.

Proposals meeting all requisite criteria will be evaluated. Those who do not meet requisite criteria will not be evaluated further. Selection will be made on the basis of the criteria listed below.

1. Completeness of Response
2. Ability to perform (based on the criteria set forth in this RFP, including but not limited to Section 3.0 Scope of Services)
3. References
4. Pricing Proposal

15.0 ADDENDA/ERRATA

Changes and addenda to a solicitation may occur prior to the solicitation opening date and time. It is the offeror's responsibility to check the MCPS website under "Event Calendar" http://coldfusion.mcps.k12.md.us/cfms/webteam/calendar/calendar.cfm?calendarID=mcpsbids or contact the Procurement Unit at 301-279-3555 to verify whether addenda/errata have been issued.
In the event that MCPS issues addenda/errata, all terms and conditions will remain in effect unless they are specifically and explicitly changed by the addenda/errata. Offerors must acknowledge receipt of such addenda/errata by returning one signed copy of each of the addenda/errata with its proposal. Failure to provide the signed acknowledgement of the addenda/errata may result in a bid being deemed non-responsive.

16.0 eMARYLAND MARKETPLACE

As of June 1, 2008, Maryland law requires local and state agencies to post solicitations on eMaryland Marketplace. Registration with eMaryland Marketplace is free. It is recommended that any interested supplier register at www.eMarylandMarketplace.com, regardless of the award outcome for this procurement as it is a valuable resource for upcoming bid notifications for municipalities throughout Maryland.

17.0 Multi-Agency Participation

MCPS reserves the right to extend the terms and conditions of this solicitation to any and all other agencies within the state of Maryland as well as any other federal, state, municipal, county, or local governmental agency under the jurisdiction of the United States and its territories. This shall include but not be limited to private schools, parochial schools, non-public schools such as charter schools, special districts, intermediate units, non-profit agencies providing services on behalf of government, and/or state, community and/or private colleges/universities that require these goods, commodities and/or services. Use of this solicitation by other agencies may be dependent on special local/state requirements attached to and made a part of the solicitation at the time of contracting. The supplier/contractor agrees to notify the issuing agency of those entities that wish to use any contract resulting from this bid and will also provide usage information, which may be requested. A copy of the contract pricing and the bid requirements incorporated in this contract will be supplied to requesting agencies. Each participating jurisdiction or agency shall enter into its own contract with the Award offeror(s) and this contract shall be binding only upon the principal's signing such an agreement. Invoices shall be submitted "directly" to the ordering jurisdiction for each unit purchased. Disputes over the execution of any contract shall be the responsibility of the participating jurisdiction or agency that entered into that contract. Disputes must be resolved solely between the participating agency and the Award offeror. MCPS assumes no authority, liability, or obligation on behalf of any other public or non-public entity that may use any contract resulting from this bid. MCPS pricing is based on the specifications provided in this solicitation.

18.0 INQUIRIES

Inquiries regarding this solicitation must be submitted in writing to Barbara Regalia, MCPS Procurement Unit Team Leader, 45 W. Gude Drive, Suite 3100, Rockville, MD 20850, via fax at 301-279-3173 or email to Barbara_Regalia@mcpsmd.org. Questions are due 4:00 p.m. on Thursday, November 8, 2016. Responses will be posted on eMaryland Marketplace and on MCPS' Procurement website on November 15, 2016 and also given out at the prebid conference November 16, 2016. The Board will not be responsible for any oral or telephone explanation or interpretation by any agent or employee of MCPS. Any binding information given to an offeror in response to a request will be furnished to all offerors as addenda/errata. If such information is deemed necessary for the preparation of proposals, or if the lack of such information would be detrimental to the uninformed offerors. Only such addenda/errata, when issued by MCPS, will be considered binding on MCPS.

Contact by offerors with any other MCPS employee regarding this solicitation until the contract is awarded by MCPS will be considered by MCPS as an attempt to obtain an unfair advantage and result
in non-consideration of its RFP response. The MCPS Procurement website address is
www.montgomeryschoolsmd.org/departments/procurement/.

19.0 UNNECESSARILY ELABORATE BROCHURES

Unnecessarily elaborate brochures or other presentations beyond those sufficient to present a complete
and effective proposal are not desired and may be construed as an indication of the offeror’s lack of
cost consciousness. Elaborate art work and expensive visual and other presentation aids are neither
necessary nor wanted.

20.0 BID PROTESTS

Any bid protests, including appeals, will be governed by the applicable MCPS Procurement Unit
Regulations. The burden of production of all relevant evidence, data and documents and the burden
of persuasion to support the protest is on the offeror making the protest.

21.0 CONTRACT

MCPS plans to enter a contractual agreement with the photographer(s) to whom the award is made
and intends to make the attached MCPS General Contracting Articles a part of the contract, except and
unless modified by MCPS. Articles 29 and 30 are not applicable to this RFP. Proposals must
clearly identify any variances from or objections to the specifications in this RFP and the terms and
conditions of the MCPS General Contracting Articles. Lacking any response to the contrary, MCPS
will infer that the offeror agrees to the specifications of this RFP and each term and condition of the
MCPS General Contracting Articles. In particular, the insurance and indemnification provisions set
forth in Section 33 of the MCPS General Contracting Articles are non-negotiable.

ARTICLE 1. DESCRIPTION/SPECIFICATIONS

For the purposes of these MCPS General Contracting Articles, MCPS includes Montgomery County Public Schools ("MCPS") doing business on behalf of the Board of Education of Montgomery County, as well as the Board of Education of Montgomery County. In addition, the term "contractor" refers to the entity awarded this contract pursuant to authorization by MCPS in accordance with applicable laws.

The contractor shall, in conformance with the provisions set forth herein, furnish all personnel, materials, services, and facilities necessary to perform the requirements of the statement of work and the contractor's proposal.

ARTICLE 2. MCPS PROJECT CONTACT

a) The MCPS project contact is responsible for the technical aspects of the project and technical liaison with the contractor. The MCPS project contact also is responsible for the review and approval of any and all deliverables including reports, and such other responsibilities as may be specified in the contract.

b) The MCPS project contact is not authorized to make any commitments or otherwise obligate MCPS or authorize any changes which affect the contract price, terms, or conditions. Any contractor requests for changes shall be referred directly to the director of the Department of Materials Management. No such changes shall be made without the written authorization of the director of the Department of Materials Management.

c) The MCPS project contact may be changed at any time, but notification of the change, including the name and address of the successor MCPS project contact, will be provided to the contractor in writing.

ARTICLE 3. PERSONNEL

The following personnel of the contractor are considered to be essential to the work being performed. Prior to diverting any of the specified individuals to other programs, the contractor shall notify the MCPS project contact reasonably well in advance and shall submit justification (including proposed substitutions) in sufficient detail to permit evaluation of the impact on the program. No diversion shall be made by the contractor without the written consent of the MCPS project contact. However, the MCPS project contact may ratify in writing such diversion; and such ratification shall constitute the consent of the MCPS project contact required by this clause. The following listing may be amended from time to time during the course of the contract to either add or delete personnel, as appropriate. Failure to obtain the approval of the MCPS project contact as required or to propose replacement personnel acceptable to

In such case, the written authorization of both the director of the Department of Materials Management and the MCPS project contact is required. In the notification to the contractor, MCPS shall stipulate the last day the person’s time can be billed to the contract or how long the person can be involved in contract activities.

The contractor shall obtain any licenses or permits necessary for performance of the work. In the event the services to be provided by the contractor must by law be provided by individuals who are licensed and/or certified, the contractor shall only assign individuals to provide services under the contract who are licensed and/or certified in accordance with applicable law. Additionally, the contractor shall only assign individuals who have been credentialed by the contractor to provide the specific professional services required by the contract. All such individuals assigned by the contractor to provide services shall maintain their license and/or certification in good standing with current credentials (not under review or subject to suspension) during the entire term of the contract. The contractor shall prior to providing services, submit documentation that the individuals assigned to provide services are properly credentialed and are licensed and/or certified to the MCPS project contact.
ARTICLE 6. DELIVERABLES

All deliverables shall be submitted to the MCPS project contact according to the kinds and dates indicated in the contract.

ARTICLE 7. PRICE

This will be a firm fixed contract based on the terms and conditions set forth in the contract.

ARTICLE 8. PERIOD OF PERFORMANCE

The term of contract shall be for one year. However, the contract may not begin until one day after approval by the Board of Education of Montgomery County (Board of Education). After the initial contract term, MCPS reserves the right to extend for one year if agreed to by both parties. If MCPS requests and the contractor agrees to provide additional services not contemplated herein, MCPS agrees to pay the cost of the additional services, as invoiced by the contractor, in accordance with the terms of any future agreement to provide the additional services.

ARTICLE 9. SUBMISSION OF VOUCHERS

All Contracts
The contractor’s vouchers shall be approved for payment by the MCPS project contact only after the inspection or other evaluation has been completed by the MCPS project contact and after the MCPS project contact is satisfied that the contractor is performing the work and has prepared the voucher as required by the contract.

ARTICLE 10. INSPECTION AND ACCEPTANCE

MCPS, through any authorized representative, has the right at all reasonable times to inspect, or otherwise evaluate, the work performed or being performed at the premises on which it is being performed. If any inspection or evaluation is made by MCPS on the premises of the contractor or a subcontractor, the contractor shall provide and shall require their subcontractors to provide all reasonable facilities and assistance for the safety and convenience of MCPS representatives in the performance of their duties. All inspections and evaluations shall be performed so that they will not unduly delay the work.

ARTICLE 11. PAYMENT

Within 30 days after receiving of each invoice and accepting the work, MCPS shall, except as provided in this contract, pay for the work performed when approved by the project contact and director of the Department of Materials.
Management. A payment schedule will be jointly developed between MCPS and the contractor.

ARTICLE 12. WITHHOLDING OF CONTRACT PAYMENTS

Despite any other payment provisions of this contract, failure of the contractor to submit required reports when due; or failure to perform or deliver required work, supplies, or services; or failure to deliver acceptable work, supplies, or services will result in withholding payments under this contract unless such failure arises out of causes beyond the control and without the fault or negligence of the contractor as defined by the clause entitled “Excusable Delays” or “Termination for Default or for Convenience of MCPS,” as applicable. MCPS shall promptly notify the contractor of its intention to withhold payment of any invoice or voucher submitted.

ARTICLE 13. SERVICES OF CONSULTANTS

The contractor is prohibited from using the services of MCPS employees in performing this contract. Former employees may be used, provided that a 12-month period has elapsed since their last employment at MCPS. In accordance with Board of Education Policy BBB, Ethics, a former MCPS employee, official, or Board of Education member may not assist or represent the contractor for compensation in any case, controversy, dispute, contract or other specific matter involving MCPS, if that case, controversy, dispute, contract, or other specific matter is one in which the former employee, official or Board of Education member significantly participated as an employee, official, or Board of Education member. Failure to adhere or comply with this requirement constitutes a material breach in which MCPS reserves the right to impose sanctions, up to and including suspension of the contract, withholding of payment, rescission, or termination of the contract.

ARTICLE 14. PUBLICATION AND PUBLICITY

The contractor shall not publish or otherwise publicize the methods employed or results achieved until the work performed has been accepted by MCPS. In addition, the contractor shall not (a) originate any report, publication, publicity, news release, or other announcement, written or oral, relating to this contract; or (b) use any names, trademarks, or logos of MCPS without consultation and consent by MCPS, except as necessary to perform the services in this contract. To the extent that MCPS agrees to any publication regarding this contract, the contractor agrees to abide by the following terms:

a) The primary purpose is to disseminate information about the work rather than to promote the contractor's accomplishments or knowledge.

b) Publication or presentation prominently displays or acknowledges MCPS
financial support as follows: (i) the contents of this publication do not necessarily reflect the views or policies of MCPS; and (ii) the mention of trade names, commercial products, or organizations does not imply endorsement by MCPS.

c) Confidentiality of students and their families is maintained at all times and the contractor abides by all terms and conditions of any data-sharing agreement between the parties.

ARTICLE 15. DATA COLLECTION AND CONFIDENTIAL INFORMATION

Questionnaires, survey instruments, or any other form of data collection from more than nine persons must be reviewed by the MCPS Office of Shared Accountability and approved by the chief academic officer prior to use as required by MCPS Regulation AFA-RA, Research and Other Data Collection Activities in Montgomery County Public Schools.

The contractor shall comply with all federal, state, and local laws, regulations, and ordinances applicable to this project, including but not limited to the requirements of the Family Educational Rights and Privacy Act ("FERPA"), 20 U.S.C. § 1232g, and its implementing regulations (34 C.F.R. part 99), the Children’s Online Privacy Protection Act ("COPPA"), 15 U.S.C. § 6501-6505, and its implementing regulations (16 C.F.R. § 312, et seq.), the Protection of Pupil Rights Amendment, ("PPRA") 20 U.S.C, § 1232(h) and its implementing regulations (34 C.F.R. § 98.1 et seq.), the Maryland Student Privacy Act of 2015, Md. Ed. Code Ann., §4-131, Code of Maryland Regulations (COMAR) 13A.08, as well as applicable Board of Education policies and MCPS regulations, including but not limited to MCPS Regulation AFA-RA, Research and Other Data Collection Activities in Montgomery County Public Schools, MCPS Regulation JOA-RA, Student Records, and MCPS Regulation JFF-RA, Federal Requirements for Use of Protected Student Information.

Access to Confidential Information
To assist the contractor in its work on this project, MCPS may disclose to the contractor, either in writing or orally, records or information which MCPS deems to be proprietary and/or confidential (hereinafter, "Confidential Information"). To the extent that such Confidential Information includes personally identifiable information regarding students, staff, or others, separate data sharing provisions must be agreed to in writing prior to disclosure of any personally identifiable information to the contractor. Confidential Information shall be maintained in confidence during the contract and thereafter, except to the extent that it is required to be either disclosed or protected from disclosure by law, regulation or judicial or administrative process. The contractor shall use the Confidential Information solely for the purposes of the project. The contractor shall protect the Confidential Information from loss, theft, or disclosure using a commercially reasonable care commensurate with the
sensitivity of the Confidential Information that in no circumstances is less than the degree of care that the contractor uses to protect is own confidential information. The contractor agrees to assist MCPS in maintaining the privacy of MCPS' Confidential Information as may be required by all federal, state, and local laws, regulations, and ordinances applicable to the project including but not limited to the requirements listed above.

The contractor shall not authorize access to Confidential Information to any of its agents, affiliates, contractors, and subcontractors, or to any auditor, unless such agent, affiliate, contractor, subcontractor, or auditor has entered into a written confidentiality agreement with the contractor agreeing to protect the confidentiality and security of such Confidential Information. Such written confidentiality agreement shall be made available for inspection, upon demand, to MCPS.

The contractor shall not permit unauthorized access to the Confidential Information to any individual or entity at any time or provide Confidential Information to any person, party, or organization ineligible or prohibited from receiving such information pursuant to any federal, state, and local laws, regulations, and ordinances applicable to the project including but not limited to the requirements listed above.

In the event that the contractor is required by law, regulation or judicial or administrative process to disclose any Confidential Information, the contractor will promptly notify MCPS in writing, if permitted by law, prior to making any such disclosure in order to facilitate MCPS' seeking of a protective order or other appropriate remedy from the appropriate body. Should the propriety or confidential status of any such information be disputed, the parties agree to work in good faith to reach a mutually satisfactory disposition.

Security of Confidential Information
The contractor shall implement and maintain a comprehensive data-security program in accordance with commercial best practices for the protection of Confidential Information, whether the Confidential Information is stored electronically and/or in hard copy. Such data-security program shall include, but not be limited to the following:

a) Security policies for employees related to the storage, access, retention, transportation, and disposition of data containing Confidential Information;

b) Reasonable restrictions on access to records containing Confidential Information, including access to any locked storage where such records are kept;

c) Secure access controls to Confidential Information, including but not
limited to passwords;

d) Procedures for data recovery, incident response and processes, and business continuity processes and procedures;

e) Encryption of Confidential Information if it is stored on laptops, or is being transmitted electronically;

f) Protocols for regular backups that include retention of backup copies for such period of time as may be required by MCPS, or by federal or state laws; and

g) Audit logs of its system on a secured server with restricted access to prevent tampering or altering of audit data.

h) A process for reviewing policies and security measures at least annually.

The contractor certifies that it has implemented policies and procedures to protect against reasonably foreseeable unauthorized access to, or disclosure of, Confidential Information, and to prevent other reasonably foreseeable events that may result in substantial harm to MCPS. In addition, the contractor shall not, without the express prior written consent of MCPS, maintain or store Confidential Information outside of the United States.

**Audit**

MCPS reserves the right in its sole discretion to perform audits of the contractor at its sole expense to ensure compliance with terms of this Article 15. The contractor shall reasonably cooperate in the performance of such audits.

**Security Breach**

The contractor shall notify the MCPS project contact immediately of any breach or suspected data breach or loss, but in no event later than twenty-four (24) hours after the contractor learns of the suspected breach or loss. If the contractor becomes aware of a data security breach or loss, it shall cooperate with MCPS regarding recovery, remediation, and the necessity to involve law enforcement, if any. The contractor shall be responsible for performing an analysis to determine the cause of the breach or loss, and for producing a remediation plan in consultation with MCPS. The contractor shall provide notice to MCPS within twenty-four (24) hours of notice or service on the contractor, whichever occurs first, of any lawsuits resulting from, or government investigations of, the contractor’s handling of the MCPS’ Confidential Information, failure to follow security requirements, and/or failure to safeguard any other confidential information. In addition to any other remedies available to MCPS, at law or in equity, the contractor will reimburse MCPS in full for all costs incurred by MCPS in investigating and remediating any security breach caused in whole or in part by the contractor or the contractor’s subcontractors.
The contractor shall use commercially reasonable efforts to mitigate any negative consequences caused to MCPS, or to a student, as the result of a security breach and to implement procedures to prevent the recurrence of a similar security breach.

**Disposal and Return of Confidential Information**

Except as specifically set forth by MCPS in writing, or as required by federal or state laws or regulations, upon the termination or expiration of the contract, or upon cessation or dissolution of the contractor’s business operations, the contractor shall:

a) Return all Confidential Information to MCPS;

b) Erase, destroy, or render unreadable all Confidential Information in a manner that prevents its physical reconstruction through the use of commonly available file restoration utilities;

c) Certify in writing that the actions set forth in this subsection have been completed on or before the agreed-upon deadlines set forth in any agreement entered into between the contractor and MCPS;

d) Ensure that any transfer/migration of Confidential Information uses facilities and methods that are compatible with the relevant systems of MCPS or its designated third party; and

e) To the extent technologically possible, ensure that MCPS will have access to the Confidential Information during any transfer of operations.

Nothing in this Article 15 shall supersede in any manner the contractor’s obligations or the obligations of its subcontractors, affiliates, or agents pursuant to all federal, state, and local laws, regulations, and ordinances applicable to the project including but not limited to the requirements listed above, or the provisions of the contract concerning the contractor’s obligations as a service provider to MCPS. Notwithstanding anything in the contract to the contrary, the provisions of this Article 15 shall survive the expiration or earlier termination of the contract.

**ARTICLE 16. DOCUMENTATION AND COPYRIGHT**

The contractor warrants that any materials provided by the contractor to MCPS are the sole and exclusive intellectual property of the contractor or that the contractor is licensed to use, reproduce, and distribute such materials. Notwithstanding the foregoing, collected data, analyses, and any analytical processes, programs, files, reports, and other publications developed as a contractual requirement are the sole property of MCPS. Programs shall be completely documented, including the file layout of tapes, disks, and so on.
MCPS may, at its sole discretion, waive title to any portion or to all data and analyses. MCPS has the sole right to copyright any process or program and may license its use by others for a fee or without charge.

ARTICLE 17. NOTICE OF DELAYS

Whenever the contractor has knowledge that any actual or potential situation, including, but not limited to, labor disputes is delaying or threatening to delay the timely performance of the work under this contract, the contractor shall immediately give written notice, including all relevant information, to the director of the Department of Materials Management.

ARTICLE 18. EXCUSABLE DELAYS

Except because of failures of subcontractors, the contractor shall not be considered to have failed in performance of this contract if such failure arises out of causes beyond the control and without the fault or negligence of the contractor. Such causes may include, but are not restricted to, acts of God or of the public enemy, acts of the government in its sovereign capacity, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, and unusually severe weather; but in every case, the failure to perform must be beyond the control and without the fault or negligence of the contractor. If the failure to perform is caused by the failure of a subcontractor to perform and if such failure arises out of causes beyond the control of both the contractor and subcontractor and without the fault or negligence of either of them, the contractor shall not be deemed to have failed in performance of this contract unless (a) the supplies or services to be furnished by the subcontractor were obtainable from other sources; and (b) the director of the Department of Materials Management shall have ordered the contractor in writing to procure such supplies or services from such other sources, and the contractor shall have failed to comply reasonably with such order. Upon request of the contractor, the director of the Department of Materials Management shall ascertain the facts and extent of such failure; and if he shall determine that any failure to perform was occasioned by any one or more of the said causes, the delivery schedule shall be revised accordingly, subject to the rights of MCPS to invoke the termination article of this contract. As used in this article, the terms "subcontractor" and "subcontractors" mean subcontractor(s) employed at any level of the work being performed.

ARTICLE 19. MCPS PROPERTY

The use of MCPS property must be approved in advance by the director of the Department of Materials Management. Title to property leased with a purchase option shall pass to MCPS even though the option date is later than the contract period. Any payments required to acquire title are a contract cost. If MCPS has
agreed to provide property owned by it, the following special provisions shall apply:

a) The amount of MCPS property to be furnished to the contractor may be increased or decreased by written direction of the superintendent of schools, and the contract price shall be adjusted to reflect the change pursuant to the stipulations of the “changes” article.

b) The contractor shall insure all MCPS property in their possession or control and shall be liable to MCPS for the fair market value of any damage or loss to MCPS property, aside from that incurred by normal wear and tear. The contractor shall maintain the property in operating condition, with the cost being chargeable to the contract.

c) All MCPS property shall be returned promptly upon completion of the contract or otherwise disposed of, as directed in writing by MCPS. All costs of shipment or disposal are a contract cost.

d) Unless specifically stated otherwise in writing, MCPS property may be used only for the performance of this contract.

e) Title to all MCPS property shall remain in the hands of MCPS at all times. Title to the property acquired by the contractor for use under the contract shall vest in MCPS upon delivery to the contractor.

f) Any dispute concerning interpretation of the provisions of this article shall be subject to the stipulations of the “Disputes” article.

ARTICLE 20. COVENANT AGAINST CONTINGENT FEES

The contractor warrants that no person or selling agency has been employed or retained to solicit or secure this contract upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee. For breach or violation of this warranty, MCPS shall have the right to annul this contract without liability or in its discretion to deduct from the contract price or consideration, or otherwise recover, the full amount of such commission, percentage, brokerage, or contingent fee.

ARTICLE 21. OFFICIALS NOT TO BENEFIT

No elected official or employee of Maryland, Montgomery County, or MCPS shall benefit from or receive any money as a result of this contract. Violation of this article will void the contract. The contractor shall pay MCPS any funds received by any official or employee, the contract will be terminated in accordance with ARTICLE 26, and MCPS shall seek appropriate legal remedy. This prohibition does not apply to contracts with an MCPS employee or elected official who contracted in their own name.

ARTICLE 22. EQUAL OPPORTUNITY

During the performance of this contract, the contractor agrees as follows:
a) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin. The contractor will take affirmative action to ensure that applicants are employed and that employees are treated during employment without regard to their race, color, sex, or national origin. Such action shall include, but not be limited to, employment, grade improvement, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices of the provisions of this Equal Opportunity clause.

b) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, creed, color, sex, or national origin.

c) The contractor will send to each labor union, or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice advising the labor union or workers' representative of the contractor's commitment under this Equal Opportunity clause and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

ARTICLE 23. COMPLIANCE WITH LOCAL LAWS

The contractor shall comply with all applicable laws, ordinances, and codes of Maryland and Montgomery County, as well as all applicable policies of the Board of Education and MCPS regulations issued by the superintendent of schools. Board of Education policies and MCPS regulations are available at this link: http://www.montgomeryschoolsmd.org/departments/policy/.

ARTICLE 24. CHANGES

The director of the Department of Materials Management may, at any time, by a written order and without notice to the sureties make changes within the general scope of the contract in any one or more of the following: a) specifications or statement of work and b) place of performance or delivery. If any such changes cause an increase or decrease in the cost of or the time required for the performance of this contract, whether changed or not changed by any such order, an equitable adjustment shall be made a) in the contract price or time of performance or both and b) in such other provisions of the contract as may be so affected; and the contract shall be modified in writing accordingly. Any claim by the contractor for adjustment under this article must be asserted within 30 days from the date of receipt by the contractor of the notification of change, provided, however, that if the director of the Department of Materials Management decides that the facts justify such action, the director may receive
and act upon any such claim asserted at any time prior to final payment under this contract. Failure to agree to any adjustment shall be a dispute concerning a question of fact within the meaning of the clause of this contract entitled "Disputes." However, nothing in this article shall excuse the contractor from proceeding with the contract as changed.

ARTICLE 25. DISPUTES

a) Any dispute concerning a question of fact arising under this contract shall be disposed of by written agreement between the contractor and the contracting officer. Pending final decision of a dispute hereunder, the contractor shall proceed diligently with the contract performance.

b) This "Disputes" clause does not preclude consideration of law questions in connection with decisions provided for in Paragraph a) above, provided that nothing in this contract shall be construed as making final the decision of any administrative official, representative, or board on a question of law.

ARTICLE 26. TERMINATION FOR DEFAULT OR FOR CONVENIENCE OF MCPS

a) The performance of work under the contract may be terminated by MCPS in accordance with this article in whole or, from time to time, in part:

(1) Whenever the contractor shall default in performance of this contract in accordance with its terms (including in the term "default" any such failure by the contractor to make progress in the prosecution of the work that would endanger such performance) and shall fail to cure such default within a period of ten days (or such longer period as the director of the Department of Materials Management may allow) after receipt from the superintendent of schools of a notice specifying the default;

(2) Whenever a "Bankruptcy Event" has occurred with respect to the contractor. A Bankruptcy Event means that either:

(a) the contractor has: (A) applied for or consented to the appointment of, or the taking of possession by, a receiver, custodian, trustee or liquidator of itself or of all or a substantial part of its property; (B) admitted in writing its inability, or be generally unable, to pay its debts as such debts become due; (C) made a general assignment for the benefit of its creditors; (D) commenced a voluntary case under any bankruptcy law; (E) filed a petition seeking to take advantage of any other law relating to bankruptcy, insolvency, reorganization, winding up, or composition or readjustment of debts; (F) failed to controvert in a timely and appropriate manner, or acquiesced in writing to, any petition filed
against the contractor in an involuntary case under any bankruptcy law; or (G) taken any corporate or other action for the purpose of effecting any of the foregoing; or

(b) a proceeding or case has been commenced without the application or consent of the contractor in any court of competent jurisdiction seeking (A) its liquidation, reorganization, dissolution or winding-up or the composition or readjustment of debts or, (B) the appointment of a trustee, receiver, custodian, liquidator or the like of the contractor under any bankruptcy law, and such proceeding or case has continued undefended, or any order, judgment or decree approving or ordering any of the foregoing shall be entered and continue unstayed and in effect for a period of sixty (60) days; or

(3) Whenever for any reason the Board of Education shall determine that such termination is in the best interest of MCPS.

Any such termination shall be effected by delivery to the contractor of a Notice of Termination specifying whether termination is for the default of the contractor or for the convenience of MCPS, the extent to which performance of work under the contract is terminated, and the date upon which such termination becomes effective. If after notice of termination of this contract for default under (1) above and if it is determined for any reason that the contractor was not in default pursuant to (1) or that the contractor's failure to perform or to make progress in performance is due to causes beyond the control and without the fault or negligence of the contractor pursuant to the provisions of the clause of this contract relating to excusable delays, the Notice of Termination shall be deemed to have been issued under (3) above; and the rights and obligations of the parties shall in such event be governed accordingly.

b) After receipt of a Notice of Termination and except as otherwise directed by the contracting office, the contractor shall:

(1) Stop work under the contract on the date and to the extent specified by the Notice of Termination
(2) Place no further orders or subcontracts for materials, services, or facilities, except as may be necessary for completion of such portion of the work under the contract as it is not terminated
(3) Terminate all orders and subcontracts to the extent that they relate to the performance of work terminated by the Notice of Termination
(4) Assign to MCPS in the manner and to the extent directed by the director of the Department of Materials Management all of the rights, title, and interest of the contractor under the orders or subcontracts so terminated, in which case MCPS shall have the
right, in its discretion, to settle or pay any or all claims arising out of the termination of such orders and subcontracts.

(5) With the approval or ratification of the superintendent of schools, to the extent he may require, which approval or ratification shall be final and conclusive for all purposes of this clause, settle all outstanding liabilities and all claims arising out of such termination of orders and subcontracts, the cost of which would be reimbursable in whole or in part in accordance with the provisions of this contract.

(6) Transfer title to MCPS (to the extent that title has not already been transferred) and deliver in the manner, at the times, and to the extent directed by the director of the Department of Materials Management (a) the work in process, completed work, supplies, and other materials produced as a part of, or acquired in respect of the performance of, the work terminated by the Notice of Termination and (b) the completed or partially completed plans, information, and other property which, if the contract had been completed, would be required to be furnished to MCPS.

(7) Complete performance of such part of the work as shall not have been terminated by the Notice of Termination.

(8) Take such action as may be necessary, or as the director of the Department of Materials Management may direct, for the protection and preservation of the property related to this contract which is in the possession of the contractor and in which MCPS has or may acquire an interest.

The contractor shall proceed immediately with the performance of the above obligations despite any delay in determining or adjusting the amount of the fee, or any item of reimbursable cost, under this clause.

c) After receipt of a Notice of Termination, the contractor shall submit to the director of the Department of Materials Management their termination claim in the form and with the certification prescribed by the director. The claim shall be submitted promptly but in no event later than 90 days from the effective date of termination, unless one or more extensions in writing are granted by the director of the Department of Materials Management. Upon request of the contractor to submit their termination claim within the time allowed, the superintendent of schools may, subject to any review required by MCPS procedures in effect as of the date of execution of this contract, determine, on the basis of information available to them, the amount, if any, due to the contractor by reason of the termination and shall thereupon pay to the contractor the amount so determined.

d) Subject to the provisions of Paragraph c) and subject to any review required by MCPS procedures in effect as of the date of execution of this contract, the contractor and the superintendent of schools may agree upon the whole or any part of the amount or amounts to be paid (including an
allowance for the fee) to the contractor by reason of the total or partial termination of work pursuant to this clause. The contract shall be amended accordingly, and the contractor shall be paid the agreed amount.

e) If the contractor and the superintendent of schools fail to agree in whole or in part, as provided in Paragraph d), as to the amounts with respect to costs and fee or as to the amount of the fee to be paid to the contractor in connection with the termination of work pursuant to this article, the superintendent of schools shall, subject to any review required by MCPS procedures in effect as of the date of execution of this contract, determine, on the basis of information available to him, the amount, if any, due to the contractor by reason of the termination and shall pay to the contractor the amount determined as follows:

(1) If the settlement includes cost and fee:

(a) There shall be included all costs and expenses reimbursable in accordance with this contract not previously paid to the contractor for the performance of this contract prior to the effective date of the Notice of Termination and such of these costs as may continue for a reasonable time thereafter with the approval of or as directed by the superintendent of schools, provided, however, that the contractor shall proceed as rapidly as practicable to discontinue such costs.

(b) There shall be included so far as not included under (a) above the cost of settling and paying claims arising out of the termination of work under subcontracts or orders as provided in Paragraph b) (5) above, which are properly chargeable to the terminated portion of the contract.

(c) There shall be included the reasonable costs of settlement including accounting, legal, clerical, and other expenses reasonably necessary for the preparation of settlement claims and supporting data with respect to the terminated portion of the contract and for the termination and settlement of subcontracts thereunder, together with reasonable storage, transportation, and other costs incurred in connection with the protection or disposition of termination inventory, provided, however, that if the termination is for default of the contract, there shall not be included any amounts for the preparation of the contractor's settlement proposal.

(d) There shall be included a portion of the fee payable under the contract determined as follows: (I) If this contract is terminated for the convenience of MCPS and not for the default of the contractor, a percentage of the fee equivalent to the percentage of the completion of the work contemplated by the contract, less fee payments previously made, shall be paid. (ii) If this contract is terminated for the default of the
contractor, the total fee payable shall be such a proportionate part of the fee (or, if this contract calls for services of different types, of such part of the fee as is reasonably allowable to the type of service under consideration) as the total amount of service delivered to and accepted by MCPS bears to the total amount of services of a like kind called for by this contract. If the amount determined under this Subparagraph (1) is less than the total payment made to the contractor, the contractor shall repay the excess amount.

(2) If the settlement includes only the fee, the amount will be determined in accordance with Subparagraph (1) (d) above.

f) The contractor shall have the right of appeal, under the article of this contract entitled “Disputes,” of any determination made by the superintendent of schools under Paragraphs c) and e) above, except that if the contractor has failed to submit their claim within the time provided in Paragraph c) above and has failed to request extension of such time, they shall have no such right of appeal. In any case where the superintendent of schools has made a determination of the amount due under Paragraph c) or e) above, MCPS shall pay to the contractor (1) if there is no right of appeal hereunder or if no timely appeal has been taken, the amount so determined by the superintendent of schools or (2) if an appeal has been taken, the amount finally determined on such appeal.

g) If a partial termination is made, the portion of the fee which is payable with respect to the work under the continued portion of the contract shall be equitably adjusted by agreement between the contractor and the superintendent of schools; and such adjustment shall be shown by an amendment to this contract.

MCPS may from time to time, under such terms and conditions as it may prescribe, make partial payments and payments on account against costs incurred by the contractor in connection with the terminated portion of the contract whenever the aggregate of such payments shall be within the amount to which the contractor will be entitled. If the total of such payments is in excess of the amount finally determined to be due under this article, such excess shall be payable by the contractor to MCPS upon demand, together with interest computed yearly at the rate of nine percent (9%) from the date such excess payment is received by the contractor to the date on which such excess is repaid to MCPS. The provisions of this article relating to the fee shall be inapplicable if this contract does not provide for payment of a fee.

ARTICLE 27 ORDER OF PRECEDENCE
If any conflict in the interpretation of the requirements of this contract occurs, these general contracting articles shall govern, unless otherwise stated in the contract and as expressly agreed to by the parties in writing.

**ARTICLE 28 SEVERABILITY**

Should any portion of the contract be found illegal the remainder shall remain in full force and effect and shall be binding on both parties.

**ARTICLE 29 BID PERFORMANCE BOND (not required)**

With the proposal, each bid must be accompanied by an approved bid bond from a surety company acceptable to the Owner, or by a certified or cashier's check executed in favor of the Owner for not less than five percent (5%) of the total amount.

The bid bond shall be returned to all except the successful bidder within five (5) days after awards have been made. The bid security of the successful bidder(s) will be returned upon receipt of the performance bond.

**ARTICLE 30 PERFORMANCE BOND (not required)**

No contract shall exist until MCPS receives a duly executed Performance Bond prepared on an approved form in the amount of one hundred percent (100%) of the contract, made payable to MCPS as security for the faithful performance of the contract and having as surety thereon such surety company or companies as are acceptable to MCPS and as are authorized to transact business in the State of Maryland. In the event the Performance Bond is not delivered within ten (10) days of Notice of Award then the offer may be ruled null and void and the award shall be made to the next lowest responsive Offeror.

**ARTICLE 31 NONAPPROPRIATION OF FUNDS**

(a) In the event sufficient funds are not appropriated for the payment of all payments required to be paid hereunder, and MCPS has no funds legally available for payments from other sources, then MCPS may terminate this contract at the end of the original term or the then current extension term, as the case may be, without penalty or expense to MCPS of any kind whatsoever, and MCPS shall not be obligated to make payment provided for in the contract beyond the then current term. MCPS agrees to deliver notice to the contractor of such termination at least thirty (30) days prior to the end of the then current fiscal year.

(b) If this contract is terminated under this provision and to the extent lawful, MCPS covenants that it will not, until the date on which the original term or the next succeeding renewal term would have ended, expend, or commit
any funds for the purchase or use of services to be used for the same purpose as, or a purpose functionally equivalent to, those under the contract. Notwithstanding anything in this contract to the contrary, the provisions of this subpart shall survive termination of the contract.

ARTICLE 32. INDEPENDENT CONTRACTOR

The parties agree that the contractor is an independent contractor under this contract and will in no way be considered to be an agent, partner, joint venture or employee of MCPS. Accordingly, the contractor will not be entitled to any benefits, coverage, or other privileges made available to employees of MCPS. As an independent contractor, the contractor shall be solely responsible for any insurance protecting it and its employees, including but not limited to general comprehensive liability, worker’s compensation, and business automobile insurance.

ARTICLE 33. INDEMNIFICATION AND INSURANCE

The contractor is responsible for any loss, personal injury, death, and any other damage (including incidental and consequential) that may be done or suffered by reason of, or occasioned wholly or in part by, its negligence, or any act, omission, or failure to perform any obligations under this contract. The contractor must indemnify and hold MCPS harmless from any loss, cost, damage and other expenses, including attorney’s fees and litigation expenses, suffered or incurred due to the contractor’s negligence, its performance or failure to perform any of its obligations under this contract, or its violation of any applicable legal requirement. In case any action or proceeding is brought against MCPS by reason of the foregoing, the contractor must reimburse MCPS the cost of defending such action or proceedings, or upon MCPS’ written demand and at the contractor’s sole cost and expense, the contractor must defend such action and proceeding by counsel approved by MCPS. The negligence of any agent, subcontractor or employee of the contractor is deemed to be the negligence of the contractor. For the purposes of this paragraph, MCPS includes MCPS doing business on behalf of the Board of Education, the Board of Education, and its officers, officials, agents, and employees. Nothing herein or any other provision of this contract shall be construed to abrogate, impair, or waive any defense, liability or damages limitation, or governmental immunity of MCPS pursuant to Maryland law, or otherwise. This provision shall survive termination or expiration of the contract.

The contractor shall be solely responsible for any insurance, including, but not limited to general comprehensive liability, worker’s compensation, professional liability insurance, and business automobile insurance. The contractor agrees to provide certificates of insurance verifying the following coverage:
(a) Comprehensive General Liability Insurance: Liability limits of not less than One Million Dollars ($1,000,000.00) per occurrence for claims arising out of bodily injuries or death, and property damages, subject to a minimum limit of Three Million Dollars ($3,000,000.00) aggregate. Such insurance shall include contractual liability insurance.

(b) Comprehensive Business Automobile Liability Insurance: Liability limits of not less than One Million Dollars ($1,000,000.00) per occurrence for all claims arising out of bodily injuries or death and property damages. The insurance shall apply to any owned, non-owned, leased, or hired automobiles used in the performance of the contract.

(c) Worker’s Compensation Insurance: Statutory coverage, including employer’s liability coverage with a limit of at least One Hundred Thousand Dollars ($100,000.00), as well as any similar coverage required for this work by applicable Federal or “other states” state law.

(d) Professional Liability, Errors, and Omissions Insurance: Liability limit of not less than One Million Dollars ($1,000,000.00) in the event the service delivered pursuant to the contract, either directly or indirectly, involves or requires professional services. “Professional Services” for the purpose of the contract shall mean any services provided by a licensed, certified, or otherwise documented professional.

MCPS doing business on behalf of the Board of Education, the Board of Education, and its elected/appointed officials, employees, departments, agencies, and agents shall be covered by endorsement, as additional insureds with respect to liability arising out of activities performed or to be performed by or on behalf of the contractor in connection with the contract.

The contractor’s insurance shall apply separately to each insured against whom a claim is made and/or a lawsuit brought.

Insurance is to be placed with insurers with a Best’s rating of no less than A:VII, or if not rated with Best’s, with a minimum surpluses the equivalent of Bests’ surplus size VII and must be licensed/approved to do business in the State of Maryland.

Certificates of Insurance: The contractor shall provide MCPS with certificates of insurance within ten (10) days of execution of the contract evidencing the coverages required above. The certificates shall confirm that MCPS has been made an additional insured under the respective insurance policies. The certificates of insurance shall provide that MCPS shall be given at least forty-five (45) days’ prior written notice of any cancellation of, intention not to renew, or material change in such coverage. There will be an exception for non-payment of premium, which is ten (10) days’ notice of cancellation.
The contractor must provide the certificates of insurance before commencing the work covered by this contract.

Failure to provide and continue in force such insurance as required above shall be deemed a material breach of the contract and shall operate as an immediate termination.

The contractor’s insurance coverage shall be primary. Any insurance and/or self-insured program maintained by the Board of Education or MCPS and their respective elected/appointed officials, employees, departments, agencies, and agents shall not contribute with the contractor’s insurance or benefit the contractor in any way.

Failure to obtain insurance coverage as required, or failure to furnish certificates of insurance as required, may render the contract null and void; provided, however, that no act of omission of the Board of Education or MCPS shall in any way limit, modify, or affect the obligations of the contractor under any provision of the contract.

ARTICLE 34. GOVERNING LAW

This contract shall be governed by and construed in accordance with the laws of the State of Maryland, without regard to conflicts of laws provisions. Sole and exclusive jurisdiction for any action or proceedings arising out of or related to this contract shall be in an appropriate state or federal court located in the State of Maryland.

ARTICLE 35. OBLIGATIONS REGARDING CRIMINAL RECORDS OF INDIVIDUALS ASSIGNED TO WORK IN MCPS FACILITIES

1. Prohibition against assigning registered sex offenders and individuals convicted of sexual offenses, child sexual abuse, and other crimes of violence to MCPS contracts:

Maryland Law requires that any person who enters into a contract with a county board of education “may not knowingly employ an individual to work at a school” if the individual is a registered sex offender. Under § 11-722 of the Criminal Procedure Article of the Maryland Code, an employer who violates this requirement is guilty of a misdemeanor and, if convicted, may be subject to up to five years imprisonment and/or a $5,000 fine.

Effective July 1, 2015, amendments to § 6-113 of the Education Article of the Maryland Code further require that a contractor or subcontractor for a local school system may not knowingly assign an employee to work on school premises with direct, unsupervised, and uncontrolled access to children, if the employee has been convicted of, or pled guilty or nolo
contendere to, a crime involving:

a. A sexual offense in the third or fourth degree under § 3–307 or § 3–308 of the Criminal Law Article of the Maryland Code or an offense under the laws of another state that would constitute an offense under § 3–307 or § 3–308 of the Criminal Law Article if committed in Maryland;

b. Child sexual abuse under § 3-602 of the Criminal Law Article, or an offense under the laws of another state that would constitute child sexual abuse under § 3-602 of the Criminal Law Article if committed in Maryland; or

c. A crime of violence as defined in § 14–101 of the Criminal Law Article, or an offense under the laws of another state that would be a violation of § 14–101 of the Criminal Law Article if committed in Maryland, including: (1) abduction; (2) arson in the first degree; (3) kidnapping; (4) manslaughter, except involuntary manslaughter; (5) mayhem; (6) maiming; (7) murder; (8) rape; (9) robbery; (10) carjacking; (11) armed carjacking; (12) sexual offense in the first degree; (13) sexual offense in the second degree; (14) use of a handgun in the commission of a felony or other crime of violence; (15) child abuse in the first degree; (16) sexual abuse of a minor; (17) an attempt to commit any of the crimes described in items (1) through (16) of this list; (18) continuing course of conduct with a child under § 3-315 of the Criminal Law Article; (19) assault in the first degree; (20) assault with intent to murder; (21) assault with intent to rape; (22) assault with intent to rob; (23) assault with intent to commit a sexual offense in the first degree; and (24) assault with intent to commit a sexual offense in the second degree.

Each contractor is required to submit, following award of a contract, documentation confirming that its direct employees and those of any subcontractors and/or independent contractors assigned to perform work in a MCPS school facility under the contract meet this obligation. Additionally, the contractor must confirm that it continues to meet this obligation on an annual basis and/or when there are changes in the workforce that the contractor and/or its subcontractors use to perform the work required by the contract.

Violation of this provision is a material breach of contract for which MCPS may take appropriate action up to and including termination of the contract.

2. Required criminal background check process for certain individuals in the contractor’s workforce:
Under recent amendments to § 5-551 of the Family Law Article of the Maryland Code, each contractor and subcontractor shall require that any individuals in its workforce must undergo a criminal background check, including fingerprinting, if the individuals will work in a MCPS school facility in circumstances where they have direct, unsupervised, and uncontrolled access to children. The term “workforce” in this and the preceding section refers to all of the contractor’s direct employees, subcontractors and their employees, and/or independent contractors and their employees that the contractor uses to perform the work required by the contract.

Fingerprinting for the criminal background check may be performed by the MCPS Office of Human Resources and Development, 45 W. Gude Drive, Rockville, MD 20850, or through another service approved by MCPS. Individuals fingerprinted by MCPS will be required to provide written consent, and MCPS will maintain copies of all records for criminal background checks performed by MCPS. If the contractor uses another service approved by MCPS, the results of the criminal background check must be provided to MCPS for record keeping. A list of MCPS approved fingerprinting agencies can be found on the Procurement Unit website at http://www.montgomeryschoolsmd.org/departments/procurement.

The contractor must take appropriate steps to promptly follow up on information identified in the criminal background check related to the sexual offenses, child sexual abuse offenses, and crimes of violence enumerated above, as well as any information regarding offenses involving distribution of drugs or other controlled substances, or any other criminal information identified by MCPS as warranting further explanation insofar as it may significantly affect the safety and security of MCPS students. If, after following up, the contractor believes that the individual is qualified and should be assigned to work (or continue to work) in a MCPS school facility, then the contractor will provide a written summary to MCPS justifying its recommendation. MCPS will rely on the contractor’s summary to determine whether to accept the contractor’s recommendation, and the contractor will be responsible for any consequences of a material misrepresentation in its written summary.

Once the contract is awarded, the contractor is responsible for implementing the background check process. An individual in the contractor’s workforce may not begin work in a MCPS school facility on an assignment where the individual will have direct, unsupervised, and uncontrolled access to children, until: (a) the background check results for that individual have been received by MCPS; (b) the contractor certifies to MCPS that the individual has received training and/or reviewed informational materials, as appropriate, regarding recognizing, reporting, and preventing child abuse and neglect, consistent with the content provided in training for MCPS.
employees; and (c) the individual obtains a MCPS identification badge. The badge will be issued by the MCPS Department of Safety and Security, 850 Hungerford Drive, Room 131, Rockville, MD 20850. Appointments are made by calling 301-279-3066. The contractor will be required to return all badges at the conclusion of the contract.

The criminal background check and badging process will be at the contractor’s expense.

Violation of this provision is a material breach of contract for which MCPS may take appropriate action up to and including termination of the contract.

ARTICLE 36. ENTIRE CONTRACT

The contract, including any contract documents duly executed by the parties at the commencement of the contract, is binding between the parties and constitutes the entire understanding between the parties regarding the subject matter of the contract and supersedes all prior or contemporaneous statements, understandings and contracts, whether oral or written, between the parties with respect to the subject matter of this contract. Any changes and additions hereto shall not become binding upon any party unless they are incorporated into a written contract amendment signed by both parties.

ARTICLE 37. ASSIGNMENT

The contractor shall not voluntarily or by operation of law, assign, or otherwise transfer, convey, or delegate, in whole or in part, its rights or obligations under this contract to any other entity or to any subsidiary of the contractor, without prior written consent from MCPS. Any attempted assignment, transfer, conveyance, or delegation without consent shall be void.

ARTICLE 38. RESPONSIBILITY FOR PAYMENT OF TAXES

The contractor shall be responsible for all federal and/or state tax, and Social Security liability that may result from the performance of and compensation for these services. MCPS assumes no responsibility for the payment of any compensation, wages, benefits, or taxes by, or on behalf of the contractor, its employees, and/or others by reason of the contract. The contractor shall defend, indemnify, and save harmless MCPS from and against any claims, costs, and/or losses whatsoever occurring or resulting from: (a) the contractor’s failure to pay any such compensation, wages, benefits, or taxes; and/or (b) the supplying to the contractor of work, services, materials, or supplies in connection with or in support of the performance of the contract.
