In order to most effectively find the products that are **eligible for purchase under this contract**, we recommend that educators access these catalogs online using the following link: <https://shop.scholastic.com/> (This link takes you to the *Scholastic Teacher Store* Home page.)

Once on the site, choose "eCatalog" from the left menu bar, and then choose either "*Teacher Resources*" or "*Education*" from the list of catalogs, listed in the white box. This will take you to the electronic version of the catalog. At the top right of the catalog you will find a *CONTENTS* menu in the light gray header. A dropdown menu will allow you to access product descriptions and pricing. You will be able to create a shopping list by clicking on the ISBN number and adding it to your "cart" in order to purchase. If the District or individual teacher does not have an account, one will need to be created to process the order.

NOTE: It is important to use the *CONTENTS* menu when browsing. **DO NOT** use the various search options in white directly below the blue tool bar as not all items/products listed in these options are covered under this contract. **Please place your order through the eCatalog, not the Teacher Store.
