

Help us improve transportation in the Baltimore region for you, your family, and your community

The Baltimore Regional Transportation Board (BRTB) is accepting project ideas from individuals and organizations as part of its effort to develop *Maximize 2040: A Performance-Based Transportation Plan*.

It's easy to share your ideas...

1 Add your idea to our online map at maximize2040.com

2 Share your ideas using our public project ideas comment form

Download a comment form at maximize2040.com and send it back to us by email to comments@baltometro.org, by fax to 410-732-8248, or by mail to: The Baltimore Regional Transportation Board Offices @ McHenry Row, 1500 Whetstone Way, Ste 300, Baltimore, MD 21230.

3 Send us a tweet!

Tell us your transportation project ideas

by December 9, 2014

We're creating the next long-range transportation plan for the Baltimore region – *Maximize2040*.

This process will help local government and state agencies choose what projects to undertake by listing the major transportation projects that will receive federal funding in the years 2020-2040.

What big ideas to you have?

- ★ Add a bicycle trail or walking path in your community
- ★ Construct a new bridge or interchange
- ★ Build a new highway
- ★ Add a new transit line
- ★ Create a new transit station
- ★ Install a new bicycle lane on a local road
- ★ Increase the number of lanes on a highway

How the BRTB will use your ideas

The BRTB will consider all ideas and will share the list with the public. BRTB members will receive a listing of all public project ideas by the end of 2014. In early 2015, the BRTB members will then conduct a process to identify the projects for inclusion in *Maximize2040*. The BRTB will share with the public a draft list of projects, as well as a final draft plan, in 2015.

Your ideas about smaller-scale improvements (sidewalk improvements, bike racks, bus stops, etc.) can be added using the 'Other' category will also be shared with decision-makers so they know that, even though your project may be outside the scope of the *Maximize2040* regional plan, you think it's a worthwhile idea.

Many of the projects that will be included in *Maximize2040* are already included in other state and local transportation plans. For example, the County Priority Letters sent to the Maryland Department of Transportation each year include many of them.
